NOTE A - DESCRIPTION OF THE PLAN

Quality Sausage Company LLC (the "Company") adopted the Quality Sausage Company LLC 401(k) Defined Contribution Plan (the "Plan") effective September 1, 1990. The purpose of the Plan is to provide retirement benefits for all eligible employees of the Company. The following description provides only general information. Participants should refer to the Plan agreement for a more complete explanation of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan is administered by the Company. Principal Trust Company ("Principal") serves as the trustee.

Eligibility

Any employee of the Company who has completed six months of service is eligible to participate in the Plan.

Contributions

Employees can make pre-tax elective deferral contributions up to a maximum of 100% of compensation. The first 2% of deferrals is matched 100% and the next 5% is matched 50% by the Company. Discretionary employer contributions are made as determined by the Company. Only those participants who are active participants as of the last day of the Plan year or who died, retired or became disabled during the Plan year are eligible to receive an allocation of discretionary employer contributions. During 2020, the Company made no discretionary employer contributions. Participants are also allowed to make voluntary after-tax contributions; however, a participant's total voluntary pre-tax and after-tax contributions to the Plan may not exceed 20% of eligible compensation.

All employees are automatically enrolled to defer 6% of their pay as of the date they enter the Plan, unless the employee chose to defer a different percentage or elected not to defer. If they did not choose a different percentage (including zero), the percentage will also be automatically increased each first day of the Plan year by 1% up to a maximum percentage of 10%.

Vesting

All employee contributions and earnings thereon are fully vested to the participants at all times. Participants' vesting percentages in the Company's contributions are 33⅓% after 18 months of service, 66 ⅔% after 30 months of service, and 100% after 36 months of service. Participants become fully vested in their account balance upon disability, death, involuntary termination (other than for cause) or attainment of age 59½.

Payment of Benefits

Participants are eligible to receive the vested portion of their account balance upon separation of service, death, disability, attainment of age 59½ or termination of the Plan. Payment may be made in the form of a lump sum or equal installments over a period of time elected by the participant. Participants' voluntary after-tax contributions may be distributed to participants at any time. Hardship distributions are allowed from a participant's vested account balance in certain circumstances.

Notes Receivable from Participants

Participants are entitled to obtain loans from their balances in the Plan. Loan limitations are subject to Internal Revenue Service ("IRS") regulations as well as the Plan's policy that loans may be for a minimum of $500 and a maximum of the lesser of 50% of the participant's vested Plan benefits or $50,000. The loans are secured by the balance in the participant's account. Participants are limited to having two loans granted during any calendar year; however, a participant may refinance an existing loan for the purpose of combining it with a new loan. The duration of the loan is not to exceed five years. The loan must bear a fixed rate of interest that the Plan administrator deems commercially reasonable. Outstanding loans at December 31, 2020 had interest rates ranging from 4.25% to 6.50%. Principal and interest payments are credited to participants' accounts through payroll deductions (when applicable) not less frequently than quarterly.

Plan Expenses and Forfeitures

Administrative and trustee expenses of the Plan are paid partially with forfeitures of non-vested company contributions. Any excess of forfeitures over administrative and trustee expenses shall be applied to reduce the earliest employer contributions made after the forfeitures are determined. In 2020, $340 in forfeitures were used to reduce Plan expenses. At December 31, 2020 and 2019, no available forfeitures remained.

Participant Accounts

Each participant's account is credited with the participant's pre-tax and after-tax contributions, an allocation of the Company's contributions and an allocation of the Plan's earnings, losses and forfeitures, if any. Plan earnings and losses are allocated to participant accounts based on the ratio of each participant's account in each investment fund to the total of all participants' accounts in each investment fund. All employer and participant contributions are invested under the direction of the participant.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value investments.

Changes of Plan Due to the Coronavirus Aid, Relief, and Economic Security Act

In March 2020, the World Health Organization declared the outbreak of a novel strain of coronavirus, COVID-19, a global pandemic. On March 27, 2020, the U.S. Congress signed the Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES Act, which took immediate effect and contains several provisions that temporarily impact 401(k) plans. Plan Management elected to adopt the following provisions:

- On or after March 27, 2020, and before December 31, 2020, any qualified individual, as defined in the CARES Act, was permitted to request a distribution from his or her vested account in the Plan, up to a maximum of $100,000. Active employees who receive a coronavirus-related distribution from the Plan may repay all or any portion of the distribution to the Plan within the three-year period beginning on the date after the distribution.

- Qualified individuals with outstanding loans on or after March 27, 2020, were permitted to request that their loan payments through December 31, 2020, be deferred through December 31, 2020. Where payments were deferred, the loan was re-amortized in January 2021 to reflect interest

accrued during the delay, and payments recommenced for the remainder of the loan period, plus one year.

- Required minimum distributions required for the 2020 year are temporarily waived.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

All of the Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurements.

The Plan invests in the Principal Fixed Income Guarantee Option (the “Contract”), a benefit responsive-group annuity contract issued by Principal. The Contract is a single-group annuity contract with a fixed rate of interest. The Contract is valued at contract value.

Net appreciation/depreciation in fair value of investments consists of realized gains and losses and the change in unrealized gains and losses in the Plan’s investments. Realized gains and losses from the sale of investments are computed using the participant’s cost basis in the investment aggregated at the Plan level. Net changes in unrealized appreciation/depreciation in investments represents the difference between the fair value of investments held at year-end and the cost of investments purchased in the current fiscal year or the fair value of investments held at the end of the preceding year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”) requires the Plan’s management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Payments of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as deemed distributions, and included in benefits paid to participants, based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

NOTE C - RISKS AND UNCERTAINTIES

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE D - TAX STATUS

The IRS has determined and informed the Company by letter dated August 8, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Company and Plan administrator believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE E - TERMINATION OF THE PLAN

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE F - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value and contract value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019;
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020; and
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE G - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of shares held by the Plan at year end. The NAV, as provided by Principal, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

Collective investment trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by Principal, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 539,443	$ -	$ -	$ 539,443
Total investments measured, at fair value	$ 539,443	$ -	$ -	539,443
Investments measured at NAV				9,623,720
Total investments, at fair value				$10,163,163

	December 31, 2019*			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,157,263	$ -	$ -	$ 1,157,263
Total investments measured, at fair value	$ 1,157,263	$ -	$ -	1,157,263
Investments measured at NAV				11,513,724
Total investments, at fair value				$12,670,987

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019, respectively.

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trusts	$ 6,711,670	None	Daily	None
Pooled separate accounts	$ 2,912,050	None	Daily	None

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trusts	$ 7,552,170	None	Daily	None
Pooled separate accounts	$ 3,961,554	None	Daily	None

* The 2019 financial statements previously reported the pooled separate accounts in the fair value hierarchy table as level 2 investments; however, Plan management has determined that these pooled separate accounts should be reported valued using as having used NAV as a practical expedient to estimate fair value. Accordingly, Plan management has removed the pooled separate accounts from the fair value leveling table (Level 2 classification) and has included these amounts in the investments measured using NAV as a practical expedient for 2019.

NOTE H - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is a relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Investments at contract value were valued at $4,986,106 and $3,422,374 for the years ended December 31, 2020 and 2019, respectively.

The investment contract held by the Plan is a guaranteed interest account. The objective of the account is to provide a stated rate of return that insulates the account from daily market fluctuations.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC 66;
- Premature termination of the contracts;
- Plan termination or merger; and
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events might allow an issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines;
- A breach of material obligation under the contract;
- A material misrepresentation; and
- A material amendment to the agreements without the consent of the issuer.

NOTE I - EXCESS CONTRIBUTIONS PAYABLE

For the years ended December 31, 2020 and 2019, certain Plan participants exceeded the maximum IRS pre-tax contribution limit by a total of $109,243 and $89,817, respectively. These amounts are reported as liabilities of the Plan as of December 31, 2020 and 2019, respectively, and were remitted back to the Plan participants by March 15 of the subsequent year.

NOTE J - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of pooled separate accounts, common collective trusts, and a fixed income guaranteed option managed by Principal or an affiliate of Principal. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. No fees were paid by the Plan for investment management services for the year ended December 31, 2020. Notes receivable from participants are considered party-in-interest transactions because they are transacted with Plan participants and are exempt.

NOTE K - RECONCILIATIONS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019, to Form 5500:

	2020	2019
Net assets available for benefits per the financial statements	$ 15,348,348	$ 16,398,460
Refunds payable to participants	109,243	89,817
Net assets available for benefits per the Form 5500	$ 15,457,591	$ 16,488,277

The following is a reconciliation of participant contributions, which includes an offset of corrective distributions paid to participants per the financial statements for the year ended December 31, 2020, to Form 5500 total participant contributions.

Total participant contributions per the financial statements	$ 610,986
Change in distributions payable to participants at December 31, 2020	19,426
Total participant contributions per the Form 5500	$ 630,412

NOTE L – SUBSEQUENT EVENTS

The Plan evaluated events subsequent to December 31, 2020, and through October 15, 2021, the date on which the financial statements were available to be issued, and determined no such events were identified for disclosure in the financial statements.
