DESCRIPTION OF PLAN

The following description of the TSL 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Tradition Management, LLC (the "Sponsor" or "Company") and was adopted effective January 1, 2017. The Plan is a defined contribution plan covering all full-time employees of the Company who have at least two months of service and are age twenty-one or older.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan established Reliance Trust Company as the Plan Trustee and record keeper.

COVID-19

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic has resulted in global disruptions which have caused economic uncertainty and significant volatility in financial markets. The duration of the economic uncertainty and market volatility caused by the pandemic continues and its effect on the Plan's net assets available for benefits and change in net assets available for benefits are uncertain and cannot be reasonably estimated as of the date of the audit report.

On March 27, 2020, the Coronavirus Aid Relief and Economic Security ("CARES") Act was enacted and signed into law. The provisions of the CARES Act were effective and operationalized immediately, prior to amending the Plan document. The Plan is operating under the provisions included in the CARES Act which allow qualified participants to receive coronavirus-related distributions without penalty. Additionally, required minimum distributions in 2020 were delayed by one year, but could have been received at the request of a participant.

DESCRIPTION OF PLAN (CONTINUED)

Contributions

Participants may elect to contribute up to 100% of pre-tax annual compensation as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also designate some of their contributions as after-tax contributions to a Roth 401(k) option. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Company matching contributions and additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested at the direction of the participant. Participants become eligible for both the matching and profit sharing contributions after one year of service. During the year ended December 31, 2020, the Company did not make any matching or profit sharing contributions to the Plan. Contributions are subject to certain limitations.

Investments

Participants direct the investments of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and common collective trust accounts as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching and profit sharing contributions and (b) Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account balance.

DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Company matching and profit sharing contributions have a five year graded vesting period as follows:

Completed Years of Vesting Service	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their total vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as prescribed by the Plan documents. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Distributions generally will be made in the event of retirement, death, disability, resignation, or dismissal. Such account balances may be distributed in a lump-sum payment, in partial amounts, with a minimum of $5,000 or in substantially equal disbursement installments. Substantially equal disbursement installments are a distribution option for qualifying participants defined in the Plan document. Withdrawals from the Plan by active participants are permitted for specific instances such as: financial hardship, loans, or participant's attaining the age of 59.5.

Hardship Withdrawals

Hardship withdrawals are allowed only for immediate and heavy financial needs.

DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

A non-vested amount remaining in a participant account of a terminated employee after the earlier of a) the distribution of his or her vested account balance or b) five consecutive one-year breaks in service, is defined as a forfeiture. Forfeitures derived are used to pay for administrative expenses and then are deducted from future employer matching and/or profit sharing contributions. No forfeitures were used in 2020. No forfeiture balance existed as of December 31, 2020 and 2019.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements for the Plan are prepared under the accrual basis of accounting, in conformity with accounting principles generally accepted under the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may vary from those estimates.

Investment Valuation and Income Recognition

The Plan's investments and investment gains (losses) are reflected at fair value, which is a price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable

Excess contributions above IRS limitations must be refunded. The amount to be returned to the respective employees and Company may be impacted by investment earnings and losses. Excess contributions totaling $9,749 were accrued as of the Plan year ended December 31, 2020. There were no excess contributions accrued as of December 31, 2019.

Payments of Benefits and Receipt of Contributions

Benefits paid to participants are recorded when paid. Contributions are recorded when deemed a receivable by the Plan.

Administrative Expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. If the expenses are paid using the Plan's assets, the expenses will generally be allocated among the accounts of all participants in the Plan. These expenses will be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. Unless the Plan administrator decides otherwise, the following expenses will be allocated to the participants' account relative to which the expense is incurred: distribution expenses, loan expenses, participant direction expenses, including brokerage fees and benefit calculations. Certain administrative expenses may be paid by the Company at its discretion.

Administrative expenses amounted to $900 for the year ended December 31, 2020 and includes participant transaction fees. The administrative expenses are included in amounts reported on the statement of changes in net assets available for benefits.

INFORMATION PREPARED AND CERTIFIED BY PLAN TRUSTEE (UNAUDITED)

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the Trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

a. Investments, at fair value, as shown in the statements of net assets available for benefits, as of December 31, 2020 and 2019.
b. Dividend income and net appreciation in fair value of investments, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2020.
c. The schedule of assets held for investment purposes as of December 31, 2020, as shown in the supplemental schedule.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplement schedule.

FAIR VALUE MEASUREMENTS

Valuation techniques used to measure fair value use a hierarchy, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities

Level 2 – Valuations based on inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly, such as quoted prices in markets that are not active; other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall measurement.

FAIR VALUE MEASUREMENTS (CONTINUED)

The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of assets and liabilities within the fair value hierarchy. Because of the long-term nature of certain assets and liabilities measured at fair value as well as differences in the availability of market prices and market liquidity over their terms, inputs for some assets and liabilities may fall into any one of the three levels in the fair value hierarchy. GAAP requires these assets and liabilities to be classified in the lowest level in the hierarchy for which inputs are significant to the fair value measurement; a portion of that measurement may be determined using inputs from a higher level in the hierarchy.

The availability of valuation techniques and observable inputs can vary from investment to investment and is affected by a wide array of factors. In certain cases, the inputs used to measure fair value may fall into different levels of the hierarchy. For disclosure purposes, the level in the hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement. The estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined.

To the extent that a specific valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. As such, the degree of judgment exercised by the Plan in determining fair value is greatest for investments in Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

- *Mutual funds of registered investment companies.* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- *Common collective trust:* Valued at the NAV of the shares held by the Plan at year end, which is based on the fair value of underlying investments using information reported by the investment advisor at year end. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value.

FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value reported in the statements of net assets available for benefits as follows:

	December 31, 2020 Fair Value Measurements Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Registered investment companies:				
Mutual funds	$ 1,138,682	$ -	$ -	$ 1,138,682
Investments measure at NAV:				
Common collective trust	-	-	-	34,630
Total investments, at fair value				$ 1,173,312

	December 31, 2019 Fair Value Measurements Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Registered investment companies:				
Mutual funds	$ 670,941	$ -	$ -	$ 670,941
Investments measured at NAV:				
Common collective trust	-	-	-	26,242
Total investments, at fair value				$ 697,183

The Plan has no financial instruments which were categorized using Level 3 inputs as of December 31, 2020 and 2019.

The Plan recognizes transfer between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the years ended December 31, 2020 and 2019.

FAIR VALUE MEASUREMENTS (CONTINUED)

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2020 and 2019:

	2020	2019
Common collective trust		
Fair value	$34,630	$26,242
Unfunded commitment	None	None
Redemption frequency	Immediate	Immediate
Other redemption restrictions	None	None
Redemption notice period	None	None

NONPARTICIPANT-DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2020 and 2019.

RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and stable value fund accounts provided through the Trustee and, therefore, these transactions qualify as party-in-interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

PLAN TERMINATION

Although no intent to do so has been expressed, the Employer has the right under the Plan to discontinue its contributions, if any, at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

DELINQUENT TRANSMITTALS

During the Plan years ended December 31, 2019, 2018, and 2017, the Plan Sponsor failed to remit certain participant contributions to the Plan in a timely manner, as defined by ERISA. The total for these contributions was $515,730. The Plan Sponsor intends to compensate participants for lost earnings resulting from the delay in contributions.

TAX STATUS

Effective January 1, 2017, the Plan is based on a volume submitter plan developed by DST Retirement Solutions, LLC which received a favorable opinion letter dated June 1, 2015 from the IRS stating the volume submitter plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

ANNUAL COMPLIANCE TESTING

The Plan has not completed its required annual compliance testing for the year ended December 31, 2018. Plan management intends to complete its required annual compliance testing and if necessary, make corrections as required by the IRS.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect a participants' account balance and the amounts reported in the statement of net assets available for benefits.

RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
