Report on the Financial Statements

We have audited the accompanying financial statements of Financial Technology Partners 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2020 and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2020, and the changes in net assets available for benefits for the year ended December 31, 2020, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Matter

We have compiled the accompanying statement of net assets available for benefits of the Plan as of December 31, 2019, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of the financial statements information that is the representation of management. We have not audited or reviewed the accompanying statement of net assets available for benefits and, accordingly, do not express an opinion or other form of assurance about whether the statement is in accordance with generally accepted accounting principles.

Financial Technology Partners 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

December 31, 2020 and 2019

1. Description of the Plan

The following description of the Financial Technology Partners 401(k) Profit Sharing Plan and Trust, (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Financial Technology Partners LP (the “Company”) (the “Plan Administrator”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The controller of Company is the trustee of the Plan and utilizes Paychex, Inc. as the recordkeeper. Plan assets are held at Fidelity in an omnibus account registered under Paychex Securities Corporation, a subsidiary of Paychex, Inc. The participant is responsible for directing the investment of their Plan assets.

Contributions

Participants may reduce compensation by a specific percentage on a pre-tax basis as an elective deferral to the maximum amount by law. Employees are eligible to participate in elective deferrals after the attainment of age 21. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also make rollover contributions. The employer does not make matching contributions. There is no auto enrollment.

Discretionary profit-sharing contributions may be made to eligible employees employed on the last day of the Plan year or if terminated during the Plan year, who have completed at least 500 hours of service during the Plan year. Profit sharing contributions are allocated to each qualifying participant’s individual account based on the qualifying participant’s compensation in relation to the total compensation of all qualifying participants. There was no discretionary profit-sharing contribution for the year ended December 31, 2020.

Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual and a money market fund as investment options for participants.

Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan on a pro rata basis. Pro rata means a proportionate share of the fee will be charged to each participant’s account based on the proportion that such participant’s account balance bears to the account balances of all participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals, catch-up contributions, rollover contributions, and employer profit sharing contributions plus actual earnings thereon.

Notes Receivable from Participants

In accordance with the Plan loan administration policy, participants requesting a loan may borrow from their accounts at a minimum of \$1,000. The maximum amount of an outstanding loan cannot exceed ninety-five percent of one-half the vested account balance. Under no event can the loan amount exceed \$50,000. The maximum number of the Plan loans outstanding at one time is one. The loans are secured by the balance in the participant's account. Loans bear interest at 1 percent over the Prime Rate. Principal and interest is paid ratably through payroll deductions. Delinquent notes receivable are recorded as distributions.

Financial Technology Partners 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

December 31, 2020 and 2019

1. Description of the Plan (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or their beneficiary may elect to receive their vested interest in a single lump sum, partial payments, installment payments or annuity contracts. For termination of service for other reasons, a participant may receive the value of the vested interest as a lump-sum distribution. In-service distributions of elective deferrals and profit-sharing contributions are allowed if a participant has attained the age of 59 ½.

The Plan does not allow hardship withdrawals.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP") as applied to employee benefit plans.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are described in Note 3. Purchases and sales of investments are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Delinquent notes receivable are recorded as a distribution as defined by the Plan. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Financial Technology Partners 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

December 31, 2020 and 2019

2. Significant Accounting Policies (Continued)

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (“FASB”) issued Accounting Standard Update (“ASU”) No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. The ASU modifies the disclosure requirements for fair value measurements. The ASU is effective for all reporting periods beginning after December 15, 2019, with early adoption permitted. The Plan adopted the ASU effective January 1, 2020. The provisions of this ASU did not have a material impact on the Plan’s financial statement disclosures.

3. Fair Value Measurements

The Fair Value Measurements Topic of the FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1	Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.
Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
Level 3	Unobservable inputs for the asset or liability.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

The money market fund is valued at the quoted (NAV) of shares held by the Plan at year end.

Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are SEC registered. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s fair value measurements at December 31, 2020 and 2019:

December 31, 2020				
	Level 1	Level 2	Level 3	Total
Assets at fair value:				
Mutual funds	\$ 4,627,530	\$ -	\$ -	\$ 4,627,530
Money market fund	59,347	-	-	59,347
Total	\$ 4,686,877	\$ -	\$ -	\$ 4,686,877

Notes to the Financial Statements

December 31, 2020 and 2019

3. Fair Value Measurements (Continued)

December 31, 2019 (unaudited)				
	Level 1	Level 2	Level 3	Total
Assets at fair value:				
Mutual funds	\$ 2,969,450	\$ -	\$ -	\$ 2,969,450
Money market fund	59,766	-	-	59,766
Total	\$ 3,029,216	\$ -	\$ -	\$ 3,029,216

4. Plan Termination

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. The Company will direct the distributions of participant accounts in a manner permitted by the Plan as soon as practicable.

5. Tax Status

The IRS has determined and informed the Company by a letter dated April 10, 2014 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax exempt.

US GAAP requires the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Company has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Parties-in-Interest

The Plan issues loans to participants, which are secured by the balances in the participants' accounts.

All transactions that may be considered parties-in-interest transactions relate to normal plan management. Recordkeeping and administrative services and the payment of fees are not considered prohibited transactions.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The COVID-19 outbreak continues as of the date of this report. There are many uncertainties related to the COVID-19 global pandemic that could negatively affect the Plan's statement of net assets available for benefits and statement of changes in net assets available for benefits. The Plan's individual investments fluctuate in response to changing market conditions, therefore the effect of the COVID-19 pandemic on its investment values in subsequent periods, if any, cannot be determined.

Notes to the Financial Statements

December 31, 2020 and 2019

8. Coronavirus Aid, Relief, and Economic Security Act

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”), which included several relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. Major provisions implemented that impact the Plan include:

- Participants can take a distribution relating to coronavirus hardship to the lesser of \$100,000 or 100% of participant’s vested account balance without penalty through the remainder of 2020. The distributions would be repayable to the Plan within 3 years.
- Loan repayments with a due date between March 27, 2020 and December 31, 2020 may be suspended under the plan for up to one year. Any payments after the suspension period will be adjusted to reflect the delay and any accruing interest during the delay.
- Take new loans up to \$100,000 of vested account balances before September 22, 2020.
- Required minimum distributions are waived for the 2020 calendar year.

As of December 31, 2020, the Plan has not been amended for these provisions.

9. Subsequent Events

Subsequent events have been evaluated through October 14, 2021, which is the date the financial statements were available to be issued.
