Independent Auditor's Report

To the Board of Trustees of
Greater Cleveland Moving Picture
Projector Operators' Pension Plan
Mentor, Ohio

We have audited the accompanying financial statements of the Greater Cleveland Moving Picture Projector Operators' Pension Plan (the "Plan"), which comprise the statements of net assets in liquidation available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets in liquidation available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets in liquidation available for benefits of the Plan as of December 31, 2020 and 2019, and the changes in its net assets in liquidation available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters - Plan Termination and Liquidation Basis of Accounting and Insolvency

As further discussed in Notes 1 and 3 to the financial statements, the Plan was terminated by mass withdrawal effective December 30, 2014. In accordance with accounting principles generally accepted in the United States of America, the Plan changed its basis of accounting from the ongoing plan basis to the liquidation basis used in presenting these financial statements. Our opinion is not modified with respect to this matter.

As further discussed in Note 3 to the financial statements, the Plan became insolvent and began receiving financial assistance from the Pension Benefit Guaranty Corporation, a federal government agency, during 2020. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2020 and the supplemental schedule of reportable transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

GREATER CLEVELAND MOVING PICTURE PROJECTOR OPERATORS'
PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following brief description of the Greater Cleveland Moving Picture Projector Operators' Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan was established on April 1, 1958 to provide retirement and other benefits for persons represented by the Greater Cleveland Moving Picture Projector Operators' Local #160 (the "Local Union") or those working in its jurisdiction. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan is a multi-employer defined benefit plan covering employees covered under collective bargaining agreements of the Local Union.

Plan Termination and Insolvency

Effective December 30, 2014, the Plan was terminated under section 4041A(a)(2) of ERISA. In addition, during 2020, the Plan became insolvent and began receiving financial assistance from the Pension Benefit Guaranty Corporation (the "PBGC"). Refer to Note 3 for additional information regarding the termination and insolvency of the Plan.

Plan Benefits

The Plan provides for retirement benefits for the life of a vested participant beginning the first day of the month after the participant's 65th birthday. Prior to the termination of the Plan, participants acquired vested status after completion of five years of vesting service. Due to the termination of the Plan and the previous implementation of plan changes pursuant to the default schedule of the rehabilitation plan, early retirement benefits, lump sum death benefits, and disability pensions have been eliminated.

Death Benefits

If a retired participant dies, a surviving spouse will receive 50% of the participant's monthly benefit for the remainder of the surviving spouse's life, unless this benefit is rejected by the participant and spouse. If a participant dies before normal retirement, the surviving spouse will receive 50% of the benefit the member would have received. A participant who is eligible for the automatic 50% husband-and-wife pension may instead elect to receive a reduced monthly amount for life and a surviving spouse monthly benefit of 75% of the participant's adjusted monthly amount.

Note 2. Summary of Significant Accounting Policies

- A. Basis of Accounting – The accompanying financial statements are prepared on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America, although the liquidation of the Plan is not expected to be complete for a number of years. As a result, the Plan is unable to reasonably estimate the income and expenses that it expects to earn and incur, respectively, through the end of its liquidation.
- B. Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results may differ from those estimates.

GREATER CLEVELAND MOVING PICTURE PROJECTOR OPERATORS'
PENSION PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

- C. Cash – The Plan places its temporary cash with a national financial institution which, at times, may exceed federally insured amounts. The actual balance may exceed the reported balances due to outstanding checks.
- D. Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- E. Employer Withdrawal Liability Receivable – The Plan complies with the provisions of the Multiemployer Pension Plan Amendments Act of 1980 that require the imposition of withdrawal liability on a contributing employer that partially or totally withdraws from the Plan. When an employer withdraws from the Plan, it is assessed a withdrawal liability, calculated by the Plan's actuary using the presumptive method, for its allocable unfunded vested liability. The Plan recognizes a withdrawal liability receivable when the amount has been calculated and payments have begun. Refer to Note 4 for further details regarding the calculation of the amount that is receivable pursuant to the mass withdrawal and the corresponding allowance for uncollectible amounts.
- F. Fixed Assets – Office furniture and equipment is stated at cost. Depreciation is computed using the straight-line method over the assets' estimated useful lives and amounted to \$-0- in each of the years 2020 and 2019. The net book value of fixed assets approximates the fair market value of fixed assets.
- G. Actuarial Present Value of Accumulated Plan Benefits – Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances are included, to the extent they are deemed attributable to employee service rendered to the termination date.

The actuarial present value of accumulated plan benefits is determined by an actuary from Segal Consulting and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, withdrawal or retirement) between the valuation date and the expected date of payment.

The regulations of the Pension Benefit Guaranty Corporation (the "PBGC") prescribe specific actuarial assumptions for use by terminated plans. Significant assumptions used by the actuary in determining the actuarial present value of accumulated plan benefits as of January 1, 2020 and 2019 are as follows:

- H. PBGC Financial Assistance – The Plan does not have the resources, nor does it expect to have the resources in the future, to repay the promissory note described in Note 3. Accordingly, financial assistance from the PBGC is recorded as income when received and no liability is recorded on the statements of net assets in liquidation available for benefits for amounts owed under the promissory note.
- I. Payment of Benefits – Benefit payments are recorded upon distribution.
- J. Subsequent Events – The Plan evaluated subsequent events through October 4, 2021, which is the date the financial statements were available to be issued.

Note 3. Plan Termination by Mass Withdrawal and Insolvency

During 2014, the Trustees declared that a mass withdrawal of contributing employers had occurred, resulting in the termination of the Plan under section 4041A(a)(2) of ERISA. Section 4041A of ERISA governs the payment of benefits to participants in terminated multiemployer plans. Section 4041A(c) provides that, except as provided in section 4041A(f)(1), the plan sponsor of a plan terminated by mass withdrawal shall:

1. Limit the payment of benefits to benefits which are nonforfeitable under the plan as of the date of termination, and
2. Pay benefits attributable to employer contributions, other than death benefits, only in the form of an annuity, unless plan assets are distributed in full satisfaction of all nonforfeitable benefits under the plan.

Note 3. Plan Termination by Mass Withdrawal and Insolvency (Continued)

In December 2020, the Plan became insolvent and began receiving financial assistance from the PBGC pursuant to Section 4261 of ERISA. Accordingly, pension benefits were suspended to the level of benefits guaranteed by PBGC.

The financial assistance received from the PBGC represents proceeds of a promissory note. Under the terms of the promissory note, the PBGC may lend the Plan additional amounts, as necessary, which shall be added to the outstanding principal balance of the note. In addition, the PBGC waives the payment of annual insurance premiums by the Plan for any year in which it receives financial assistance; however, the unpaid premiums are added to the outstanding principal balance of the note. The promissory note also calls for interest to be accrued on the balance of the outstanding principal amount at the rate in effect under Section 6621(a)(2) of the Internal Revenue Code, compounded daily. As described in Note 2.H., there is no liability recorded on the statements of net assets in liquidation available for benefits for amounts owed to the PBGC.

Note 4. Employer Withdrawal Liability

As discussed in Note 3, the Plan terminated by mass withdrawal effective December 30, 2014. In accordance with Section 4219 of ERISA, employers were assessed a withdrawal liability as a result of the permanent cessation of contributions to the Plan. Employer withdrawal liability receivable attributable to the mass withdrawal is based on the actuarially calculated withdrawal liabilities (initial, redetermination and reallocation liabilities). The scheduled installment payments per the actuarial calculations are required to be determined in part based on each employer's previous contributions to the Plan. As a result, the payment amounts required pursuant to the mass withdrawal are not adequate to fully pay the debt to the Plan and are scheduled into perpetuity. Therefore, the entire amount of withdrawal liability receivable attributable to the mass withdrawal has been reserved for in an allowance for uncollectible amounts at December 31, 2020 and 2019.

The Plan assessed redetermination liability only to employers who withdrew in the plan year of the mass withdrawal or the two immediately preceding plan years ("clawback period"). A portion of the withdrawal liability receivable at December 31, 2020 and 2019 was attributable to employers who withdrew prior to the clawback period. The terms of the withdrawal liability for these employers call for payments of principal and interest on a monthly basis with 5.0% interest applied to the outstanding liability for each employer. Future principal payments scheduled to be received from these employers are as follows:

2021	\$ 3,600
2022	3,800
2023	4,000
2024	4,200
2025	4,400
Thereafter	<u>26,965</u>
Total	<u>\$46,965</u>

Subsequent to December 31, 2020, an employer settled its withdrawal liability obligation for a lump sum payment \$50,000.

Note 5. Funding

The Plan is funded by financial assistance from the PBGC, investment income and employer withdrawal liability pursuant to Section 4219 of ERISA.

Note 6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

- Cash equivalents consist of cash and short-term investment funds that maintain daily liquidity and have a constant unit value of \$1.
- The mutual fund is valued based on closing market prices in active markets for identical investments.
- The State of Israel bond is valued at cost, which the Plan has determined approximates fair value, and is classified as Level 3.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level the Plan's assets at fair value as of December 31, 2020 and 2019. The tables do not include other assets and liabilities that are measured at historical cost or any basis other than fair value; for these items, their carrying value estimates fair value.

Note 7. Tax Status

The Internal Revenue Service advised on March 4, 2016 that the Plan and related trust are qualified under Section 401(a) of the Internal Revenue Code and, as such, are exempt from federal income tax. The Plan's management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require such recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

Note 8. Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits as of January 1, 2020 and 2019 is as follows:

The factors that affected the change in the actuarial present value of accumulated plan benefits from the preceding to the current benefit information date are as follows:

Total actuarial present value of accumulated plan benefits at January 1, 2019	\$8,045,578
Change in actuarial assumptions, net experience gain or loss, changes in data	500,780
Benefits paid	<u>(446,159)</u>
Total actuarial present value of accumulated plan benefits at January 1, 2020	<u>\$8,100,199</u>

Note 9. Related Party/Party-in-Interest Transactions

The Plan shares administrative staff with the Greater Cleveland Moving Picture Projector Operators' Health and Welfare Plan (the "Health and Welfare Plan") for which it is reimbursed by the Health and Welfare Plan for its pro-rata share of payroll and related taxes and benefits, and certain office expenses. The total amount received was \$494 and \$1,021 for 2020 and 2019, respectively, of which \$273 and \$597 was receivable at December 31, 2020 and 2019, respectively. Additionally, the Plan is a contributing employer to the Health and Welfare Plan. The total contributions paid to the Health and Welfare Plan were \$5,502 and \$4,026 for 2020 and 2019, respectively, of which \$372 and \$423 was payable at December 31, 2020 and 2019, respectively.

The Plan shares office space with the Local Union and reimburses the Local Union for various office and administrative expenses including rent and utilities. The Plan paid the Local Union \$8,285 and \$8,247 for 2020 and 2019, respectively, of which \$668 and \$707 was payable at December 31, 2020 and 2019, respectively.

Certain investments held by the Plan during 2020 and 2019 were managed by Manning & Napier, Inc., the custodian of the Plan, and therefore qualify as party-in-interest transactions.

Note 10. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 11. Concentrations

During each of the years 2020 and 2019, two employers combined to account for approximately 80% of employer withdrawal liability income, including interest.
