1. Description of the Plan

The following description of the Cambridge-Lee Industries Union Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a collectively bargained defined contribution plan covering only eligible employees who are members of the United Steel Workers Union of Cambridge-Lee Industries, LLC (the Company). Any union employee is eligible to participate in the Plan upon joining the union. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Trustees.

Contributions

Each year, participants may contribute up to 90 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). The Plan includes an automatic enrollment provision for new employees into the Plan unless otherwise notified by the employee. Participants that are automatically enrolled in the Plan will be deemed to have elected a salary deferral contribution of 3 percent. The employer will automatically increase employee salary deferrals by 1 percent annually up to a maximum of 15 percent for any new participants entering the Plan under the automatic enrollment provisions unless elected otherwise by the participant. Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participant contributions to the Plan are recorded in the period that payroll deductions are made from participants. The Company may make a discretionary profit sharing contribution. The Company made a discretionary profit sharing contribution for 2020 and 2019. This discretionary profit sharing contribution was an amount calculated based upon $1.25 per hour for the period between January 1, 2019 to December 31, 2020 with the exception of Plant 3 which was based upon $1.30 per hour for the period of August 1, 2019 to December 31, 2020. This contribution was for each hour worked, up to a certain maximum of hours worked by the participant, as defined. The profit sharing contribution was $570,689 in 2020 and $628,349 in 2019. Employees must meet certain requirements to receive an allocation of the Company's profit sharing contribution as defined by the plan document. Participants direct the investment of all contributions into various investment options offered by the Plan. If the participant fails to provide such direction, including those participants automatically enrolled in the Plan, contributions are invested in the BlackRock age appropriate fund based on their target year of retirement. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and the Plan's earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution is based on years of continuous service. Participants are vested based on increments of 20 percent per year of credited service and are 100 percent vested after five years.

Transfers

The Plan permits transfers with an affiliated union plan. If a participant changes a job positions and it impacts their classification as a union or non-union employee, they are allowed to transfer their account to the appropriate plan offered by the Company.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 6.50 percent at December 31, 2020, which are commensurate with local prevailing rates at inception of loan as determined quarterly by the plan administrator. Principal and interest is paid ratably through weekly payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant will receive a lump-sum amount if the total of their vested account balance does not exceed $1,000. If the vested account balance exceeds $1,000, an election can be made to have the assets held in a trust until the participant's normal or early retirement date, or election can be made to receive annual installments over a period not to exceed the life expectancy of the participant or the joint and last survivor life expectancy of the participant and his/her designated beneficiary. However, terminated participants may elect to receive their vested accounts following termination.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $21 and $20, respectively. These accounts will be used to reduce future company contributions or future administrative expenses of the Plan. In 2020 and 2019, company contributions were reduced by $12,953 and $28,052, respectively, from forfeited nonvested accounts.

CARES Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan has opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to $100,000 from the Plan without a 10 percent early withdrawal penalty. Eligible distributions were permitted to be taken up until December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.

- Participant loans - Qualified plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.

- Participant loans - Qualified plan participants may have borrowed up to $100,000 during 2020 (an increase from $50,000 previously permitted), these repayments may be delayed to 2021.

- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70 ½ in 2019 and 72 in 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Standard

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, *Fair Value Measurement*. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Management has adopted the provisions of this new standard for the year ended December 31, 2020. This standard was retrospectively applied and it had no material impact on the financial statements of the Plan at this time given the nature of investment held.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 14, 2021, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The collective trust fund is valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 15,532,687	$ -	$ -	$ 15,532,687
Total assets in the fair value hierarchy	$ 15,532,687	$ -	$ -	15,532,687
Investments measured at NAV (a)				853,993
Total investments at fair value				$ 16,386,680

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 15,161,391	$ -	$ -	$ 15,161,391
Total assets in the fair value hierarchy	$ 15,161,391	$ -	$ -	15,161,391
Investments measured at NAV (a)				1,042,549
Total investments at fair value				$ 16,203,940

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the Statements of Net Assets Available for Benefits.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2020 and 2019, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2020			
	Fair Value	**Unfunded Commitments**	**Redemption Frequency (if currently eligible)**	**Redemption Notice Period**
Collective trust fund	$ 853,993	N/A	Daily	30 days

	December 31, 2019			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust fund	$ 1,042,549	N/A	Daily	30 days

4. Administration of Plan Assets

The Plan's assets were administered under a contract with Reliance Trust Company, the trustee of the Plan. The trustee invest funds received from contributions, investment sales, interest and dividend income and makes distribution payments.

5. Related-Party and Party In Interest Transactions

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their company contributions.

7. Tax Status

The Company adopted a prototype non-standard profit sharing plan and the IRS has determined and informed the service provider by an advisory letter dated July 16, 2014, that in their opinion the prototype Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the advisory letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2020 and 2019, the Plan had investments of $12,168,388 and $11,936,068, respectively, that were concentrated in four funds.

9. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020 and 2019. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2020 and 2019 and the supplemental Schedule H, Line 4(i) -Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2020 and 2019.
