NOTE 1 – PLAN DESCRIPTION

The following description of the California Box Company 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan which is qualified under Section 401(k) of the Internal Revenue Code (IRC). The Plan provides for a qualified cash or deferred arrangement, as described in Section 401(k) of the IRC, for the benefit of eligible employees of California Box Company, Inc. and its affiliates, California Box Company II, CB Sheets, Arizona Corrugated Container, Tucson Container, and West Texas Container (collectively, the "Employer"). These companies are under common control through ownership. The Plan is administered by the Employer and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Transamerica Life Insurance Company, the custodian and recordkeeper of the Plan, is responsible for the custody and management of the Plan's assets.

Eligibility

The Plan covers substantially all salaried employees of the Employer over the age of twenty-one (21) who are U.S. citizens or resident aliens. Employees who complete twelve (12) months of service are eligible to join the Plan. The eligible employee has the option to enter the Plan as a participant on the first day of the month after the employee first becomes eligible.

Participant Contributions

Participants may contribute, on a pretax basis, up to a maximum dollar amount as specified in the IRC. Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions. In addition, participants may make rollover contributions to the Plan from other qualified defined-benefit or defined-contribution plans. No after-tax contributions are allowed.

Employer Contributions

Matching contributions to the Plan are made by the Employer in the amount of a discretionary percentage or dollar amount to all eligible participants. In 2020, the Employer's discretionary match was calculated based on 50% of each participant's deferral contribution of the first 6% of active participant's eligible compensation (up to $285,000 of a participant's salary). The Employer may make additional non-elective discretionary profit sharing contributions to the Plan. All employer contributions are invested in the same manner that the participant directs his or her contributions. No additional non-elective discretionary profit sharing contributions were made for the year ended December 31, 2020.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in discretionary Employer matching contributions and Employer non-elective profit sharing is based on years of service. Participants are vested at 20 percent after one year of service and an additional 20 percent each year thereafter until 100 percent vested upon five years of service.

NOTE 1 – PLAN DESCRIPTION (Continued)

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers, if any, and allocations of the Employer's contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may direct all contributions as desired in any of several investment options offered by the Plan, and may change their investment options daily.

Notes from Participants

Participants may borrow from their vested fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent (50%) of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at a rate that a bank or other professional lender would charge for making a note in a similar circumstance. Current note interest rates range from 4.25% to 6.50% maturing through August 2049, as of December 31, 2020 and 2019. A participant may have no more than one (1) note outstanding at one time. Notes are limited to 100% vested sources only. The Plan Administrator will fix the term for repayment of any note not to exceed five (5) years. A longer repayment period may be granted by the Plan Administrator only if the note is issued to purchase or repair a primary residence. Interest income is recognized when earned. Principal and interest are paid ratably through payroll deductions. Defaulted participant notes are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

On termination of service, death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, in installment payments as permitted under the Plan or elect to maintain their vested account within the Plan, if the account is greater than $5,000. If the total vested account balance under the Plan is between $1,000 and $5,000, the vested balance will be automatically rolled over to an Individual Retirement Account (IRA) selected by the Plan Administrator. For balances of $1,000 or less, the entire vested account balance will be automatically distributed in a lump-sum payment. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or in the form of installment payments. Hardship withdrawals are also permitted if certain criteria are met.

NOTE 1 – PLAN DESCRIPTION (Continued)

Benefit Payments (Continued)
The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons along with loans up to $100,000 or 100% of the participant's vested balance and have repayment dates be delayed for up to one year. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19.

Forfeitures
Participants' accounts are forfeited if any Employer contribution portion has not fully vested at the time of withdrawal. These amounts may be utilized to reduce any Employer contributions and pay Plan expenses. As of December 31, 2020 and 2019, total forfeitures were $38,005 and $34,838, respectively. During the year ended December 31, 2020, the Plan used $144 of forfeitures to pay administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The accompanying financial statements of the Plan have been prepared on the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Contributions by the participants are recognized in the period in which the participants' wages are earned; withdrawals from the Plan for participant distributions are recognized when the amounts are paid to the participant, except for cases where refunds are due to the participants in order for the Plan to conform to IRC provisions. In addition, investment income (loss) is recorded when received by the Plan custodian. Plan expenses are recorded when incurred.

Use of Estimates
The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)
Investment contracts are reported at contract value on the statements of net assets available for benefits. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of changes in net assets available for benefits is also prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes from Participants
Notes are measured at their unpaid principal balance plus any unpaid interest. Delinquent notes from participants are reclassified as distributions based upon the terms in the Plan document. As of December 31, 2020 and 2019, there were $1,030 and $0, respectively, of delinquent notes from participants. No allowances for credit losses have been recorded as of December 31, 2020 or 2019.

Payment of Benefits
Benefits payments are recorded when paid. As of December 31, 2020 and 2019, there were no benefits payable to participants who elected to withdraw from the Plan prior to the end of the Plan year.

Administrative Expenses
Certain management fees and operating expenses charged to the Plan for investments in pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

The Employer may pay some Plan administration expenses with its own assets rather than using Plan assets. To the extent the Employer does not pay Plan expenses with its own assets, the Plan generally will pay the expenses of Plan Administration and will assess the expenses against each participant's account pro rata based on the value of each participant's account balance or per capita.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan's management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Life Insurance Company, the custodian of the Plan, has certified the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, and the supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020; the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the Plan year ended December 31, 2020.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Valued at the net asset value (NAV) of shares/units held by the Plan at year-end. Pooled separate accounts (PSA) do not have publicly quoted prices in an active market. The PSAs have daily redemption frequency, no redemption period or restrictions and have no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020. There have been no changes to the methodologies used as of December 31, 2020 and 2019.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Total investments measured at NAV (1)				4,499,637
Total				**$ 4,499,637**

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Total investments measured at NAV (1)				3,696,615
Total				**$ 3,696,615**

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 – FULLY BENEFIT RESPONSIVE CONTRACT WITH TRANSAMERICA

As of December 31, 2020 and 2019, the Plan's investment options included an insurance company general account (stable value fund) with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the stable value fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value fund. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2020 and 2019 was $619,066 and $561,374, respectively. The crediting interest rate is based on a formula agreed upon with the issuer; such interest rates are reviewed on a bi-annual basis for resetting.

NOTE 5 – FULLY BENEFIT RESPONSIVE CONTRACT WITH TRANSAMERICA (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events which would limit the Plan's ability to transact at contract value with participants are probable of not occurring. The stable value fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yields on fair value earned by the stable value fund are as follows:

Average Yields	2020	2019
Based on actual earnings	1.55%	1.60%
Based on interest rate credited to participants	1.55%	1.60%

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and an insurance company general account held by Transamerica Life Insurance Company, the custodian of the Plan. These transactions qualify as "party-in-interest" transactions permitted by the Department of Labor's (DOL) Rules and Regulations. The Employer and Plan Administrator are also parties in interest with respect to the Plan. Fees paid by the Plan to the custodian amounted to $19,518. Notes receivable from participants and the related interest income of $13,695 are considered related party transactions.

NOTE 7 – FEDERAL INCOME TAX STATUS

Effective May 5, 2015, the Plan adopted a volume submitter plan sponsored by the Transamerica Retirement Solutions. The volume submitter plan has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by this Plan. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator and the custodian believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

NOTE 7 – FEDERAL INCOME TAX STATUS (Continued)

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan's management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability, asset, or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various securities, including pooled separate accounts and an insurance company general account. Investment securities, in general, are normally exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be entitled to the full amount of their account as of the date of termination, regardless of the percent that is vested at the time of the termination.

NOTE 10 – PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the Employer is required to segregate participant contributions from its general assets and remit them to the Plan as soon as administratively feasible.

During 2015, the Employer failed to remit certain participant contributions totaling approximately $17,127 within the period prescribed by the DOL due to administrative timing. During 2016, the Employer failed to remit certain participant contributions totaling approximately $7,496 within the period prescribed by the DOL due to administrative timing. During 2017, the Employer failed to remit certain participant contributions totaling approximately $4,874 within the period prescribed by the DOL due to administrative timing. During 2019, the Employer failed to remit certain participant contributions totaling approximately $3,502 within the period prescribed by the DOL due to administrative timing. During 2020, the Employer failed to remit certain participant contributions totaling approximately $3,769 within the period prescribed by the DOL due to administrative timing The DOL considers late deposits to be prohibited transactions. The Employer will determine the total amount owed to the affected participants for potential lost earnings due to the delay and will remit the appropriate amounts to the Plan.

NOTE 11 – SUBSEQUENT EVENTS

Effective January 1, 2021, the Plan was amended to exclude bonuses from eligible compensation.

In February 2021, lost earnings on late remittances for the years 2015, 2016, 2017 and 2019 were deposited in the amount of $28.

The Plan Administrator has evaluated subsequent events through October 15, 2021 (the date the financial statements were available to be issued), and concluded that, no subsequent events, other than the matters described above, have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
