Cherry Bekaert LLP
CPAs & Advisors

To the 401(k) Committee
WellDyne Rx 401(k) Retirement Plan
Tampa, Florida

We have conducted a Department of Labor ("DOL") limited scope audit of the financial statements of WellDyne Rx 401(k) Retirement Plan (the "Plan") for the year ended December 31, 2020 and we have issued our report thereon dated October 13, 2021. As permitted by 29 CR 2520.103-8 of DOL Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements and in the supplemental schedule. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Reliance Trust Company, the "Trustee" of the Plan, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter dated May 10, 2021. Professional standards also require that we communicate to you the following information related to our audit.

SIGNIFICANT AUDIT FINDINGS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2020. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

> Management's assessment for each of the Plan's investment input levels under Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. ASC 820 requires that the Plan assess and disclose in the financial statements the level of input for each Plan investment. We evaluated the key factors and assumptions used to make your assessments for each Plan investment in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

> The disclosure of the measurement of fair value for each investment held by the Plan as of December 31, 2020. The Plan followed the guidance of ASC 820 which requires that the Plan disclose how they determined the fair value of its investments by three levels of inputs. The three levels of inputs are: 1) quoted prices in the active market, 2) significant observable inputs, and 3) significant unobservable inputs.
>
> The information summarized in Note 3 that was certified by the Trustee of the Plan, which we did not perform any auditing procedures over except for comparing such information with the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Party-in-interest transactions described in Note 7, which describes the relationship between the Plan and the Trustee.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements identified during the audit other than those required to convert the Plan's accounting from the cash to accrual basis for financial statements presentation purposes. There were no uncorrected misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 13, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We wanted to inform you of a recently issued American Institute of Certified Public Accountants Statement on Auditing Standards 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA* ("SAS 136"). SAS 136 prescribes certain new performance requirements for ERISA plan financial statement audits and changes the form and content of the related auditor's report. It includes new requirements in all phases of an audit of ERISA plan financial statements including engagement acceptance, risk assessment and response, communication with those charged with governance, performance procedures, and reporting. SAS 136 will be effective for audits of ERISA plan financial statements for periods ending on or after December 15, 2021. We do not expect this to have a significant impact on Plan administration.

This information is intended solely for the use of the 401(k) Committee and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.
