1. Description of Plan

The following brief description of Elligo Health Research Inc 401K Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Elligo Health Research Inc (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). ADP, LLC is the recordkeeper (the "Recordkeeper") and Reliance Trust Company is the trustee (the "Trustee") for the Plan. Company management personnel act as the administrator of the Plan.

Eligibility - Employees who are at least twenty-one years of age are eligible to participate in the Plan on the first day of the month following the date the eligibility requirements are met.

Contributions - All newly eligible or rehired employees are automatically enrolled in the Plan with a pre-tax deferral percentage of 6%, unless the employee elects otherwise. Eligible employees have the option to contribute pre-tax and Roth 401(k) contributions. Participants may authorize the Company to withhold up to 90% of his or her eligible compensation, not to exceed the annual limit established by the Internal Revenue Code ("IRC"). A participant's pre-tax and Roth 401(k) contributions are separately accounted for, as are the gains and losses attributable to each. Participants who have reached fifty years of age before the end of the Plan year are eligible to make catch-up contributions, which are also eligible for employer match contributions. Participants may contribute amounts representing distributions from other qualified retirement plans.

Through April 30, 2020, the Company made an employer matching contribution in an amount equal to 50% of the first 6% of contributed compensation, which totaled $89,921, excluding forfeitures. Effective May 1, 2020, the employer matching contribution was eliminated. The Company may also make a discretionary employer nonelective contribution, although this was not elected for the year ended December 31, 2020.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of Plan earnings, and may be charged with Plan expenses, if applicable. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $500 and up to a maximum of 1) $50,000 reduced by the excess, if any, of i) the highest outstanding note receivable balance during the prior twelve month period, over ii) the outstanding note receivable balance on the date the new note receivable is made or 2) 50% of their vested account balance, whichever is less. Participant notes receivable are secured by the vested balance in the participant's account and bear interest at the prime rate plus 2%. Participants may have one note receivable outstanding at a time. Notes receivable repayments are deducted through after-tax payroll deductions over a period not to exceed five years, unless the note receivable is for the purchase of a participant's primary residence, in which case the repayment period may not exceed thirty years.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of credited service. A participant is 100% vested after six years of credited service, as defined, which is earned in 20% increments annually beginning in the second year. Participants may also become fully vested upon reaching retirement age, becoming disabled while in active service of the Company or termination of employment due to death.

Payment of Benefits - Benefits are generally payable upon age 59.5, disability, death, retirement or termination of employment. Benefits equal to the participant's vested account balance may be paid to a participant or beneficiary by lump sum, installments, partial withdrawals or rollover into a qualified plan, subject to regulatory requirements. Required minimum distributions are made to certain participants in the absence of other distribution elections. Effective January 1, 2020, pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), participants who reach age 70.5 during 2020 or later must take a required minimum distribution by April of the year the participant turns 72 years of age. The Plan administrator may distribute separated participants' account balances that are less than $1,000 in a lump sum without the participants' consent. The Plan administrator may transfer separated participants' account balances that are at least $1,000 but less than $5,000 into an individual retirement account without the participants' consent. In-service distributions of rollover contributions may be taken at any time. In-service hardship and qualified reservist distributions are permitted if certain criteria are met.

Forfeitures - Forfeitures by participants of unvested Company contributions are used to pay Plan administrative expenses and to reduce future employer contributions. The forfeited unvested account balance totaled $47,979 and $3,287 as of December 31, 2020 and 2019 (compiled), respectively. Forfeitures totaling $30,792 were utilized to reduce the Company's employer contributions during the year ended December 31, 2020.

Current Legislation - In March 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") in response to the COVID-19 pandemic (Note 2). The CARES Act allowed eligible Plan participants to request penalty-free distributions of up to $100,000 through December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic and to spread the related income tax over three years. As further defined within the CARES Act, it also permitted: i) repayment of such distributions over a three-year period; ii) increased limits for certain new notes receivable from participants; iii) suspension for up to one year of certain notes receivable payments due; and iv) deferral of 2020 required minimum distributions. Plan management implemented these changes.

In December 2020, Congress passed the Consolidated Appropriations Act, 2021 (the "CA Act"). The CA Act provided relief for participants affected by disasters other than the COVID-19 pandemic (Note 2) that occurred between December 28, 2019 and December 27, 2020, as declared by the President of the United States between January 1, 2020 and February 25, 2021. The CA Act provided non-COVID-19 disaster relief options similar to the CARES Act and most of its provisions expired on June 25, 2021.

2. Significant Accounting Policies

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting.

Accounting Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan fiduciaries determine the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the Plan year.

Notes Receivable from Participants - Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2020 or 2019 (compiled). Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Benefits Paid to Participants - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. Fees related to the administration of distributions and notes receivable are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in administrative expenses and net appreciation in fair value of investments.

Risks and Uncertainties - Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic, which has adversely affected the world economy and resulted in volatility in the global capital markets. The impact of this pandemic on investment prices and the world economy continues to evolve and its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits cannot be reasonably estimated at this time.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

3. Fair Value Measurements

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019 (compiled).

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Common/collective trusts are pooled investment vehicles designed primarily for certain qualified retirement plans. The Invesco Stable Asset Fund ADPZ (the "Fund") seeks to preserve principal and provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The Fund invests its assets in Class C units of Invesco Stable Value Trust.

The fair value of this investment has been estimated using the net asset value per unit as a practical expedient, as provided by the fund manager, and is based on the fair value of the underlying investments held by the Fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the Fund will sell the investment for an amount different from the reported net asset value. There are no restrictions on participant redemptions, units may be redeemed daily and there are no unfunded commitments. If the Plan initiates a full redemption of the Fund, the issuer reserves the right to require a twelve-month notice prior to distribution.

In accordance with U.S. GAAP, certain investments measured at net asset value have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation to the amounts presented in the statements of net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 2,654,898	$ -	$ -	$ 2,654,898
Total assets in the fair value hierarchy	$ 2,654,898	$ -	$ -	2,654,898
Common/collective trust, measured at net asset value				47,979
Investments at fair value				$ 2,702,877

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 (compiled):

	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 1,893,639	$ -	$ -	$ 1,893,639
Total assets in the fair value hierarchy	$ 1,893,639	$ -	$ -	1,893,639
Common/collective trust, measured at net asset value				9,444
Investments at fair value				$ 1,903,083

4. Information Certified by the Trustee

All information disclosed in the accompanying financial statements, notes and supplemental schedule related to the Plan's investment assets and notes receivable from participants as of December 31, 2020, and the related net investment gain and interest income on notes receivable from participants during the year then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

5. Tax Status

The Company has not applied for a determination letter from the Internal Revenue Service ("IRS") to determine if the Plan is designed in accordance with applicable sections of the IRC. The Plan document is based upon a prototype plan instrument from the Recordkeeper which received an IRS opinion letter dated July 8, 2014. Although the prototype plan instrument has been amended since receiving the IRS opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-in-Interest and Related Party Transactions

Fees earned by the Recordkeeper and the investment advisor are included in administrative expenses and net appreciation in fair value of investments. Transactions such as these, as well as notes receivable from participants, qualify as party-in-interest transactions. The Company pays directly certain other fees related to the Plan's operations.

7. Subsequent Events

The Company has evaluated subsequent events through October 12, 2021, the date the financial statements were available to be issued.

Effective January 1, 2021, the Plan was amended to reinstate an employer matching contribution in an amount equal to 50% of the first 6% of contributed compensation.
