INDEPENDENT AUDITORS' REPORT

To The Plan Administrator of the
KMM Retirement Plan
Lewisville, Texas

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of KMM Retirement Plan (the Plan), which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the trustee of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance Trust Company held the plan's investment assets and executed investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2020 and 2019, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental Schedule of Assets Held for Investment Purposes as of December 31, 2020 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental Schedule of Assets Held for Investment Purposes, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the KMM Retirement Plan (the Plan) provides only general information and is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, which is responsible for their integrity and objectivity. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of KMM Telecommunications, Inc. (the Company). Employees become eligible to participate for purposes of salary deferrals when they have completed three months of service and reach the entry date. Employees become eligible for employer contributions when they have completed six months of service and reach the entry date. The entry date is the first day of the month coinciding with or next month following the date an employee satisfies the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CARES Act

The Plan has adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that was signed into law on March 27, 2020, which were immediately available for coronavirus-related distributions, suspended participant loan payments and increased loan limits, and waiver of required minimum distributions that were due during 2020. The Plan intends to formally execute the required Plan amendments for these provisions by the last day of the Plan year beginning on or after January 1, 2022.

Contributions

Each eligible employee may elect to make pretax contributions by authorizing his or her compensation to be reduced by any percentage up to 90%, not to exceed the current year's statutory limits. Each year participants may contribute up to the maximum allowed under the Internal Revenue Code (the Code), as defined in the Plan. For participants age 50 or older, an additional catch-up contribution was allowed up to limits established by the IRS for the year ended December 31, 2020. Participants may also make after-tax Roth contributions and roll over amounts representing distributions from other qualified defined benefit or contribution plans. Effective July 1, 2019, the Plan was modified so that the Company will automatically withhold 3% of an employee's compensation for contribution to the Plan if the employee does not complete a salary deferral agreement to either elect a deferral amount or elect not to defer under the Plan.

The employer may make matching contributions equal to a discretionary percentage, to be determined by the Board of Directors, of the participant's elective deferrals. The employer's matching contributions for both 2020 and 2019 were equal to $0.50 for each $1.00 of employee 401(K) contributions, up to 4% of the participant's annual compensation. The employer matching and any related forfeitures will vest based on years of continuous service. Each participant may direct the matching contributions into an available investment fund, as defined.

Employer profit-sharing contributions to the Plan are made at the discretion of the Board of Directors. There were no profit-sharing contributions to the Plan in 2020 or 2019.

1. Description of Plan (continued)

Participants' accounts

Each participants' matching and profit-sharing accounts are credited with an allocation of a) the employer's contribution and b) Plan earnings. Allocations are based on participants' earnings or account balances, as defined. Each participant's 401(K) account is credited with the participants' contribution and allocation of the Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

Vesting

Participants are immediately vested in their voluntary contributions to the Plan plus actual earnings thereon. Vesting in the Company's matching and profit-sharing contributions is based upon years of service as defined. Participants do not vest in their respective Company contributions until completing three years of continuous service, at which time they become 100% vested. A covered year of service is a twelve-month period ending December 31 during which a participant worked for the Company at least 1,000 hours. A participant is also fully vested upon reaching normal retirement age, upon death, or upon becoming totally and permanently disabled.

Payment of benefits

On retirement or termination of service, a participant may elect to receive either a lump sum amount equal to the value of his or her account, or annual installments over a fixed reasonable period of time, not exceeding the life expectancy of the participant and his or her spouse. Participants may withdraw their contributions upon demonstrating hardship or attaining age 59½.

The CARES Act allowed qualified individuals to take a coronavirus-related hardship distribution of up to $100,000 from the Plan. Eligible hardship distributions could be taken up to December 31, 2020 and the distributions were not subject to the customary 10% early withdrawal penalty. The tax associated with a coronavirus distribution can be repaid by the participant over a three-year period.

Forfeited accounts

Forfeited non-vested accounts are used to reduce the employer's contributions. At December 31, 2020 and 2019, amounts used to reduce employer contributions totaled $10,860 and $4,774, respectively.

Notes receivable from participants

Participants may borrow up to the lesser of $50,000 or 50% of their vested account balance. The minimum amount that can be borrowed is $1,000. Loan repayment periods are five years or less except for home loans, which can be for as long as 30 years. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate plus 1%. The interest rates on the participant notes receivable ranged from 4.25% to 6.50% during the years ended December 31, 2020 and 2019, respectively. Principal and interest are repaid ratably through payroll deductions.

The CARES Act made loan relief available to qualified plan participants. This relief included a temporary increase in the participant loan limit for qualified individuals to the lessor of 50% of their vested account balance up to $100,000 (previously $50,000) on loans issued between March 27, 2020 through September 23, 2020. The CARES Act also provided that any loan payments due between March 27, 2020 and December 31, 2020 could be delayed for up to one year and the five-year repayment period will disregard the 2020 year.

2. Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting. Therefore, contributions and expenses are recognized only as cash is received or paid, and receivables and payables are not reflected, while investment earnings are accrued as earned. If the financial statements of the Plan were prepared under the accrual basis of accounting, there would be no reported employer profit-sharing contributions (receivables) as of December 31, 2020 and 2019. The reported employee contributions would have been $591,972 and $398,832 as of December 31, 2020 and 2019, respectively. The reported employer matching contributions would have been $166,406 and $118,743 as of December 31, 2020 and 2019, respectively.

Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Payment of benefits

Benefits are recorded when paid.

Notes receivable from participants

Loans are valued at the unpaid balances plus any unpaid accrued interest. In the event of a default, the participant's account balance is reduced by the amount of the unpaid loan balance.

Tax status

The Plan sponsor adopted a prototype non-standardized profit-sharing plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service dated July 8, 2014, which states that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. Although the Plan has been amended since receiving the opinion letter, management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Uncertain tax positions

As of December 31, 2020, management believes that based on evaluation of the Plan's tax positions that any liability as a result of uncertain tax positions would not be material. Management continually evaluates expiring statutes of limitations, changes in tax law, and new authoritative rulings to assist in evaluating the Plan's tax positions. Accrued interest and penalties associated with uncertain tax positions, if any, would be recognized as a liability. Tax returns are filed in the U.S. federal jurisdiction. U.S. federal tax returns prior to fiscal year 2017 are closed.

3. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

Financial instruments that potentially subject the Plan to concentrations of credit risk consist of investments. The Plan maintains its investments with an investment manager. Exposure to credit risk is reduced by placing such investments in high quality financial institutions and by following an investment strategy, which utilizes a wide range of diversified funds.

The Plan has reviewed its operations in light of the COVID-19 pandemic in order to determine the financial impact. Economic uncertainties have arisen which are likely to impact investment income and other plan transactions. Other financial impact could occur though such potential impact is unknown at this time. In addition, the Federal and State responses to the pandemic could change the analysis done by the Plan, and that change could be material.

4. Certification by Trustee

We have been informed by the Plan administrator that Reliance Trust Company held the Plan's investment assets and executed investment transactions for the years ended December 31, 2020 and 2019. The Plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the Plan administrator by the trustee is complete and accurate. The following account balances and transactions as of December 31, 2020 and 2019 were obtained from the statements certified by Reliance Trust Company:

Statements of net assets available for benefits:
- Investments
- Notes receivable from participants

Statements of changes in net assets available for benefits:
- Net appreciation in fair value of investments
- Interest and dividends
- Interest on notes receivable from participants

5. Fair value measurement of investments

The Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements).

The three levels of the fair value hierarchy are as follows:

Level 1 – Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;

Level 2 – Inputs other than quoted prices that are observable for the assets or liability either directly or indirectly, including inputs that are not considered to be active;

Level 3 – Inputs that are unobservable.

5. Fair value measurement of investments (continued)

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad criteria data, liquidity statistics, and other factors. An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the Plan. The Plan considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, provided by multiple, independent sources that are actively involved in the relevant market. The categorization of an investment within the hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to the Plan's perceived risk of that investment.

Fair value for the Plan's investments was determined as follows:

Level 1: The fair values of registered investment company shares are determined by obtaining quoted prices on nationally recognized securities exchanges.

Level 2: The common collective trust invests in stable value investment vehicles such as traditional guaranteed investment contracts, separate account guaranteed investment contracts, and synthetic guaranteed investment contracts issued by highly rated financial institutions and corporations as well as in cash or cash equivalents. The trusts, which are not exchange traded, are valued at the net asset value of units held, which is an observable input and is considered by Plan management to be the best approximation of fair value.

Level 3: The Plan has no level 3 investments.

The Plan's investments consist of the following:

	December 31, 2020 Fair market value			
	Level 1	Level 2	Level 3	Total
Common Collective Trust units	$	$ 662,551	$	$ 662,551
Registered investment company shares	6,376,962			6,376,962
	$ 6,376,962	$ 662,551	$	$ 7,039,513

	December 31, 2019 Fair market value			
	Level 1	Level 2	Level 3	Total
Common Collective Trust units	$	$ 602,710	$	$ 602,710
Registered investment company shares	6,367,344			6,367,344
	$ 6,367,344	$ 602,710	$	$ 6,970,054

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2020 and 2019 are reported in net appreciation in fair value of investments.

6. Plan termination

During 2015, a partial termination of the Plan occurred when the Plan sponsor lost a substantial customer contract and terminated approximately 35% of the Plan participants. Consequently, the terminated participants became 100% vested in their accounts. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to entirely terminate the Plan subject to the provisions of ERISA, which would result in the participants becoming 100% vested before receiving a final distribution from their accounts.

7. Transactions with parties-in-interest

The Company pays for professional fees relating to services provided to the Plan. Fees paid on behalf of the Plan for the years ended December 31, 2020 and 2019 were $8,800 and $8,250, respectively. The Company also provides certain accounting and administrative services to the Plan for which no fees are charged.

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Plan's recordkeeper, ADP Retirement Services (a subsidiary of Automatic Data Processing, Inc.) is also paid investment management fees as a percentage of assets in certain fund investments. These transactions are exempt from prohibited transaction rules. The fees paid by the Plan for investment management services are included as a reduction in the net appreciation (depreciation) in fair value of investments. Direct fees were also paid to ADP Retirement Services during the years ended December 31, 2020 and 2019 of $25,476 and $24,815, respectively.

8. Subsequent events

Subsequent events have been evaluated through October 14, 2021, which is the date the report was available to be issued. The Plan is not aware of any material subsequent events.
