1. DESCRIPTION OF PLAN

The following brief description of Kellogg Supply, Inc. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established July 1, 1966 and most recently amended and restated January 1, 2020, is a defined contribution plan established by Kellogg Supply, Inc. (the Company) under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. All employees of the Company become eligible to participate in the Plan on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may contribute a certain amount of pre-tax annual compensation as defined in the Plan. Participants who have attained age 50 before the Plan year-end are also eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation. The Plan agreement requires the Company to make a matching contribution for each participant equal to a percentage of the participant's elective deferrals. For 2020, the Company matched 100% of salary deferral contributions up to the first 3% of eligible compensation and matched 50% of salary deferral contributions up to the next 2% of eligible compensation, same as in prior year. This matching contribution qualifies as a safe harbor employer contribution. Additional profit sharing amounts may be contributed at the option of the Board of Directors, which are allocated to all participants, who have completed at least 1,000 hours of service during the year and are employed on the last day of the Plan year. There were no profit sharing contributions for 2020. In addition, the Company may also make qualified nonelective contributions in any year, subject to the applicable provisions of the IRC. Contributions are subject to certain limitations under the IRC. Roth and Roth in-plan conversion provisions were added to the Plan in 2020.

Participant Accounts

Participants direct the investment of contributions to investment funds offered under the Plan. Individual participant accounts are maintained by the Plan for each participant. These accounts reflect the participant's contributions and related employer's matching contributions and an allocation of (a) the employer's profit sharing contributions, if any, based on participant compensation, and (b) the Plan's income and any administrative expenses based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are fully and immediately vested in their voluntary contributions and employer matching contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their investment fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All loans must have a definite repayment period, over a period not to exceed five years, except in the case of a loan to acquire a principal residence, which may be repaid over a longer time period. The loans are secured by the balance of the participant's account and bear interest rates between 4.25% to 7.50% at December 31, 2020. Principal and interest are normally repaid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment, a particpant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance, or in regularly scheduled installment payments. In-service withdrawals are permitted under certain circumstances.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $15,507 and $4,107 respectively. Forfeitures are use to reduce future employer contirbutions or pay Plan administrative expenses. In 2020, employer contributions were reduced by $3,957.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contribution portion of their account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for disclosures regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, which approximates when interest is received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in the group annuity contract accounts and mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of investment return for such investments.

Expenses

Administrative expenses paid by the Plan are fees for the recordkeeping, third-party administration and auditing services. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Payment of Benefits

Benefits are recorded when paid or upon distribution.

Other Income

The Plan receives revenue sharing income from the Plan recordkeeper which is reflected as other income and credited to the Plan's forfeiture/asset holding account and used to pay Plan expenses.

3. FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEES

Certain information related to investments from participants disclosed in the accompanying financial statements and supplemental schedule, which includes investments from participants at December 31, 2020 and 2019, interest, dividends and net appreciation in fair value of investments for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Trust Company, LLC, the current trustee of the Plan, from Februrary 4, 2020 through December 31, 2020, and Vanguard Fiduciary Trust Company, the former trustee of the Plan, from January 1, 2020 through February 3, 2020, in accordance with Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 with the related inputs to the valuation methodology are described as follows:

> Level 1 - Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.
>
> Level 2 - Significant other observable (directly or indirectly) inputs, including quoted prices for similar assets in active markets or in inactive markets and other market observable inputs such as interest rate, credit risks, etc.
>
> Level 3 - Significant unobservable inputs, including the Plan’s own assumptions in determining the fair value of investments.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. FAIR VALUE MEASUREMENTS (Continued)

Stable Value Common/Collective Trust Fund

The Plan's stable value fund is a common/collective trust which invests solely in the Vanguard Retirement Saving Trust Master Trust, which is composed primarily of fully benefit-responsive investment contracts, and is valued at the net asset value of the units of the common/collective trust. The net asset value (NAV) is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The stable value common/collective trust fund measured at fair value using the net asset value practical expedient as of December 31, 2019 has no unfunded commitments and has daily redemption frequency, however the Plan is required to provide a one-year redemption notice to liquidate its entire interest in this common/collective trust.Valued at the unit net asset value as reported by the insurance company, based on the market value of the underlying investments of the accounts. The net asset value ("NAV") is used as a practical expedient to estimate fair value.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Measured at fair value:				
Mutual funds	$ 16,382,403	$ -	$ -	$ 16,382,403
Total investments, at fair value	$ 16,382,403	$ -	$ -	$ 16,382,403

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Measured at fair value:				
Mutual Funds	$ 16,316,207	$ -	$ -	$ 16,316,207
Investments measured at NAV (a) - Common/collective trust fund				1,830,887
Total investments, at fair value				$ 18,147,094

4. FAIR VALUE MEASUREMENTS (Continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. GUARANTEED STABLE VALUE ACCOUNT AT CONTRACT VALUE

The Plan's investment in the Key Guaranteed Portfolio Fund is a fully benefit-responsive investment contract with Great-West Trust Company, LLC ("Great-West"), and is therefore reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Great-West maintains the Plan funds in its general account and represents a fixed account that is considered evergreen (no maturity date), with no market value adjustment upon discontinuance. Great-West, as the guaranteed investment contract issuer, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The account is credited with earnings at interest rates which are announced in advance and guaranteed for a specific time period. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate (cannot be less than zero percent), as stated in the contract, and prevailing market conditions. Prevailing market conditions can affect the interest rate which is reset quarterly. The average yield rate for the year ended December 31, 2020 was 1.04%

Normally while the contract is active, transfers among investment options and distributions to participants will be made immediately. Generally there are not any events that could limit the ability of the Plan to transact at contract value and there are not any events that allow the issuer to terminate the contract and which require the Plan to settle at an amount different than contract value. However, upon contract termination, Great-West reserves the right to defer payment of the contract up to 12 months.

6. PARTY-IN-INTEREST TRANSACTIONS

The Key Guaranteed Portfolio Fund investment option was both provided and managed by Great-West (refer to Note 5) during the year ended December 31, 2020. The supplemental schedule of assets held for investment purposes identifies this account to be a party in interest transaction considered to be exempt from prohibited transaction regulations in accordance with ERISA.

The amounts of revenue sharing reduced the return on the related investments otherwise allocable to the participants. Revenue sharing is used to pay professional, investment-advisory, and administrative fees in accordance with Plan provisions. Any excess amount remains in an invested holding account and may be allocated to the accounts of the participants at the discretion of Plan management.

6. PARTY-IN-INTEREST TRANSACTIONS (Continued)

The Plan reported revenue sharing as other income in the amount of $30,100 on the statement of changes in net assets available for benefits which was used during the year to pay fees for investment advisor and other administation services. In addition, the Plan paid Plan expenses of $13,642 to Great-West entities who are affiliates of the Plan trustee.

From January 1, 2020 through February 3, 2020, the Plan invests in shares of mutual funds and in units of a common/collective trust managed by an affiliate of Vanguard Fiduciary Trust Company, the former trustee of the Plan. Investment management fees are paid to this affiliate and are included in net appreciation in fair value of investments. In addition, certain administrative services are provided by another affiliate of the trustee and totaled $550 for 2020. Additionally, the Plan paid certain other 2020 administrative expenses totaling $12,500 related to third party administration and other service providers. These transactions, including the notes receivable from participants, qualify as allowable party-in-interest transactions for which there are statutory exceptions.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated May 28, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the trustees believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 15, 2021, which is the date the financial statements were available to be issued.
