1. Plan Description

The following description of the PrimeFlight Aviation Services, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General

The Plan is a defined contribution plan covering all employees of PrimeFlight Aviation Services Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Mergers

The Majestic Terminal Services, Inc. 401(k) Plan and the Sharp Details, Inc. 401(k) Plan were merged into the PrimeFlight Aviation Services, Inc. 401(k) Retirement Plan, and assets of $2,676,184, including investments of $2,512,090 and notes receivable from participants of $164,094, were transferred into the Plan during April 2020. All participants in the previous Plans became participants in the Plan.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The plan sponsor may make discretionary matching or nonelective contributions to the Plan. Contributions are subject to certain limitations.

Participant accounts

The Plan currently offers mutual funds and common collective trusts as investment options for participants. Each participant's account is credited with the participant's contribution and allocations of Plan earnings and the employer's contribution. Allocations are based on participant earnings or account balances, as defined. Each participant is entitled to the benefit that can be provided from his or her vested account.

Vesting

Participants vest immediately in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based upon years of continuous service. Participants are 100% vested in profit sharing contributions and matching contributions after 5 years of service.

forfeitures may be used to reduce administrative expenses or employer contributions.

1. Plan Description – continued

Forfeited accounts

At December 31, 2020 and 2019, there were no forfeited nonvested accounts. Future

Notes receivables from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as transfers to (from) their investment funds from (to) the Participant Loans fund. Loan terms may range from 1 - 5 years for most loans and up to 30 years for the purchase of a primary residence, are secured by the balance in the participant's account, and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest on loans is to be repaid through monthly payroll deductions.

Payments of benefits

Plan benefits are available upon termination of employment, death, disability, or retirement. A participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants with a vested account balance greater than $5,000 may also elect to defer payment or receive partial distributions of his or her account.

The Plan also allows for in service withdrawals in limited circumstances, as defined by the Plan.

CARES Act

During 2020, the Plan allowed for relief as outlined by the Coronavirus Aid, Relief, and Economic Security (CARES) Act. Participants impacted by COVID-19 were permitted to take coronavirus-related distributions before December 30, 2020 of up to $100,000 without the 10% early withdrawal tax penalty. Impacted participants could also take a coronavirus-related loan from March 27, 2020 through September 22, 2020 of up to $100,000 or 100% of the participant's vested account balance.

2. Summary of Significant Accounting Policies

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies

Notes receivable from participants

Notes receivable to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis.

Investment valuation and income recognition

Plan investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income and capital gains are recorded on the accrual basis.

Payment of benefits

Benefits are recorded when paid.

Plan expenses

Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. Participant loans fees or transaction expenses are deducted from loan or distribution proceeds, as applicable, or are charged directly to the participant's account. A portion of expenses incurred by the Plan have been paid for by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements.

Date of management's review

Subsequent events were evaluated through October 15, 2021, which is the date the financial statements were available to be issued.

2. Information certified by trustee (unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the trustee.

	2020	2019
Investments, at fair value		
Mutual funds	$ 4,647,345	$ 1,754,150
Common collective trusts	494,196	293,659
Notes receivable from participants	170,872	98,224
Net appreciation in fair value of investments	1,145,914	
Interest and dividend income	169,316	
Interest income on notes receivable from participants	11,198	

3. Investments

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The three levels of the fair value hierarchy are described below.

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 – Inputs to the valuation methodology are unobservable.

Mutual Funds - The fair value of mutual funds is based on quoted market prices of the shares held by the Plan at year-end.

Common collective trusts – The fair value of the funds are valued at net asset value of collective trusts, as provided by the fund manager, a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant directed redemptions are allowed daily with no restrictions. There are no unfunded commitments.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Investments - continued

The following tables set forth by level and by investment class, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019.

December 31, 2020 Description	Total	Level 1	Level 2	Level 3
Mutual funds	$ 4,647,345	$ 4,647,345	$ -	$ -
Total investments in the fair value hierarchy	4,647,345	$ 4,647,345	$ -	$ -
Investments measured at net asset value**				
Common Collective Trusts	494,196			
Total investments measure at fair value	$ 5,141,541			

December 31, 2019 Description	Total	Level 1	Level 2	Level 3
Mutual funds	$ 1,754,150	$ 1,754,150	$ -	$ -
Total investments in the fair value hierarchy	1,754,150	$ 1,754,150	$ -	$ -
Investments measured at net asset value**				
Common Collective Trust Fund	293,659			
Total investments measure at fair value	$ 2,047,809			

** In accordance with subtopic 820-10, certain investments that were measure at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested.

6. Party-in-interest transactions

Plan assets include notes receivable from participants. These transactions qualify as party-in-interest transactions. Investment fees and expenses associated with Plan administration are paid to certain parties-in-interest. All of these transactions are exempt from the prohibited transaction rules under ERISA.

7. Tax status

The Plan Sponsor has adopted a prototype plan and is relying on the prototype sponsor's IRS opinion letter for qualification. In the prototype sponsor's opinion letter dated July 16, 2014, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is not subject to income tax examination for years prior to 2018.

8. Plan administration

Certain administrative functions are performed by officers or employees of the plan sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses are paid by the Plan.

9. Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020.

Net assets available for benefits per the financial statements	$5,340,338
Contribution receivable as of December 31, 2020	(27,925)
Net assets available for benefits as reported in Form 5500	$5,312,413

9. Reconciliation of financial statements to Form 5500 - continued

The following is a reconciliation of the increase in net assets available for benefits per the financial statements for the year ended December 31, 2020 to the Form 5500:

Increase in net assets available for benefits per the financial statements	$ 511,392

Contribution receivable as of December 31, 2019	6,729
Increase in net assets available for benefits per the Form 5500	$ 490,196

10. Risks and uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. Subsequent events

In January 2021, the Appearance Group, Inc. 401(k) Retirement Plan and the Global Aviation Services, LLC 401(k) Plan were merged into the PrimeFlight Aviation Services, Inc. 401(k) Retirement Plan and assets of approximately $8,275,000 were transferred into the Plan. All participants in the previous plan became participants in the PrimeFlight Aviation Services, Inc. 401(k) Retirement Plan.
