The Company is the Plan administrator and is responsible for the operations of the Plan. Reliance Trust Company (the "Trustee") holds the Plan's investment assets and executes investment transactions.

Eligibility

All employees of the Company, other than certain nonresident aliens who have no earned income from sources within the United States, leased employees, and employees covered by a collective bargaining agreement as defined, are eligible to participate in the Plan on their date of hire.

Contributions

Participants are permitted to make pre-tax and Roth contributions up to 80%, less mandatory payroll deductions, of their compensation up to the limitation specified in the IRC in effect for each taxable year. For 2020, participants were permitted to contribute up to a maximum of $19,500, with an additional $6,500 catch-up contribution for employees over 50 years of age. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company provides for safe harbor matching contributions equal to 100% of participants salary deferrals that do not exceed 3% of compensation plus 50% of salary deferrals between 3% and 5% of compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, and Plan earnings. Participant accounts are charged with participant distributions, if any, and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all their contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants are allowed to borrow up to one loan at a time from their accounts an amount equal to no less than $1,000 and no greater than $50,000 or 50% of the participant's vested balance, reduced by the highest outstanding loan balance in the previous 12 months. The loans bear interest, and principal and interest are repaid ratably through payroll deductions. The loans bear interest at the prime rate at the time of the loan plus two percentage points. At December 31, 2020, interest rates for notes receivable from participants ranged from 5.75% to 6.50%. General purpose loans must be repaid within five years, and loans used to purchase a primary residence may be paid over a longer period of time subject to the provisions of the IRC.

Investment Options
Each participant directs participant and Company contributions to any of the investment options offered by the Plan. Participants may change their investment elections amongst these options at any time.

Payment of Benefits
After participants reach age 59-1/2, they may withdraw all or a portion of their vested account balance at any time and for any reason. Prior to age 59-1/2, in-service withdrawals from the Plan are not allowed, except for financial hardships. Termination withdrawals are a result of death, disability, termination of employment or retirement and can be a lump-sum or partial distribution. Vested balances under $5,000 are automatically distributed upon a participant's severance of employment.

Forfeitures
There were no forfeited non-vested accounts as of December 31, 2020. No forfeitures were utilized during the year ended December 31, 2020. Per the Plan document, forfeitures can be used to reduce Company matching contributions or reduce Plan expenses.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. If the Plan were to terminate, participants would become fully vested in their account balances.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared in compliance with the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires the Company to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein at the date of the financial statements and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition
The Plan's investments are recorded at fair value. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Payment of Benefits
Benefit payments are recorded when paid.

Administrative Expenses
Plan expenses can be paid directly by the Company or by the Plan. Administrative expense paid by the Plan was $14,625 for the year ended December 31, 2020. Certain investment related expenses are included in net appreciation and are not readily determinable.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The 2019 novel coronavirus (or "COVID-19") has adversely affected and may continue to adversely affect economic activity globally, nationally and locally. Following the COVID-19 outbreak in March 2020, the values of investment securities have experienced significant volatility. These economic and market conditions and other effects of the COVID-19 outbreak may continue to cause volatility. The extent of the adverse impact of the COVID-19 outbreak on the Plan participants' account balances cannot be predicted at this time.

3. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Trustee of the Plan has certified the completeness and accuracy of all investments and related investment activity in the accompanying statement of net assets available for benefits as of December 31, 2020, the statement of changes in net assets available for benefits for the year ended December 31, 2020 and the accompanying supplementary schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020. The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplementary schedule.

4. FAIR VALUE MEASUREMENTS

GAAP guidance relating to fair value measurements establishes a framework for measuring fair value and clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value:

Common/Collective Trusts: Valued at the net asset values ("NAV") of the underlying investments as adjusted for the trust's related liabilities and administrative expenses charged. There are no redemption restrictions or unfunded commitments of the Plan related to these investment. The fair value of these investments are measured using the net asset value practical expedient and are not classified in the fair value hierarchy.

Registered Investment Companies: Valued at the daily closing price as reported by the fund and include mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset values and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets and investment categories at fair value as of December 31, 2020 and 2019:

	2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 9,797,657	$ -	$ -	$ 9,797,657
Investment measured at NAV				
Common collective trusts				271,917
Total investments at fair value				$ 10,069,574

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 6,122,288	$ -	$ -	$ 6,122,288
Investment measured at NAV				
Common collective trusts				13,268
Total investments at fair value				$ 6,135,556

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. PARTIES-IN-INTEREST TRANSACTIONS

Certain fees and expenses of the Plan are paid by the Company. Additionally, certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Notes receivable from participants are also parties-in-interest. All such parties-in-interest transactions are considered exempt from the prohibited transactions rules.

6. TAX STATUS

The Plan adopted a prototype profit sharing plan which obtained its latest opinion letter on July 16, 2014 in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Furthermore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

8. SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events occurring after December 31, 2020 through October 15, 2021, the date the financial statements were available to be issued. Based on this evaluation, the Plan has determined that no subsequent events have occurred which require adjustment to or disclosure in these financial statements.
