Part I	Asset and Liability Statement		(a) Beginning of Year	(b) End of Year
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Murad, LLC 401(K) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Murad, LLC 401(K) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility for the Financial Statements

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Matrix Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executed investment transactions for the years ended December 31, 2020 and 2019. The plan administrator has obtained certifications from the trustee as of December 31, 2020 and 2019 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2020 and 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MURAD, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Murad, LLC 401(K) Plan (the Plan) provides only general information. Participants should refer to the plan document or summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Murad, LLC (the Employer) for the benefit of its employees who have completed 30 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendment - As a result of the Bipartisan Budget Act of 2018 and effective January 1, 2019, the requirement to exhaust loan distributions prior to receiving a hardship distribution was removed from the Plan. Additionally, participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal.

Contributions - Participants may contribute up to 100% of annual compensation as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Employer may make employer match and profit sharing contributions at its discretion. The Employer provided a match of 50% of participants' deferral up to a maximum of \$3,000 for the years ended December 31, 2020 and 2019. No profit sharing contributions were provided for the years ended December 31, 2020 and 2019.

Participant investment account options - The Plan currently offers a money market account, a variety of mutual funds, a stable value common collective trust fund, and a guaranteed investment contract as investment options for participants. Participants may also purchase certain investments not offered by the Plan through an individually directed account.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

MURAD, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Vesting - Participants' contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), the available loan limit was increased to \$100,000 or 100% of the participant's vested account balance. The CARES Act also delayed loan payments for a COVID-19 qualified individual for any loan outstanding on or after March 27, 2020 through December 31, 2020 and, if applicable, extends the loan for up to one year. This increased loan limit was allowed to be taken from March 27, 2020 through September 22, 2020.

Payment of benefits - On termination of service, retirement, or reaching age 59 ½, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, participant account balances that are less than \$5,000 will be automatically distributed as a lump sum. Upon the death of a participant, benefit payments are made to the beneficiary.

The CARES Act was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request special penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons. These reasons include the participant, spouse or dependent diagnosed with COVID-19, adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced, or being unable to work due to a lack of childcare due to COVID-19. The special coronavirus-related distributions waive the 10% early withdrawal penalty and were allowed to be made between January 1, 2020 and December 31, 2020.

Forfeited accounts - At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$22,787 and \$25,512, respectively. These accounts will be used to reduce future employer contributions. Also, for the years ended December 31, 2020 and 2019, employer contributions were reduced by \$25,543 and \$63,661 and plan expenses by \$0 and \$2,507, from forfeited nonvested accounts.

MURAD, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

New accounting pronouncements - In August 2018, the Financial Accounting Standard Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement - Disclosure Framework (Topic 820)*. The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The adoption of ASU 2018-13 do not have a material impact on the Plan's financial statements.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019

Unit values - Individual participant accounts for the stable value common collective trust funds are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Excess contributions payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

MURAD, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Employer and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Recordkeeping services are allocated to participants' accounts and are also included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(3) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company (Matrix Trust), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Investments at contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividends
- Interest
- Other income
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

MURAD, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Update (ASC) 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measure at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money market account: Valued at cost, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Stable value common collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the Net Asset Value (NAV) of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

MURAD, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurement (continued)

Self-directed brokerage: The investment is a limited partnership in which the fair value is determined by the partnership at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

Investments as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,873,639	-	-	\$ 14,873,639

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

MURAD, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurement (continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2020:

Balance, beginning of year	\$ 300,240
Unrealized loss relating to instruments still held at the reporting date	<u>(300,240)</u>
Balance, end of year	<u>\$ -</u>

The amount of total gains or losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	<u>\$ (300,240)</u>
---	---------------------

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2019:

Balance, beginning of year	\$ 300,240
Unrealized gain relating to instruments still held at the reporting date	<u>-</u>
Balance, end of year	<u>\$ 300,240</u>

The amount of total gains or losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	<u>\$ -</u>
---	-------------

Gains and losses (realized and unrealized) included in the changes in net assets for the periods above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is based on NAV per share as of December 31, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

Stable value common collective trust fund	\$ 675,027	\$ 491,788	-	Daily	90 days

MURAD, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(5) **Common collective trust fund**

The Morley Stable Value Fund (the Fund) is a common collective trust fund that is considered to be a stable value fund with underlying investments in investment contracts which are valued at contract value. The Fund is a stable value fund that is an open-end commingled pool dedicated exclusively to the management of assets of defined contribution plans. The Fund's investment objective is to seek preservation of capital and a competitive level of income over time. To achieve its investment objective, the Fund invests in underlying assets (typically fixed income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enters into a "wrapper" contract issued by a third party. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

However, certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with plan participants are probable of occurring. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals.

(6) **Guaranteed investment contract with insurance company**

The Plan has a fully benefit-responsive guaranteed investment contract with American United Life Insurance Company (AUL), parent company of OneAmerica Retirement Services, LLC, the Plan's record-keeper. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting interest rate is reviewed on a daily basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement for the guaranteed investment contract. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

MURAD, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(6) Guaranteed investment contract with insurance company (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan.), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

(7) Related party transactions

Matrix Trust is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. OneAmerica Retirement Services, LLC (OneAmerica) provides the Plan's recordkeeping services and therefore, these transactions qualify as part-in-interest transactions.

OneAmerica provides certain administrative services to the Plan pursuant to a services agreement between the Plan and OneAmerica. OneAmerica receives revenue from mutual fund service providers for services OneAmerica provides to the funds. This revenue is used to offset certain amounts owed to OneAmerica for its administrative services to the Plan.

If the revenue received by OneAmerica from such mutual fund service providers exceeds the amount owed under the services agreement, OneAmerica remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants. During 2020 and 2019, there were no excess amounts. The Plan or Plan Sponsor may make payments to OneAmerica for administrative expenses not covered by revenue sharing.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to OneAmerica of \$9,014 and \$6,135 for the years ended December 31, 2020 and 2019, respectively, which was not covered by revenue sharing. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA. The Employer pays directly any other fees related to the Plan's operations.

(8) Plan termination

In May 2021, the Plan Sponsor of the Plan decided to terminate the Plan, at which time all participants' account balances became 100% vested. As a result, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations.

Net increase per the financial statements	\$ 1,357,485	\$ 1,723,915
Adjustment to fair value	300,240	-
Excess contributions refundable	58,947	-
Net increase per Form 5500	<u>\$ 1,716,672</u>	<u>\$ 1,723,915</u>

(10) Tax status

The IRS has determined that the Volume Submitter Profit Sharing plan with CODA is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and informed the trustee of such in a letter dated July 8, 2014. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

MURAD, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(11) **Risks and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2020 and 2019, approximately 16% and 17% of the Plan's investments were invested in BNY Mellon S&P 500 Index Fund, respectively.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of the coronavirus (the "COVID-19 outbreak") creating risks to the international community as the virus spread globally. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. The pandemic has adversely affected global economic activity and greatly contributed to significant instability in financial markets. As a result, there has been a heightened market risk and the Plan's investment portfolio has experienced significant volatility in fair value in response to changing market conditions, which has been reflected within the net appreciation in fair value of investments reported in the statements of net assets available for benefits.

(12) **Subsequent events**

In May 2021, the Plan Sponsor of the Plan decided to terminate the Plan, at which time all participants' account balances became 100% vested, see Note 8.

The Plan has evaluated subsequent events through October 15, 2021, which is the date the financial statements were available to be issued.

Matrix Trust Company's Role in Assisting Plan Sponsors in Completing Schedule C

Plan sponsors are responsible for completing the annual Form 5500 filing and are tasked with identifying and reviewing the reportable Schedule C compensation paid to plan service providers. The information contained in this communication is being provided to assist in the completion of Schedule C for Form 5500 filing for the 2020 plan year (which would be filed during 2021).

It is important for TPAs and plan sponsors to understand that Matrix Trust Company ("Matrix Trust") can only provide information related to its compensation as a service provider. Matrix Trust can provide activity related to payments made to other service providers only to the extent that the compensation flows through either the trust, the custodial account, or a fund service fee account. Investment product disclosures, annual reports and prospectuses (as applicable) should be reviewed for other components of reportable compensation under Schedule C.

Where compensation can be classified as Eligible Indirect Compensation ("EIC"), Matrix Trust has provided the appropriate disclosures in this document rather than a set dollar amount for each plan, as permitted under guidance issued by the U.S. Department of Labor.

I. REPORTING REQUIREMENTS

Plan sponsors of retirement plans with over 100 participants must identify persons who indirectly or directly received \$5,000 or more in compensation during the plan year for services rendered to the Plan on Schedule C of Form 5500.

II. DIRECT COMPENSATION

Direct compensation paid to Matrix Trust by your plan is reported on your account statement or other reports provided by Matrix Trust, for example, a check register. These reports enable you to determine any payments that may have been made directly from plan assets.

To the extent Matrix Trust fees are asset based, fees will be calculated utilizing a daily average balance for the invoice period.

To the extent that Matrix Trust fees are paid by the plan sponsor and not reimbursed by plan assets, the fees do not represent direct or indirect compensation paid to Matrix Trust for purposes of 408(b)(2).

III. INDIRECT COMPENSATION

Matrix Trust, or an affiliate, may have received indirect compensation from sources other than your plan during the past calendar year. Matrix Trust is providing a description of the formula used to calculate or determine indirect compensation so this compensation can be reported as "Eligible Indirect Compensation" paid to Matrix Trust or an affiliate on Schedule C of the Form 5500 for the 2020 plan year, if compensation paid meets the reporting thresholds.

Matrix Trust may have received indirect compensation in connection with services:

- in the form of "float" income
- through its affiliate(s) and/or other parties as described below, and to the extent applicable, with respect to Investment Related Administrative Fee Services, Brokerage Accounts, Retirement Cash Account, ModelTool(K)it™, Level Compensation Services, ETF/Closed End Fund Trading Services, Stale Dated Check Services, and Proceeds of Corrective Transactions.

Float Income

Non-interest bearing general or omnibus accounts are maintained at JPMorgan Chase Bank, N.A., and TD Bank, N.A., both of which are unaffiliated institutions to Matrix Trust, in order to facilitate transactions of retirement plans. Matrix Trust may receive earnings for the period that the funds are held in these accounts. The earnings credited on these amounts are known as "float".

Float earnings are considered eligible indirect compensation for Schedule C of Form 5500 purposes and indirect compensation under ERISA Section 408(b)(2). Information with respect to the determination of float earnings is incorporated on page 4 of this document.

A. CASH SUB-ACCOUNTING SERVICES/FLOAT INCOME

Matrix Trust also provides sub-accounting services to certain banking institutions, with respect to cash held on a short-term basis in their omnibus accounts. With respect to the Plan, this may occur where, for example, Plan funds are awaiting investment, distribution or other processing. As described below under the section titled: “Matrix Trust - Float Disclosure for Employee Benefit Plans,” Matrix Trust may derive compensation from the use of this short-term cash, which is referred to as “float income.” Currently, Matrix Trust has arrangements with two banks – JP Morgan Chase and TD Bank – under which the banks pay float income to Matrix Trust in exchange for its sub-accounting services. Float income is reflected as an earnings credit or service fee on monthly bank invoices.

The exact amount of float income credited from these two banks to Matrix Trust cannot be described in precise terms, because the rate of float income paid fluctuates over time (it generally tracks the Federal Funds Rate), and it is also impossible to predict exactly how much Plan cash will be held on a short-term basis, and for how long. Please refer to the section below titled “Matrix Trust - Float Disclosure for Employee Benefit Plans” for more information.

B. INVESTMENT RELATED ADMINISTRATIVE FEE SERVICES (if elected and to the extent applicable)

Where Matrix Trust has been so authorized, Matrix Trust through its affiliate and registered broker dealer, MSCS Financial Services Division of Broadridge Business Process Outsourcing, LLC (“**MSCS Financial**”), may receive fees from certain investment companies, mutual funds, stable value funds, guaranteed investment contracts, guaranteed annuity contracts and similar investment vehicles (the “**Funds**”) in the form of 12b-1 fees or firm concessions (i.e., finders fees), or in the form of shareholder servicing, sub-transfer agent and sub-accounting fees (“**Mutual Fund Fees**”).

In accordance with the Administrative Fee Collection Addendum or other fee documentation or disclosures, Matrix Trust may deposit an amount equal to a percentage (or percentages) of the Mutual Fund Fees collected to an Administrative Fee Account for the administrative services provided to the plan (“**Administrative Fees**”). The Administrative Fees will remain in the Administrative Fee Account until Matrix Trust is instructed to disburse it.

MSCS Financial is compensated by the collection of Mutual Fund Fees. In accordance with an intercompany agreement between MSCS Financial and Matrix Trust, MSCS Financial pays to Matrix Trust the Administrative Fees, which Matrix Trust, in turn, pays out in accordance with the Administrative Fee Collection Addendum or other fee documentation or disclosures. MSCS Financial may retain for its services an amount up to 10% of Mutual Fund Fees collected or a flat fee amount of up to \$500; the actual percentage or flat fee amount for Mutual Fund Fee collection is reflected in the Administrative Fee Collection Addendum or other fee documentation or disclosures executed by the named Fiduciary and/or its authorized representative(s).

Administrative Fees are generated only to the extent the following are all true:

- the plan has selected its investment options from those that are available on the Matrix Trust platform;
- the plan has holdings in investment options which generate Mutual Fund Fees; and
- the plan Sponsor or Authorized Person has authorized Matrix Trust, through its affiliate, to collect the Mutual Fund Fees.

If the plan is trading on Matrix Trust’s trading platform and Mutual Fund Fees are available for the plan investment options selected for the plan, available Mutual Fund Fees are identified on the plan fund list in the Sub-TA and 12b-1 columns for each investment option listed and is paid by the investment provider offering the fund.

In addition, payments to parties other than MSCS Financial or Matrix Trust from the related Administrative Fee Account statement may be reportable as direct or indirect compensation paid to *those* parties.

C. CERTAIN BROKERAGE ACCOUNTS (if elected and to the extent applicable)

If the Plan offers a self-directed brokerage account (“**SDBA**”) option to Plan participants, SDBA balances remain subject to the services and fees described under other sections of this schedule, to the extent applicable.

Also, where the named fiduciary of the plan and/or its authorized representative(s) has directed Matrix Trust to establish SDBA that is a TD Ameritrade Brokerage Account, pursuant to an agreement TD Ameritrade, Matrix Settlement and Clearing Services, LLC (“**MSCS**”) will provide account reconciliation services, account set-up and maintenance, movement of cash between the plan’s core accounts and SDBAs, and related administrative tasks. For these services, and others, MSCS will receive quarterly, in arrears, an amount equal to 0.0175% (1.75 basis points) of the value of plan assets in the TD Ameritrade SDBAs during such quarter, based on the average of the plan assets held in the SDBAs on the last business day of each month in the applicable quarter. This rate shall apply for the calendar quarter ending March 2020 and shall decrease as follows to 0.01% (1 basis point) for the calendar quarter ending June 2020, then 0.0075% (0.75 basis points) for the calendar quarter ending September 2020, then 0.005% (0.5 basis points) for the calendar quarter ending December 2020 with subsequent quarters to be calculated at the rate of 0.00375% (0.375 basis points). TD Ameritrade pays these fees to MSCS.

In all cases, the fees described above do not include brokerage commissions or other fees payable to TD Ameritrade, or other SDBA provider, who are unaffiliated with Matrix Trust, MSCS and MSCS Financial.

D. RETIREMENT CASH ACCOUNT (if elected and to the extent applicable)

Matrix Trust receives fees with respect to the Retirement Cash Account, to the extent permitted by Applicable Rules, for providing services with respect to the account and the accountholders. Specifically, as provided under an agreement with JPMorgan Chase Bank, N.A. (“**JPMCB**”), Matrix Trust receives a servicing fee in exchange for providing sub-accounting and support services, processing transactions and reconciling aggregate account activity with respect to funds deposited in the Retirement Cash Account with JPMCB. The servicing fee is deducted by Matrix Trust from the total interest paid to Matrix Trust by JPMCB, and is the difference between the total interest rate paid to Matrix Trust by JPMCB and the stated interest rate paid to plan participants on their investments in the Retirement Cash Account. In other words, the servicing fees paid to Matrix Trust reduce the interest rate paid to plan participants by a corresponding amount.

At each rate of total interest paid by JPMCB (from 0.00% up to 5.00%), the share of such total interest that is credited as the “stated rate” of interest to plan participants on their Retirement Cash Account balances, and the share of such total interest that is retained by Matrix Trust as its servicing fees, are set forth under a pre-established rate table. Such servicing fees are based on the average daily deposit balances in the Retirement Cash Account. The rate of the servicing fee that Matrix Trust receives may exceed the interest rate or effective yield the depositors receive from the Retirement Cash Account. No portion of these servicing fees will reduce or offset the fees otherwise due to Matrix Trust unless required by Applicable Rules. “Applicable Rules” means all applicable federal and state laws, rules and regulations, rules of any self-regulatory organization, and the constitution and applicable rules, regulations, customs, and usages of the exchange or market and its clearinghouse. Unless stated otherwise in a separate schedule, other than the applicable fees charged on plan custody accounts, there are no separate charges, fees (other than the servicing fee described above), or commissions paid to Matrix Trust or its affiliates as a result of, or otherwise in connection with, the Retirement Cash Account.

For more specific information, the current interest rate payable at any given time will be available online at:

<https://www.broadridge.com/resource/matrix-trust-company>.

A copy of the full rate table and the current interest rate payable at any given time may be obtained by calling Matrix Trust Client Services at 888-947-3472.

Current Retirement Cash Account disclosures and rates payable are likewise available online at:

https://www.broadridge.com/_assets/pdf/broadridge-msb-retirement-cash-account.pdf.

As of February 1, 2021, the total rate of interest being paid by JPMCB is 0.20% (20 basis points), and as provided in the rate table, this means that Matrix Trust’s servicing fees are equal to 0.15% (15 basis points).

However, as the total interest rate paid by JPMCB increases, the servicing fees will likewise increase, and if the total interest rate paid by JPMCB decreases, the servicing fees will likewise decrease. While the full rate table is available and accessible (as explained above), it is very voluminous. However, the following summarizes the general ranges of the stated interest rates paid to Plan participants and Matrix Trust's servicing fees at various rates of total interest, as determined under the rate table:

When the total rate of interest paid (annually) by JPMCB is between:	The stated interest rate paid to plan participants ranges from:	The servicing fees retained by Matrix Trust ranges from:
0.00% and 0.50%	0.00% and 0.13%	0.00% and 0.37%
0.51% and 1.00%	0.13% and 0.25%	0.38% and 0.75%
1.01% and 2.00%	0.26% and 0.50%	0.75% and 1.50%
2.01% and 3.00%	0.51% and 1.23%	1.50% and 1.77%
3.01% and 4.00%	1.23% and 1.90%	1.78% and 2.10%
4.01% and 5.00%	1.91% and 2.63%	2.10% and 2.37%

Based upon the total rates of interest paid by JPMCB in recent periods, and the total rates of interest that Matrix Trust generally expects that JPMCB would intend to pay in the future, a reasonable estimate of the servicing fees retained by Matrix Trust would usually be between 0% and 2.37%. However, we should emphasize that Matrix Trust cannot control or predict the total interest rates payable by JPMCB in the future, which makes it impossible to predict the rate of Servicing Fees we will receive at any given time. Therefore, to help you make a fully informed decision about whether to utilize (or continue utilizing) the Retirement Cash Account at any given time, we strongly recommend that you access the online materials or contact Matrix Trust Client Services as described above, to be provided with more detailed information.

E. MODELTOOL(K)IT™SERVICES (if elected and to the extent applicable)

Where the named Fiduciary of the plan and/or its authorized representative(s) has entered into an agreement to subscribe to ModelTool(k)it™ (“MTK”) for the plan, a total annual fee of 0.025% (2.5 basis points), the ModelTool(k)it™ Platform Fee, charged monthly in arrears applies to the market value of assets covered under the MTK agreement. This fee is deducted directly from the plan account from the assets covered under the MTK agreement. Of the total fee, a third-party subcontractor of MSCS, Envestnet Retirement Services (“ERS”) receives approximately (no less than) 0.02% (2.0 basis points) as its compensation for providing services detailed in the plan's MTK agreement, and MSCS itself will retain approximately (no more than) 0.005% (0.5 basis points) for facilitating MTK as a service on the MSCS trading platform. All other applicable services and fees will continue to apply, except that if investments subject to the MTK agreement generate Mutual Fund Fees, MSCS Financial will collect such Mutual Fund Fees as compensation, but Matrix Trust will credit back Administrative Fees in an amount equal to one hundred percent (100%) of such Mutual Fund Fees to the TPA.

F. LEVEL COMPENSATION SERVICES (if elected and to the extent applicable)

Where the named Fiduciary of the plan has engaged a broker (registered representative) whose firm utilizes the Matrix Trust Level Compensation Services, in addition to any other applicable services and fees, MSCS Financial will serve as Broker of Record for investment transactions, and will retain up to 0.02% (2 basis points) of the plan's total assets, with such fees coming from any 12b-1 fees and shareholder servicing (“**Level Compensation Fees**”) it collects from the Funds on behalf of the broker. For certain plans whose investment lineup pays differing compensation per investment, brokers may receive Level Compensation Fees based on an approximate weighted average (“**Weighted Average**”) of fees paid by or on behalf of Funds. Where Weighted Average is in place, MSCS Financial may retain an overage in the amount fees received from or on behalf of the Funds. This overage amount may be an amount up to 0.05% (5 basis points) of Plan assets because Weighted Average Level Compensation Fee percentages are set by MSCS on 0.05% (5 basis point) increments. If you have engaged an investment adviser for your plan whose firm utilizes the RIA Remittance Services of the MSCS Level Compensation Services, in addition to any other applicable services and fees, MSCS will be paid a fee of up to 0.015% (1.5 basis points) of the Plan's total assets (also referenced as “**Level Compensation Fees**”). With respect to brokers, the Level Compensation Fees are in exchange for MSCS Financial's administrative services in collecting and distributing Level Compensation Fees to the broker. With respect to investment advisers, the Level Compensation fees are in exchange for MSCS's administrative services in collecting from the TPA and

distributing to the investment adviser the adviser's advisory fees (i.e., facilitating RIA fee remittance services). Per the agreement setting forth the Level Compensation Services between MSCS and the broker-dealer or investment advisory firm, this compensation is deducted from Level Compensation Fees as received from the plan's Funds.

G. ETF/CLOSED END FUND TRADING SERVICES (if elected and to the extent applicable)

In addition to all other applicable services and fees, if the plan offers one or more exchange-traded funds ("ETFs") and/or closed end funds ("CEFs") as investment options to plan participants, a third-party unaffiliated subcontractor of MSCS, Virtu Americas LLC ("**Virtu**") (formerly known as "**Knight Capital Group**" or "**KCG**") receives certain commissions for executing ETF/CEF trades processed on the MSCS trading platform (per the agreement between Matrix Trust/MSCS and the TPA). Per the agreement between Matrix Trust/MSCS and the TPA, the commissions paid to Virtu are generally deducted directly from the Plan account (i.e., "netted" from the ETF/CEF trade) unless, per the agreement between Matrix Trust/MSCS and the TPA, the TPA is invoiced for such charges instead. Virtu's commission charges, as the executing ETF/CEF broker, are:

- \$0.01 per share per ETF/CEF trade received by MSCS prior to 3:00 pm Eastern Time, or one (1) hour prior to market close, with market on close execution; or
- \$0.005 per share per ETF/CEF trade processed during market hours (with pricing changing throughout the trading day).

MSCS (along with Matrix Trust and MSCS Financial) does not retain any of Virtu's commissions described above; rather, Virtu receives 100% of these additional ETF/CEF commissions. However, Virtu's commissions are in addition to, not in lieu of, all other applicable fees, including but without limitation the Administrative Fees described above under the heading "Investment Related Administrative Fee Services". Additionally, for ETF/CEF trades to receive pricing as of market close ("**Market-on-Close ETF/CEF Trades**"), Virtu will price such trades as of the closing price for such ETFs/CEFs, and in the process may incur gains and losses from such trades by executing hedging transactions in advance of the market close for the purpose of helping to ensure that the desired Market-on-Close ETF/CEF Trades can be timely processed at the closing price. Such short-term gains and losses should generally offset each other and are therefore not expected to result in any additional net profit or "compensation" to Virtu over time.

ETF/CEF trade instructions may be received by MSCS after market close. When this occurs, the transaction will be processed the following business day. Because the price of an investment may change between the receipt of instructions and the execution of instructions, a transaction may result in either a shortfall or an excess. If the transaction results in a shortfall, Matrix Trust will promptly cover the shortfall to the extent necessary to process the transaction based on the price that would have been paid or realized by the Plan had the transaction been processed on the day Matrix received instruction. If the transaction results in an excess, Matrix Trust will retain the amount of the excess in a suspense account to be applied to future shortfalls. Additionally, Matrix Trust will retain nominal trading gains and incur nominal trading losses as a result of Matrix Trust's acquisition or disposal of fractional ETF/CEF shares necessary to complete ETF/CEF trade instructions. Such nominal gains and losses should generally offset each other and are therefore not expected to result in any additional net profit or "compensation" to Matrix Trust over time.

H. STALE DATED CHECK SERVICES

Matrix Trust provides services to assist with the resolution of Plan participants' stale dated checks, as directed by an Authorized Person. Where the named Fiduciary of the plan and/or its authorized representative(s) has elected to utilize certain services to assist in the resolution of participant related stale dated checks, a subcontractor to Matrix Trust and MSCS, PBI Research Services, Pension Benefit Information, LLC ("**PBI**"), receives \$40 per check as direct compensation which is deducted directly from the plan (i.e., from the stale dated check amount). This compensation to PBI is for its services which includes conducting a search, related communications, and distributing funds to affected plan participants. All float income to Matrix Trust will cease with respect to the stopped check from the time the check is stopped, but float income related to the period beginning with the issuance of the distribution check through the date the check was stopped will be retained by Matrix Trust.

I. **PROCEEDS OF CORRECTIVE TRANSACTIONS**

Matrix Trust receives investment instructions and, although rare, occasional errors in the instructions themselves or the processing of instructions may occur. The causes of such errors may include, but are not necessarily limited to, entry of an erroneous trade ("buy" vs. "sell," or vice versa), dollar amount or number of shares, incorrect identification of the security, duplication of orders (such as, instructions entered more than once), or untimely transmittal of instructions. When an error is discovered, action is taken to correct the transaction in a manner intended to avoid or minimize harm or disruption to the Plan. Because the price of an investment may change between the processing of erroneous instructions and the execution of corrective instructions, a corrective transaction may result in either a shortfall or an excess. If the error originates with Matrix Trust and the corrective transaction results in a shortfall, Matrix Trust will promptly cover the shortfall to the extent necessary to process the transaction based on the price that would have been paid or realized by the Plan had the transaction been processed as instructed. If the corrective transaction results in an excess, Matrix Trust will retain the amount of the excess in a suspense account to be applied to future shortfalls resulting from trade errors. Consistent with positions expressed by the U.S. Department of Labor, any such excess proceeds may be treated as compensation to Matrix Trust for its services. The amount of any such compensation cannot be predicted in advance, but generally is not expected to be material over time.

IV. **NON-MONETARY COMPENSATION**

Matrix Trust and MSCS Financial maintain policies that place limits on the circumstances under which gifts, travel and entertainment may be accepted by employees. Other than for modest gifts given or received in the normal course of business, employees are not permitted to receive gifts from clients and vendors. Under the 408(b)(2) regulation, a service provider's acceptance of these non-monetary items may involve the receipt of indirect compensation from a plan where the value attributable to the plan, on a pro rata basis, exceeds \$250 over the term of the plan's contract with the service provider. In light of the policies, Matrix Trust does not anticipate that the value of any such non-monetary items will approach the \$250 threshold with respect to the plan.

MATRIX TRUST COMPANY
FLOAT DISCLOSURE FOR EMPLOYEE BENEFIT PLANS

I. ADDITIONAL COMPENSATION ATTRIBUTABLE TO FLOAT

Matrix Trust Company (“**Matrix Trust**”) may derive compensation from the use of cash held on behalf of client plans pending investment, distribution or other processing. This compensation is referred to as “float”. The disclosures contained in the following paragraphs have been prepared in accordance with U.S. Department of Labor guidance contained in Field Assistance Bulletin 2002-3 concerning service provider float disclosure obligations to employee benefit plan customers.

In connection with Matrix Trust’s provision of services to plan customers, Matrix Trust maintains various banking arrangements to facilitate movements of cash as necessary to process plan customer transactions, including arrangements with one or more banks. Under these arrangements, cash may be held in general or “omnibus” bank accounts established by or at the direction of Matrix Trust, pending investment, trade settlement, or the presentment of distribution checks for payment. These accounts generate float earnings for Matrix Trust. The proportionate share of those earnings attributable to the funds of a particular plan constitutes compensation that is paid by the plan and retained by Matrix Trust in connection with Matrix Trust’s services and is in addition to any other fees or compensation payable under the service arrangement.

As of the date of this disclosure, Matrix Trust’s only banking arrangements described above are with JPMorgan Chase Bank, N.A. and TD Bank, N.A. both of which are unaffiliated institutions to Matrix Trust.

The paragraphs below describe the specific circumstances under which float will be earned and retained, the time frames applicable to float earnings periods, and a general description of the rate of float earnings.

II. CIRCUMSTANCES AND TIME FRAMES DURING WHICH FLOAT MAY BE EARNED

A. Contributions

Plans direct cash contributions to Matrix Trust through a demand deposit account Matrix Trust maintains for that purpose. Matrix Trust credits the amount of a plan’s cash contribution to the plan’s Matrix Trust account (“**Client Account**”) on the business day it is received. If the Client Account uses a cash sweep, the cash contribution is swept from the demand deposit account and invested on the plan’s behalf on the next business day. Matrix Trust earns float on the cash contribution between the business day of deposit and the next business day. A “business day” is a day on which the New York Stock Exchange is open for business.

If a Client Account does not use a cash sweep, Matrix Trust earns float on the cash contribution from the business day of deposit until Matrix Trust receives investment instructions from the plan and the investment transaction settles. Upon Matrix Trust’s receipt of investment instructions in good order, settlement of mutual fund trades generally occurs within one business day and settlement of individual securities trades (*i.e.*, stocks and bonds) generally occurs within three business days.

B. Purchases of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to purchase a security for a Client Account, Matrix Trust places the purchase trade order that same business day if the instructions are received prior to Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the purchase trade order is placed on the next business day.

When Matrix Trust settles a purchase trade order for a Client Account, Client Account assets required to pay for the purchase are transferred to a demand deposit account maintained by Matrix Trust on the trade settlement date. When a purchase trade order is cancelled or rejected, the funds previously set aside to pay for the purchase are re-credited to the Client Account and either invested through the cash sweep, if applicable, or retained in the deposit account pending other investment instructions, as described above.

C. Sales of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to sell a security for a Client Account, Matrix Trust places the sale trade order that same business day if the instructions

are received prior to Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the sale trade order will be placed on the next business day.

When Matrix Trust places or settles a sale trade for a Client Account, the Client Account receives the sales proceeds on the trade settlement date. If the Client Account does not use a sweep, Matrix Trust will earn float from the date Matrix Trust receives the sale settlement proceeds until Matrix Trust receives instructions to reinvest the sale proceeds as described above.

D. Payments from Client Accounts

Matrix Trust may earn float when it issues checks on behalf of plans including checks for (i) distributions to participants and/or beneficiaries, (ii) participant loan distributions, or (iii) fees paid to plan service providers. Matrix Trust does not earn float when payments or distributions are made by direct deposit (ACH) or by a federal funds wire transfer.

Matrix Trust will mail a distribution check to a plan participant or beneficiary on the payable date (the date printed on the check). On the same day, Matrix Trust debits the Client Account in the amount of the check. Matrix Trust will earn float on the amount of the check from the date the check is issued until the date the check is presented and paid.

Where Matrix Trust has been directed to establish periodic or recurring distribution checks, such payments are typically mailed to plan participants and beneficiaries prior to the payable date (for example, periodic payments are mailed six business days prior to the payable date). Matrix Trust debits the Client Account in the amount of the checks on the payable date. Matrix Trust is able to mail the checks before assets are withdrawn from the Client Account and sold because periodic distributions are of a predictable amount (generally a set dollar amount each payment cycle). Matrix Trust will only earn float on the amount of the check from the date the check is payable until the date check is presented and paid.

On a periodic basis, Matrix Trust will notify clients of outstanding periodic and lump sum distribution checks that Matrix Trust has issued. If an originally-issued check is reported lost or missing, Matrix Trust will re-issue the check upon receipt of direction from the client and/or other authorized party to instruct on the account. If the participant or beneficiary does not negotiate the check within a reasonable time, Matrix Trust reserves the right to re-credit (redeposit) the payment to the Client Account and to invest these funds at the direction of a Client Account fiduciary, or to disburse the funds as directed or otherwise in accordance with applicable law.

III. RATE ON FLOAT EARNINGS

The rate at which Matrix Trust earns float over the time periods described above is generally comparable to the effective Federal Funds Rate as reported in the Wall Street Journal over the applicable time frame.
