Woerner, Inc. d/b/a HCR Home Care (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Beginning in April 2020, the Plan enacted several provisions from the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), specifically, allowing coronavirus-related distributions and loan deferments throughout the remainder of 2020. The CARES Act distribution provision allowed participants to withdraw up to $100,000 due to adverse financial consequences from COVID-19. Loan deferments allowed impacted participants to defer their 401(k) loan repayments through the remainder of 2020, with loans being re-amortized, and loan repayments restarting in 2021. Finally, the processing of minimum required distributions was suspended for 2020, except upon participant request. The Company intends to formally amend the Plan before the end of the applicable remedial amendment period to reflect such provisions.

Eligibility:

Employees of the Company are eligible to participate in the Plan on the first of the month following their date of hire. Employees of the Company are eligible to receive employer matching and profit sharing contributions on the first day of the calendar quarter once they have worked 1,000 hours within a twelve-month period.

Contributions:

Participants may make voluntary pre-tax or Roth contributions to the Plan up to 90% of their eligible compensation, as defined. Prior to August 1, 2020, participants could make voluntary pre-tax contributions to the Plan up to 100% of their eligible compensation. Participants who are fifty years and older may make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

The Plan permits the Company to make discretionary matching contributions. For both 2020 and 2019, the Company contributed an amount equal to 10% of participant contributions, up to a maximum of 3% of the participant's eligible compensation, as defined by the Plan. The Plan also permits the Company to make discretionary profit sharing contributions. The Company did not make any discretionary profit sharing contributions for the years ended December 31, 2020 and 2019.

Contributions are subject to certain limitations of the Internal Revenue Code (the Code). Participants direct the investment of contributions into various investment options offered by the Plan.

Note 1. Plan Description (Continued)

Participant accounts:

Each participant's account is credited with the participant's contributions, Company contributions, an allocation of Plan earnings and other income, reduced for benefits paid, and charged directly for loan origination and benefit processing fees, if applicable, and an allocation of administrative expenses. Allocations of Plan earnings, other income and administrative expenses are based on the account balances held by the participant. The benefit to which a participant is entitled is limited to that which can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Company contributions become 20% vested after two years of credited service, as defined, with vesting increasing at 20% increments each year thereafter, to 100% after six years of credited service.

Forfeitures:

At December 31, 2020 and 2019, forfeited nonvested accounts totaled $1,783 and $4,445, respectively. Forfeitures of nonvested Company contributions are used to pay administrative expenses of the Plan or to reduce the Company's contributions. Forfeitures of $6,621 and $514 were used for these purposes in 2020 and 2019, respectively.

Payment of benefits:

On termination of employment with the Company, death, disability, or retirement, a participant or a participant's beneficiary may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. If fully vested, a participant may also elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account upon reaching age 59 ½. In-service distributions of rollover contributions and earnings thereon are permitted at any time.

Notes receivable from participants:

Participants may borrow from their account a minimum of $1,000 up to a maximum loan equal to the lesser of a) $50,000 minus the difference between the highest outstanding balance of loans in the past 12 months and the outstanding balance of loans from the Plan on the date the loan is made or b) 50% of their vested account. A participant may not have more than one loan outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at the prime rate at the date of the loan plus 1%. Loans must be repaid over a maximum term of 5 years for personal loans and 10 years for the purchase of a participant's primary residence. Principal and interest are paid ratably through weekly or bi-weekly payroll deductions.

Note 1. Plan Description (Continued)

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Plan pays for fees related to the origination of notes receivable from participants and benefit processing fees which are charged directly to the participant's account. The Plan also pays for certain recordkeeping fees and investment advisory fees. Investment expenses related to fund management were included in net appreciation in fair value of investments, as they were paid through revenue sharing, rather than a direct payment from the Plan.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements have been prepared using the accrual basis of accounting.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by Reliance Trust Company (Reliance Trust), the current trustee, and John Hancock Life Insurance Company of New York (John Hancock), the former custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

Transfers receivable:

Participants meeting certain requirements in another defined contribution plan maintained by the Company have the option to diversify their investments by transferring a portion of their account balances to this Plan. For the years ended December 31, 2020 and 2019, $64,451 and $34,656, respectively, were transferred from the other plan. All transfers are included in transfers receivable, as the funds were transferred out of the other plan prior to December 31, but not received by the Plan until after December 31.

Note 2. Significant Accounting Policies (Continued)

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions for the years ended December 31, 2020 or 2019.

Benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events:

Subsequent events have been evaluated through October 13, 2021, which is the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Custodian and Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Note 4. Fair Value Measurements

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Interest bearing cash: Valued at the amount on deposit.

Collective trust fund: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is primarily based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of its investment in the collective trust fund, the trustee reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: Valued at the NAV of units of the pooled separate account. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are comprised primarily of shares of registered investment companies held through sub-accounts of a separate account of an insurance company. The Plan has concluded that the NAV, as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company, is used as a practical expedient to estimate fair value. The investments are redeemable daily at the adjusted NAV under agreements with the insurance company.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2020 and 2019. The classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 14,851,577**	**$ -**	**$ -**	**$ 14,851,577**
Collective trust fund measured at NAV [(a)]				**431,573**
Investments at fair value				**$ 15,283,150**

	2019			
	Level 1	Level 2	Level 3	Total
Interest bearing cash	$ 4,445	$ -	$ -	$ 4,445
Pooled separate accounts measured at NAV [(a)]				12,886,941
Investments at fair value				$ 12,891,386

(a) In accordance with Financial Accounting Standards Board Accounting Standards Codification Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2020 and 2019:

Investment	**Fair value at December 31, 2020**	Fair value at December 31, 2019	Redemption Frequency	Redemption Notice Period
Collective trust fund	**$ 431,573**	$ -	Daily	None
Pooled separate accounts	**$ -**	$ 12,886,941	Daily	None

There were no unfunded commitments related to the collective trust fund and pooled separate accounts at December 31, 2020 and 2019.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Note 6. Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Automatic Data Processing, Inc. (ADP) on August 1, 2020. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status dated July 16, 2014. The prototype plan opinion letter has been relied upon by this Plan. Prior to August 1, 2020, the Plan was established pursuant to a volume submitter plan, which had received an opinion letter from the IRS as to the volume submitter plan's qualified status dated March 31, 2014. The Plan has been amended since receiving the opinion letters, however, the Administrative Committee believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

Note 7. Party-in-Interest Transactions

A party-in-interest is defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others. The Plan allows participants to take loans from their accounts in the Plan. Certain notes receivable from participants and income thereon qualifies as party-in-interest transactions.

Certain Plan investments are shares of a collective trust fund managed by Reliance Trust and pooled separate accounts and interest-bearing cash that were managed by John Hancock. Reliance Trust is the trustee and John Hancock was the custodian and recordkeeper of the Plan. Therefore, transactions within these investments qualify as party-in-interest transactions. In 2020, ADP became the recordkeeper of the Plan and Securities America, Inc. became the investment advisor to the Plan. Transactions with ADP and Securities America, Inc. qualify as party-in-interest transactions. Fees paid by the Plan to these service providers amounted to $32,909 and $3,953 for the years ended December 31, 2020 and 2019, respectively. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Differences between these Financial Statements and the Financial Information Required on Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2020 and 2019 to Form 5500:
