NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of Scaleworks 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan which covers substantially all employees of Scaleworks, Inc. (the "Company"). Employees become eligible to participate in the Plan immediately. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Entry dates for participants are the first of every month.

Contributions

Participants may defer a percentage of their compensation (either as pre-tax or Roth deferral) from 0% to 100%. Participants may also contribute amounts representing distributions from other qualified defined benefit or define contribution plans. In addition, Scaleworks, Inc. will determine the amount of profit sharing contributions, if any, which it will contribute to the Plan. Participants who have attained age 50 before the end of Plan year are eligible to make catch-up contributions. Participants may elect to change their investment options any time throughout the year via direct telephone or internet access.

Participant Accounts

Benefits to employees of the Company consist of employer profit sharing contributions, participant contributions, and earnings on investments. Participant accounts are also charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Vesting

Participants are immediately vested under the Plan with respect to any voluntary contributions made by the participant to the Plan plus any earnings thereon.

Employees are vested in employer profit sharing contributions as follows:

Years of Vesting Service	Percent Vested
Less than 1	0%
1 but less than 2	50%
2 or more	100%

Upon normal retirement age, or in the event of death or disability, the participant becomes 100% vested.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

On termination of service for any reason, a participant may elect to receive an amount equal to the value of the participant's vested balance in the form of a lump-sum distribution or installments. Participants with account balances of $1,000 or less will receive a mandatory distribution of their account balance. The Plan allows for hardship distributions.

Forfeitures

Forfeitures of non-vested employer profit sharing contributions may be used to reduce the contributions payable to the Plan or to pay Plan expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of Presentation

The accompanying financial statements has been prepared on the accrual basis of accounting and presents the net assets available for the benefit of the participants and change in those net assets.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Plan Benefits presents fair value of the investment contract, as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Plan Benefits is prepared using contract value for the fully benefit-responsive investment contract.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes receivable from participants

Participants may borrow, subject to certain conditions, from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest earned on participant loans was $1,683 and $597 for 2020 and 2019, respectively.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Administrative expenses of the Plan may be paid by the Plan to the extent not paid by the employer. Administrative expenses attributable to terminated participants are allocated among terminated employees in proportion to the amount of their account balance. Administrative expenses attributable to active participants are allocated among active employees in proportion to the amount of their account balance.

NOTE 3 – CERTIFIED FINANCIAL INFORMATION

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the year ended December 31, 2020. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by John Hancock Life Insurance Company for 2019 and the first quarter of 2020, and Reliance Trust Company for the last three quarters of 2020, except for comparing such information certified by the Trustees to information included in the Plan's financial statement and supplemental schedules.

The following table presents the fair value of participant-directed investments in this Plan that were certified by John Hancock Life Insurance Company and Reliance Trust Company for the year ended December 31, 2020:

	2020	2019
Cash	$ 26	$ 26
Guaranteed investment contracts	87,617	$ -
Investment in registered investment companies	2,329,421	$ -
Pooled separate accounts	-	1,362,853
Total Investments	$ 2,417,064	$ 1,362,879

NOTE 3 – CERTIFIED FINANCIAL INFORMATION (CONTINUED)

Reliance Trust Company and John Hancock Life Insurance Company (the Trustees) also certified to the completeness and accuracy of the $392,490 of interest, dividends and net appreciation (depreciation) in the fair market value for the aforementioned investments for the year ended December 31, 2020. The Trustees also certified the interest on notes receivable from participants for the year ended December 31, 2020 of $1,683.

John Hancock Life Insurance Company certified to the completeness and accuracy of $163,358 of interest, dividends and net appreciation and $597 of interest on notes receivable from participants for the year ended December 31, 2019.

NOTE 4 – TAX STATUS

In a letter dated March 31, 2014, the Internal Revenue Service has determined that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The plan administrator and its legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The plan administrator has analyzed tax positions taken by the Plan and has concluded that there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan is subject to income tax examinations for the years ending 2017 - 2019.

NOTE 5 – CONCENTRATIONS OF CREDIT RISK

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement ASC 820, *Fair Value Measurements* (FASB ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has specified a (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Investment shares in registered investment companies: Valued at quoted market prices which represent the net asset value (NAV) of shares held by the plan at year end.

Guaranteed investment contract: The guaranteed account is fully benefit responsive and is therefore reported at fair value (see Note 2). The guaranteed account is measured at contract value which approximates fair value. Fair value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Pooled separate accounts: Valued at the net asset value by the Trustee, as of the close of business and adjusted for dividends, splits, administrative maintenance charges and other items.

NOTE 6 – FAIR VALUE MEASUREMENTS (CONTINUED)

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's assets and liabilities recorded at fair value have been categorized based upon the fair value hierarchy in accordance with FASB ASC 820. The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2020:

	Assets at Fair Value as of December 31, 2020			
Description	Level 1	Level 2	Level 3	Total

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will continue to be 100% vested in their accounts.

NOTE 8 – RECONCILIATION OF PLAN FINANCIAL STATEMENT TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Annual Return/Report of Employee Benefit Plan – Form 5500 as of December 31, 2020 and 2019:

NOTE 8 – RECONCILIATION OF PLAN FINANCIAL STATEMENT TO FORM 5500 (CONTINUED)

Add corrective distributions payable at the end of the year	42,774	23,757
Net assets available for benefits per the Form 5500	$ 2,433,631	$ 1,378,815

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per the Form 5500 for the years ended December 31, 2020 and 2019:

	2020	2019
Net increase in net assets available for benefits per the financial statement	$ 1,086,542	$ 886,682
Less accounts receivable, end of the year	(34,807)	-
Add corrective distributions payable at the end of the year	42,774	23,757

Add deemed distributions, end of year	-	15,936
Net income per the Form 5500	$ 1,054,816	$ 926,375

NOTE 9 – BONDING REQUIRMENT

The Plan was not in compliance with the bonding requirement set by ERISA, Title I, Section 412 as of January 1, 2019, but was in compliance with the requirement as of January 1, 2020.

NOTE 10 – RELATED PARTY TRANSACTION

Plan investments are managed by the Trustees. Reliance Trust Company and John Hancock Life Insurance Company are the Trustees; therefore, these investments qualify as party-in-interest transactions. Fees paid by the Plan for investment management and other services totaled $16,693 and $11,890 for the years ended December 31, 2020 and 2019.

NOTE 11 – SUBSEQUENT EVENTS

Subsequent events have been evaluated by plan management through October 15, 2021, the date the financial statements were available to be issued.

NOTE 12 – GUARANTEED INVESTMENT CONTRACT

During 2020 and 2019, the Plan had a benefit-responsive guaranteed investment contract, the Invesco Stable Asset fund with Reliance Trust Company. Reliance Trust Company maintained the contributions to the Invesco Stable Asset fund in a general account. The account was credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The issuer of the guaranteed investment contract is contractually obligated to repay the principal and specified interest rates that are guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed investment contract. Participants ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limited the ability of the Plan to transact at contract value with the issuer, including termination of the guaranteed investment contracts. The Plan administrator believes that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, was not probable. The guaranteed investment contract does not permit the custodian to terminate the agreement prior to the scheduled maturity date.
