GRAY AMERICA CORP. SAVINGS & RETIREMENT PLAN

Notes to Financial Statements

NOTE 1 SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Gray America Corp. Savings & Retirement Plan (the "Plan") are prepared under the accrual basis of accounting using accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

Payments of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to net assets during the reporting period. Actual results may differ from those estimates.

Notes to Financial Statements (Continued)

NOTE 1 SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the plan document. No allowance for credit losses has been recorded at December 31, 2020 and 2019.

Related Party Transactions / Expenses

Certain administrative functions are performed by the officers or employees of Gray America Corporation and its wholly owned subsidiaries (the "Plan Sponsor" and "Company"). These services include Plan oversight and day-to-day Plan administration. The Plan is not charged by the Plan Sponsor for the services of the employees to the Plan. All fees and expenses of the Plan, to the extent not paid by the Company, are paid by the Plan. Certain investment related expenses are included in the net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated events subsequent to the balance sheet date through October 14, 2021, which is the date the financial statements were available to be issued.

NOTE 2 DESCRIPTION OF PLAN

The following description of the Plan is provided for general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a single-employer defined contribution plan with a 401(k) savings feature established by the Sponsor and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participation in the Plan is for all full-time employees that have attained age 18 and has completed three months of service. Eligibility to receive employer matching contributions coincides with the participation eligibility requirements. An eligible employee for profit sharing contributions is any person who has attained age 18 and has completed at least 1,000 hours of service during the Plan year.

The Plan trustees oversee the governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's trustees. Effective October 1, 2020, Horan Securities, Inc. serves as a fiduciary investment advisor to the Plan under an ERISA 3(21) service agreement. Effective October 1, 2020, Reliance Trust Company became the custodian of the Plan assets and third party administrative functions to the Plan are performed by ADP Retirement Services. Prior to October 1, 2020, Voya Retirement Insurance and Annuity Company was the custodian of Plan assets and third party administrative functions to the Plan were performed by Creative Retirement Systems, Inc.

GRAY AMERICA CORP. SAVINGS & RETIREMENT PLAN

NOTE 2 DESCRIPTION OF PLAN (CONTINUED)

Contributions

With respect to employee contributions, participants may contribute up to 100% of eligible compensation, as defined in the Plan. However, contributions may not exceed limitations established under Section 402(g) of the Internal Revenue Code of 1986 as amended (\$19,500 at December 31, 2020). The Plan permits catch-up contributions for participants over 50 years of age subject to Internal Revenue Code limitations. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

Beginning October 1, 2020, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 2% of eligible compensation. The Plan also includes an auto-escalation provision whereby all participating employees have their deferral rate automatically escalated by 1%, up to a maximum of 10%, each anniversary date following the initial employee deferral date, unless they affirmatively elect not to have their deferral rate escalated.

The Sponsor may, but is not required to, make discretionary matching contributions and discretionary profit sharing contributions to the Plan. For 2020, the Sponsor matched 50% of the participant's compensation deferred, up to a maximum match of \$1,170. Sponsor discretionary matching contributions were \$54,660 in 2020. There were no Sponsor profit sharing contributions in 2020.

Rollover Contributions

Participants may rollover their taxable portion of funds previously held for their account in another employee benefit plan to the Plan on a tax-free basis.

Excess Contributions

Contributions made by certain active participants during a plan year are returned to them in order to satisfy the relevant nondiscrimination provisions of the Plan. Excess deferral contributions payable were \$29,211 at December 31, 2020 and \$0 at December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's and Company's contributions and a pro-rata allocation of the Plan's earnings. The pro-rata allocation is based upon the proportion of individual account balances to total participants' account balances in the respective investment funds. Each participant's account is reduced by participant withdrawals, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

GRAY AMERICA CORP. SAVINGS & RETIREMENT PLAN

Notes to Financial Statements (Continued)

NOTE 2 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their employee contributions plus actual earnings thereon. Vesting in the Sponsor's discretionary matching and profit-sharing contributions portion of their accounts plus earnings thereon is based on years of service. For participants' who were employed before October 1, 2020, participants' vested interests in Sponsor discretionary contributions increase from 20% after the second year of service to 100% after the sixth year. For participants' who were employed after to October 1, 2020, participants' vested interests in Sponsor discretionary contributions increase from 0% to 100% after the second year of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by their highest outstanding note balance during the preceding twelve months. Notes receivable must be repaid within five years unless the purpose is to acquire, construct or reconstruct a principal residence. Each note is secured by the balance in the participant's account and bears a fixed rate of interest of prime plus one percent. Interest rates ranged from 4.25% to 6.50% at December 31, 2020. Principal and interest is paid ratably through automatic payroll deductions.

Payment of Benefits

Upon a participant's retirement, death, total and permanent disability, other termination of employment with the Company, or termination of the Plan, the participant's account is distributed under several options. Participants may elect to receive their benefit in a lump sum, equal installments, or partial withdrawals.

In-service distributions are permissible for participants that have attained the age of 59½. Participants electing in-service distributions may elect to receive all or a portion of their vested benefits. Participants may also take an in-service distribution from their matching account if they have attained age 55 and have four years of service.

In conditions of "financial hardship", a participant may apply to the Plan administrator for approval to withdraw that portion of their account balance necessary to meet the financial hardship, subject to the limitations of the Plan and the Internal Revenue Code.

Forfeitures

Forfeitures of the Plan are intended to pay plan expenses or reduce future employer contributions to the Plan. At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$7,031 and \$3,682, respectively. No forfeitures were used to pay plan expenses in 2020. Forfeitures used to reduce employer contributions were \$1,065 in 2020.

NOTE 3 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board *Accounting Standards Codification 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs.

The hierarchy is broken down into three levels based on the ability to observe inputs as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation approaches used for assets measured at fair value:

Mutual funds: Valued using quoted net asset values (NAV) of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Pooled separate accounts: Valued using quoted market prices of the underlying securities of the account, with adjustments for dividend rates and a management fee. The underlying mutual funds are deemed to be actively traded and are valued based on the closing price as reported by the fund.

Common/collective trust: Valued based on the NAV of units of a collective trust as published by the custodian.

GRAY AMERICA CORP. SAVINGS & RETIREMENT PLAN

Notes to Financial Statements (Continued)

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan invests in the Invesco Stable Asset Fund which is a common collective trust. Common collective trusts are investment funds formed by the pooling of investments by institutional investors, such as a group of not necessarily affiliated pension or retirement plans, typically with the intention of achieving cost savings over similar investment options such as mutual funds. Common collective trusts are similar to mutual funds, with a named investment manager and documented investment objective. These investments, however, are not registered with the SEC (unlike mutual funds, which are registered) and participation is not open to the public. As described above, the fair value of the common collective trust is based on the trust's NAV. The NAV is measured by the custodian or investment manager as of the close of regular daily trading. These investments are classified within Level 2 of the fair value hierarchy. In certain instances, NAV's may require adjustments to reflect the fair value more appropriately. No adjustments to NAV's were required.

The existence of certain conditions can limit the ability of the Plan to transact with participants at fair value of the common collective trust. Specifically, any event outside normal operation of the trust which causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include, but are not limited to:

- The Plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code.
- The establishment of a defined contribution plan that competes with the plan for employee contributions.
- Any substantive modifications of the Portfolio or the administration of the Portfolio that is not consented by the wrap issuer.
- Any change in law, regulation or administrative ruling applicable to the plan that could have a material adverse effect on the Portfolio's cash flow.
- Any communication given to unitholders by the plan sponsor, any other plan fiduciary or Reliance Trust Company that is designed to induce or influence unitholders not to invest in the Portfolio or to transfer assets out of the Portfolio.
- Any transfer of assets from the Portfolio directly to a competing investment option.

As of December 31, 2020, the occurrence of an event outside the normal operation of the fund which would cause a withdrawal from an investment contract is not considered to be probable.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different approaches or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 INFORMATION CERTIFIED BY THE CUSTODIANS

The following information provided by Voya Retirement Insurance and Annuity Company and Reliance Trust Company, the custodians of the Plan, for the years ended December 31, 2020 and 2019 was certified by them to be complete and accurate with respect to the following:

- (a) The assets held at December 31, 2020 and 2019, as well as the transactions involving these assets for the year ended December 31, 2020.
- (b) The amount of investment income for the year ended December 31, 2020.
- (c) The Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2020.

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

GRAY AMERICA CORP. SAVINGS & RETIREMENT PLAN

Notes to Financial Statements (Continued)

NOTE 6 TAX STATUS

The Plan Sponsor has adopted a prototype plan which has received an opinion from the Internal Revenue Service ("IRS") dated July 16, 2014, which states the provider's prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. Both the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related Plan was tax exempt as of the financial statement date.

NOTE 7 FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

Through September 30, 2020, the Plan was entered into a fully benefit-responsive guaranteed investment contract ("FBRIC") with Voya Retirement Insurance and Annuity Company for the Voya Fixed Account. Voya Retirement Insurance and Annuity Company maintained the contributions in their general account. The account was credited with earnings on the underlying investments in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate was reset quarterly.

Under certain circumstances Voya Retirement Insurance and Annuity Company could terminate the contract, causing a loss of interest adjustment that would limit the Plan's ability to transact at contract value. Those events included: 1) the contract holder failed to abide by state or federal law; 2) the contract holder failed to render performance necessary to comply with the terms of the contract; 3) the Plan changed in a way that resulted in adverse financial effects to the contract; or 4) the Plan became disqualified under Internal Revenue Code 401(a), as amended. The Plan administrator did not believe that the occurrence of any such event was probable.

NOTE 8 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2020:

NOTE 9 COVID-19 PANDEMIC

On March 11, 2020, the World Health Organization declared the outbreak of a respiratory disease caused by a new coronavirus as a “pandemic.” First identified in late 2019 and known now as COVID-19, the outbreak has disrupted supply chains and affected production and sales across a range of industries. The extent of the impact of COVID-19 on the Plan Sponsor’s performance and the Plan’s investments will depend on certain developments, including the duration and spread of the outbreak. Impact to the Plan cannot be predicted, and the extent to which COVID-19 may impact the statement of net assets available for benefits is uncertain at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. The Cares Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has adopted certain relief provisions included in the CARES Act and continues to evaluate other provisions.
