1. Description of Plan

The following description of the HK Enterprises, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a single employer plan maintained by HK Enterprises, Inc. (the "Company"). The Plan was adopted on January 1, 1994 (most recently amended and restated on December 1, 2020) and is a defined contribution retirement plan of the profit sharing type, containing a cash or deferred arrangement described in the Internal Revenue Code ("IRC") Section 401(a). All full-time employees of the Company are eligible to contribute to the Plan upon attaining the age of twenty-one and completing one year of service. Employees with one year of service are eligible to receive employer matching contributions, and employees with two years of service are eligible to receive non-elective employer contributions. Eligible participants may enter the Plan on January 1 and July 1 of each year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

Coronavirus Aid, Relief and Economic Security Act

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

In addition, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), passed by Congress and signed into law on March 27, 2020, includes provisions that impact retirement plans and their participants by changing existing law regarding early withdrawals, loans, and required minimum distributions. The provisions for participants to take loans or distributions is at the discretion of the Plan sponsor. Plan sponsors may elect to implement these provisions with retroactive amendment required by December 31, 2022. The Plan has elected to implement these provisions.

Provisions of the CARES Act include:

- Temporary waiver of required minimum distributions for 2020;
- Increase in participant loan limits from $50,000 and 50% of a participant's vested account balance to $100,000 and 100% of a participant's vested account balance. These loans are only available up to September 23, 2020. Repayments on the new loan can be delayed for up to one year;
- Delay in repayments between May 27, 2020 and December 31, 2020 ("Suspension Period") for participants that currently have a loan. At the end of the Suspension Period, the loan is re-amortized by adding the unpaid repayment amounts and a new end date is calculated for the loan; and

1. Description of Plan, continued

Coronavirus Aid, Relief and Economic Security Act, continued

- Distributions of up to $100,000 if a participant has been diagnosed with COVID-19, or a spouse or dependent has been diagnosed with COVID-19; or is experiencing "adverse financial consequences" from quarantine, furlough, layoff, or reduced hours due to the coronavirus or is unable to work due to the lack of childcare. The CARES Act eliminates the 10% penalty for distributions taken prior to age 59½; however, the distribution should be added to the participant's taxable income, which can be done over three years. The participant can then repay the amount to the Plan and receive a refund of the taxes paid on it.

Amendment

Effective December 1, 2020, the Plan sponsor has elected to change the trustee and record-keeper from Fidelity Management Trust Company ("Fidelity") to Reliance Trust Company ("Reliance") and ADP Retirement Services ("ADP").

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the trustee). The Company contracted with Reliance and Fidelity to act as the trustees of the Plan and ADP and an affiliate, Fidelity Technology Group, to process and maintain the records of participant data.

Contributions

Eligible participants may begin deferring a portion of their eligible compensation into the Plan on a before-tax basis pursuant to Code Section 401(k) up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct their investments into various investment options offered by the Plan.

The Plan provides for a discretionary non-elective employer and or profit sharing contributions as approved by the Board of Directors. The Company made discretionary non-elective employer contributions of approximately $85,000 for the year ended December 31, 2020. No profit sharing contributions were made or approved for the year ended December 31, 2020.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance.

1. Description of Plan, continued

Participant Accounts, continued

Certain fees are charged to fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participants are fully vested in their contributions, rollovers, and employer contributions, as well as all net earnings on these contributions when made or earned.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their account balance. Participants may have one loan outstanding at a time. Participant notes receivable are secured by the balance in the participant's account. Participant notes receivable must be repaid within a five-year period, except for loans used to purchase a primary residence, which have a maximum term of ten years. Participants notes receivable are secured by no more than 50% of the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the note receivable originated. Interest rates on participant notes receivable as of December 31, 2020 were 4.25% to 6.50%. Principal and interest are paid ratably through regular payroll deductions or payments to the Plan.

Payment of Benefits

When participants leave the Company upon retirement (age 65) or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, rollovers, employer contributions, and the net earnings thereon in a single lump-sum payment.

The Plan allows for in-service withdrawals at age 55 (as long that the employee has 5 years of service) and hardship withdrawals, as defined by the Plan document. A participant who becomes disabled, as defined by the Plan, is eligible for disability retirement.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan administrator. Account values will be determined as of the day the distribution is made.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. In the event of a mandatory distribution greater than $1,000 for which the participant does not elect to have such distribution paid directly to an eligible retirement plan in a direct rollover or to receive the distribution directly, the Plan administrator will pay the distribution in a direct rollover to an Individual Retirement Account designated by the Plan administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of investments offered by the Plan. Participants may change their investment options at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Forfeitures

Forfeitures (if any) that occur during a Plan year will be used to reduce expenses related to the administration of the Plan and future employer contributions. Forfeited amounts as of December 31, 2020 and 2019 amounted to approximately $21,200 and $21,500, respectively. No forfeitures were used during the year ended December 31, 2020.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All investments are reported at fair value based upon active market values determined by investment advisors as required under ERISA regulations.

Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the valuation period. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation for the year is reflected in the statement of changes in net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2020 and 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefit

Benefit payments are recorded when paid.

2. Summary of Significant Accounting Policies, continued

Reclassifications

Certain reclassifications have been made to the prior year's investment presentation in order to conform to the current year presentation. Such reclassifications had no effect on total net assets available for benefits.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Information Prepared and Certified by the Trustees (Unaudited)

The following information included in the accompanying financial statements and supplemental Schedule H, Line 4i – Assets Held at End of Year was obtained from data that has been prepared and certified as complete and accurate by Reliance and Fidelity as of December 31, 2020 and 2019, respectively, and for the year ended December 31, 2020:

	2020	2019
Registered investment companies	$ 8,999,441	$ 8,934,734
Money market fund	136,837	56,045
Brokeragelink accounts	-	1
	$ 9,136,278	$ 8,990,780
Participant notes receivable	$ 347,703	$ 334,695
Net appreciation in fair value of investments	$ 854,412	
Dividends and interest	$ 300,872	
Interest on participant notes receivable	$ 1,450	

4. Fair Value Measurements

Accounting standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurement, continued

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2020 and 2019.

Cash equivalent: Valued based on redemption values on the last business day of the Plan year.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurement, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 8,999,441	$ -	$ -	$ 8,999,441
Money market fund	136,837	-	-	136,837
	$ 9,136,278	$ -	$ -	$ 9,136,278

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 8,934,734	$ -	$ -	$ 8,934,734
Money market fund	56,045	-	-	56,045
Brokeragelink accounts	1	-	-	1
	$ 8,990,780	$ -	$ -	$ 8,990,780

The Plan had no significant transfers between Level 1 or Level 2 for the years ended December 31, 2020 and 2019.

5. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments in registered investment companies (mutual funds), money market funds and brokeragelink accounts are managed by Reliance and Fidelity, the trustees of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

6. Tax Status

The Plan has adopted a prototype plan document that has received an opinion letter from the Internal Revenue Service dated July 16, 2014. The Plan document has been amended since receiving that opinion letter. However, the Plan administrator and sponsor believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC, and that the trust, which forms a part of the Plan, is exempt from income tax. Accordingly, no provision has been made for federal and state income taxes.

7. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, distributions will be made to participants as described in the Plan document.

8. Delinquent Participants Contributions

The Plan sponsor failed to timely remit certain participant contributions within the DOL requirements, amounting to $17,271, as disclosed in the Schedule of Delinquent Participant Contributions for the year ended December 31, 2020. The Plan sponsor intends to fully correct these contributions by reinstating lost earnings in 2021.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

10. Reconciliation of Financial Statement to Form 5500

Reconciliation of net assets per the financial statement as of December 31, 2020 to Form 5500:

Per the financial statements	$ 9,505,851
Employer contribution receivable	(3,182)
Participant contributions receivable	(18,688)
Per the Form 5500	$ 9,483,981

Reconciliation of contribution and rollovers per the financial statement for the year ended December 31, 2020 to Form 5500:

Per the financial statements	$ 614,106
2020 Employer contribution receivable	(3,182)
2020 Participant contributions receivable	(18,688)
Per the Form 5500	$ 592,236

11. Subsequent Events

Contingency

There are certain funding discrepancies regarding the employer matching allocations that occurred during the period the Plan was converted from Fidelity to ADP. The Plan Sponsor is in the process of correcting these discrepancies to ensure participant account balances are correct. Additional fundings including lost earnings will be deposited into any affected participants' account balances. The amount of these discrepancies is not believed to be material to the financial statements as a whole.

11. Subsequent Events, continued

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 15, 2021, the date which these financial statements were available to be issued. Management concluded that, other than noted above, no material subsequent events have occurred since December 31, 2020 that require recognition or disclosure in these financial statements.
