NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Integrated Dermatology, LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement, as amended for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Integrated Dermatology, LLC (the "Company" and "Plan Sponsor") in January 2010. Employees of the Company and other participating employers (which include the Company's parent and certain related entities under common ownership) are eligible to participate in the Plan provided they are at least 18 years of age and have at least three months of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan's management determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan's Trustee is Reliance Trust Company ("Trustee") and recordkeeper is Automatic Data Processing, Inc. ("ADP").

Effective April 1, 2020, the Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") due to the COVID-19 global pandemic, which allows participants to take special withdrawals and defer loan repayments as permitted under the CARES Act.

Plan Merger

On September 1, 2019, the Plan was amended to allow employees of US Path Labs, LLC to participate in the plan effective on September 1, 2019, On August 8, 2019, upon direction of the Sponsor, the assets of US Path Labs, LLC 401(k) Profit Sharing Plan and Trust (the "US Path Lab Plan") were transferred into the Plan and employees of US Path Labs, LLC began contributing to the Plan.

Contributions

Participants may contribute up to 90% of their pretax annual compensation, as defined in the Plan document, without exceeding limitations prescribed by the Internal Revenue Code (the "Code"). Effective December 1, 2017, the Plan was amended to also allow participants to make Roth 401(k) deferrals to the Plan, subject to the same limitations and effective. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollovers"). Additionally, participants age 50 or older who are making contributions to the Plan, can make catch-up contributions as defined in the Plan document and subject to certain limitations under the Code. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Company may make discretionary non-elective contributions to the Plan on behalf of eligible participants. Discretionary non-elective contributions, if any, are allocated to each eligible participant in proportion to the participant's eligible compensation, as defined in the Plan document, as compared to the total eligible compensation of all participants sharing in the contribution. Discretionary non-elective contributions made by the Company are invested in accordance with each participant's investment elections and are subject to limitations prescribed by the Code. The Company did not make any discretionary non-elective contributions to the Plan for the year ended December 31, 2020.

Investment Options

The Plan offers various mutual funds and common/collective trust funds as investment options for participants. Participants may change their investment options at their discretion.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's discretionary non-elective contributions, if any; and (b) plan earnings, and is charged with certain of the Plan's administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Participants also become fully vested in their account in the event of death, disability, or upon attaining the Plan's normal retirement age, as defined in the Plan document. Vesting in the Company's discretionary non-elective contributions, plus actual earnings thereon, is based upon years of service with the Company. Participants vest in Company contributions based upon the following schedule:

Years of Service	Vested Percentage
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Forfeitures

Forfeitures of terminated non-vested account balances may be used to reduce the Company's contributions, if any, or to pay the Plan's administrative expenses. There were no forfeitures during 2020 and no unapplied forfeitures at December 31, 2020 and 2019.

Notes Receivable from Participants

Participants may borrow a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate as published in the Wall Street Journal on the 14th day of each month, plus two percent. Principal and interest are paid ratably through payroll deductions. All notes have a definite repayment period not to exceed five years, unless used for the purchase of a primary residence in which case the repayment period may extend up to 30 years. Participants may not have more than three notes outstanding at any time. The interest rate charged on all participants' loans outstanding ranged from 5.25% to 7.50% as of December 31, 2020 and 2019.

Benefit Payments

Upon death, disability, or retirement, participants' accounts become 100% vested and participants or their beneficiaries may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account if the benefit payable does not exceed $5,000. If the benefit payable exceeds $5,000, the participant or their beneficiaries may elect to receive a single lump-sum payment, a partial withdrawal or an annuity. If a participant meets certain criteria, benefits may also be received as an in-service withdrawal.

Upon termination of service, benefits relating to employee contributions and vested employer contributions are distributed and subject to the applicable taxes and penalties or rolled over if the total investment amount

is $5,000 or less. If the investment amount is greater than $5,000, a participant may elect to have the funds remain in the Plan, until age 70-1/2. Upon termination of service, an automatic lump-sum distribution will be made for vested amounts less than $1,000 and unless otherwise directed by the participant, automatic individual retirement account rollovers will be made for vested amounts between $1,000 and $5,000. If the investment amount is greater than $5,000, a distribution of the participant's account may not be made without the participant's consent, until age 70-1/2.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation in Fair Value of Investments

Net realized and unrealized appreciation of investments is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments and includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make note repayments and the Plan administrator deems the note to be in default, the remaining note balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Risks and Uncertainties

The Plan provides for investment options in a variety of investment securities. Investment securities in general are exposed to various risks, such as interest rate, market volatility, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could

materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

COVID-19, a global pandemic, has adversely impacted the global economy by disrupting supply chains, lowering equity market valuations, creating significant volatility and disruption in financial markets, and increasing unemployment levels. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. As of the date of issuance, the ultimate length and future severity of this pandemic cannot be reasonably estimated.

Benefit Payments

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. As of December 31, 2020 and 2019, excess contributions amounted to $29,118 and $2,584, respectively.

Administrative Expenses

The plan pays the account administrative service fee from income earned by the Plan. The Corporation pays the legal and accounting fees, and other expenses on the behalf of the Plan.

Recent Accounting Pronouncements

In July 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-09, *Codification Improvements*, which made changes to a variety of topics, to clarify, correct errors in, or make minor improvements to the Accounting Standards Codification ("ASC"). The Plan adopted the standard for the 2020 plan year. Adoption of the standard did not have a material impact on the financial statements.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement - Disclosure Framework (Topic 820)*. The updated guidance improves the disclosure requirements for fair value measurements. The Plan adopted the standard for the 2020 plan year. Adoption of the standard did not have a material impact on the financial statements.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company (the "Trustee"), certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 4 - FAIR VALUE OF MEASUREMENTS

The FASB issued ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual funds - Valued at the net asset value ("NAV") of shares held by the Plan at year end as traded in active markets. The mutual funds provide for daily redemptions by the Plan at reported NAVs with no advance notice requirement.

Collective Trusts - The plan holds an interest in collective investment trusts, valued at NAV of units held, which invest in guaranteed investment contracts, synthetic guaranteed investments contracts, and separate account investment contracts. The NAV is used as a practical expedient to estimate fair value. There are no participant redemption restrictions or unfunded commitments. Redemption can occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,018,273	$ -	$ -	$ 2,018,273
Total investments in the fair value hierarchy	$ 2,018,273	$ -	$ -	2,018,273
Investments measured at NAV				308,614
				$ 2,326,887

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,779,413	$ -	$ -	$ 1,779,413
Total investments in the fair value hierarchy	$ 1,779,413	$ -	$ -	1,779,413
Investments measured at NAV				279,851
				$ 2,059,264

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan’s termination, participants would become 100% vested in all Company contributions.

NOTE 6 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated July 8, 2014, indicating that the prototype plan document adopted by the Plan, as then designed was in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended from the original prototype plan document, Plan management believes that the Plan was operated in accordance with the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of both December 31, 2020 and 2019, there were no uncertain positions taken or expected to be taken that required

recognition of a liability (or asset) or disclosure in the financial statements. The Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of December 31, 2020, and 2019, the Plan has not accrued interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to amounts reported in the Form 5500 for the year ended December 31, 2020:

Net increase in net assets available for benefits per the financial statements	$ 254,331
Less: participants contributions receivable at December 31, 2020	(4,523)
Add: participants contributions receivable at December 31, 2019	5,448
Add: excess contributions payable at December 31, 2020	29,118
Less: excess contributions payable at December 31, 2019	(2,584)
Net increase in net assets available for benefit per Form 5500	$ 281,790

NOTE 8 - DELINQUENT PARTICIPANT CONTRIBUTIONS

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. While the Company has remitted all participant contributions to the Plan, contributions aggregating $25,000 were not remitted within the required time frame during the year ended December 31, 2019, respectively. The Company has made the corrective contributions for the untimely 2019 remittance during 2020.

NOTE 9 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Transactions with the Trustee qualify as party-in-interest. Additionally, transactions with ADP also qualify as party-in-interest. Aggregate fees paid by the Plan to these parties-in-interest during 2019 were not significant. Certain other investment-related fees incurred by the Plan are included in net appreciation in fair value of investments as they are paid through revenue sharing, rather than as a direct payment. All other Plan related fees are paid for by the Company. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with the Plan participants.

NOTE 10 - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2020 for subsequent events through October 15, 2021, the date the financial statements were available to be issued.
