1. Description of the Plan

The following description of the Qurate Retail Group 401(k) Retirement Savings Plan for Cornerstone Brands (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees who are age 21 or older and employees of Cornerstone Brands, Inc. (the Company), as defined in the plan document. Eligible employees may make elective contributions to the Plan immediately, but must complete one year of service (as defined in the plan document) to receive a Company matching contribution.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Investment Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan was established January 1, 2020. Eligible employees of the Company who participated in the HSN, Inc. Retirement Savings Plan (the Prior Plan) prior to January 1, 2020 and assets from the Prior Plan related to employees of the Company that were liquidated at December 31, 2019 were transferred to Vanguard Fiduciary Trust Company (Vanguard), the Plan's trustee on January 1, 2020.

The Company is considered to be a part of the Qurate Retail Group (QRG), which includes the Company, Zulily Inc. and QVC, Inc. Beginning January 1, 2020, employees within (QRG) are permitted to transfer in or out of other plans sponsored by QRG based on their company of employment. There were transfers into the Plan from the Prior Plan and other QRG plans of $69,744,055 during the year ended December 31, 2020. There were transfers out of the Plan to other QRG plans of $396,065 during the year ended December 31, 2020.Transfers are reflected on the Statement of Changes in Net Assets Available for Benefits.

Employee Contributions and Company Matching Contribution

Eligible employees may elect to contribute an amount equal to not less than 1 percent and not more than 75 percent of their pre-tax annualized compensation. Participants are also permitted to make after-tax contributions in an amount between 1 and 10 percent of their annualized compensation. Participants may also elect to make Roth contributions utilizing after-tax contributions. All contributions are subject to the maximum limits of the Internal Revenue Code (IRC). Eligible employees who have attained the age of 50 before the close of a plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). For the 2020 plan year, the Company made matching contributions of $0.50 for each $1 contributed by an eligible participant on all contributions up to 6 percent of compensation. The maximum matching contribution will not exceed 3 percent of compensation. Employees must have one year of service, as defined, to receive the matching contributions; however, certain employees who satisfied the eligibility requirements under the Prior Plan and are participants of the Plan, are eligible for the Company's matching contribution.

Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Vesting

For the 2020 plan year, participants are immediately vested in their contributions and Company matching contributions plus actual earnings thereon.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contributions, as well as allocations of the Plan's earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Expenses are allocated proportionally based on the value of account balances, an equal dollar amount based on the number of participants, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their fund accounts, subject to certain limitations, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Only one note per participant may be outstanding at any time. Generally, terms range from one to five years; however, terms may range from one to 15 years if borrowing is for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions. Interest charged on a participant's note is determined at the time the note is taken and is based upon the prevailing interest rate for a note of its type. The rates for the notes outstanding at December 31, 2020 range from 4.25 percent to 6.50 percent. Loans are secured by the balance in the participant's account.

Payment of Benefits

Upon termination of service for any reason, a participant is eligible to receive the vested interest in his or her account in a lump sum. If such vested interest is greater than $5,000, then the participant may elect to receive distribution in the form of installment payments. A financial hardship withdrawal can be made only for an immediate and heavy financial need. In addition, a participant is eligible for in-service distributions starting at the age of 59.5 years.

In March 2020, the World Health Organization recognized the novel strain of coronavirus, COVID-19, as a pandemic. On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was enacted and signed into law. The plan opted into the provisions of the CARES Act that allow participants to take penalty free withdrawals with a limit of $100,000 through December 30, 2020, loan limit increases to $100,000, and the suspension of required minimum distributions for 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable are recorded as distributions based upon the terms of the Plan provisions. No allowance for credit losses has been recorded as of December 31, 2020.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants before September 30, 2021.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Standard

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, *Fair Value Measurement*. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which FASB finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Management has adopted the provisions of this new standard for the year ended December 31, 2020. This standard was retrospectively applied.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 15, 2021, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

The money market fund is valued at the quoted net asset value (NAV) of shares held by the Plan at year-end.

Mutual fund is valued at the daily closing price as reported by the fund. The mutual fund held by the Plan is an open-end mutual fund that is registered with the U.S. Securities and Exchange Commission. This fund is required to publish its daily NAV and to transact at that price. The mutual fund held by the Plan is deemed to be actively traded.

The common collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokeragelink accounts consist of cash equivalents, common stock, and mutual funds and are valued based upon the fair value of their underlying assets derived principally from quoted market prices and other observable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 906,514	$ -	$ -	$ 906,514
Mutual fund	2,538,497	-	-	2,538,497
Brokeragelink accounts	672,844	-	-	672,844
Total assets in the fair value hierarchy	$ 4,117,855	$ -	$ -	4,117,855
Investments measured at net asset value (a)				80,805,322
Total investments at fair value				$ 84,923,177

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2020			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Fidelity common collective trust	$ 15,481,975	N/A	Daily	None
State Street common collective trusts	52,812,611	N/A	Daily	None
GWK common collective trust	6,775,895	N/A	Daily	None
Prudential common collective trust	2,895,546	N/A	Daily	None
TSW common collective trust	2,820,304	N/A	Daily	None
Principal common collective trust	18,991	N/A	Daily	None

4. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020. Accordingly, Vanguard, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2020, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2020.

5. Administration of Plan Assets

During the year ended December 31, 2020, the Plan's assets were administered under a contract with Vanguard, the trustee of the Plan. Vanguard invested funds received from contributions, investment sales, interest, and dividend income and made distribution payments to participants.

6. Related-Party and Party In Interest Transactions

Certain of the Plan's investments are managed by Vanguard, the trustee of the Plan, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues notes to its participants, which are secured by the participants' account balances. These transactions qualify as party in interest transactions that are exempt from the prohibited transaction rules.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Tax Status

The Plan adopted a volume submitter plan offered by The Vanguard Group, Inc. The volume submitter plan received an advisory letter dated February 21, 2019, that the Plan, and related trust are designed in accordance with the applicable sections of the IRC. The plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

As of December 31, 2020, the Plan had investments of $12,430,387 that was concentrated in one fund.
