(1) Description of the Plan

The following brief description of the Salisbury House, LLC 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

(a) General

The Plan is a 401(k) defined contribution plan established by Salisbury House, LLC effective July 1, 1996. The Plan covers substantially all employees of Salisbury House, LLC and its consolidated entities named in the adoption agreement (collectively, the Sponsor) who have met the eligibility requirements. Nonresident aliens, leased employees, interns, consumer work program employees, and temporary employees are not eligible for the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the plan administrator.

During the year ended December 31, 2020, the plan was amended to add Green Tree School and Services as a participating employer. This addition did not result in a significant change to the Plan's net assets.

Effective May 1, 2020, the Plan was amended to be renamed as the Salisbury House, LLC 401(k) Profit Sharing Plan. This reflects the conversion of the Plan's Sponsor from Salisbury House, Inc. to Salisbury House, LLC, which was effected during August 2019, in connection with its acquisition by SBH Intermediate Holdings, L.P. This amendment had no impact to the Plan, other than to change its name.

(b) Eligibility

Each employee is eligible to make contributions to the Plan on the first day of the calendar quarter following the attainment of age 21, one year of service, and one year of employment. One year of service is defined as completion of 1,000 hours of work during the relevant computation period.

(c) Contributions

Each year, participants may contribute up to 80% of eligible pretax compensation as defined by the Plan. Participants who have attained age 50 before year-end are eligible to make catch-up contributions. Participants may also make rollover contributions representing distributions from other qualified defined-benefit or defined contribution plans, and Roth contributions are permitted. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan implemented an auto-enrollment provision in May 2017, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 1% of eligible pretax compensation and their contributions are invested in a designated balanced fund until changed by the participant. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Sponsor makes matching contributions for participants who have attained one year of service equal to 50% of the first six percent of eligible compensation that a participant contributes, on a per-payroll basis. The Sponsor's matching contributions are invested in the same manner as those directed by the participants.

The Sponsor may also make a discretionary profit sharing contribution to the Plan as determined by management on an annual basis. Participants are eligible to receive the discretionary profit sharing contribution if they have completed one year of service. The contribution is allocated pro rata based on each participant's compensation in proportion to the compensation of all participants eligible to receive the contribution. During the years ended December 31, 2020 and 2019, the Sponsor did not make discretionary profit sharing contributions.

(d) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, without regard to their intended use of the funds. Participants may have only one note outstanding at a time. Notes are collateralized by the participant's vested account balance and are measured at their unpaid principal balance plus any accrued but unpaid interest. The notes bear interest at prime plus 1%, at the current prime interest rate when the notes are issued. Interest rates on notes receivable by the plan as of December 31, 2020 range from 4.25% to 6.50%. Interest and principal payments are made ratably through biweekly payroll deductions. Note terms range from one to five years except when used for the purchase of a primary residence. Notes become due immediately upon termination of the participant's employment. Delinquent notes are treated as distributions based upon the terms of the Plan document.

(e) Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Sponsor's contributions and (b) Plan earnings and losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

(f) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are vested in Sponsor matching and discretionary profit sharing contributions plus earnings thereon according to the following schedule:

Years of service	Vested percentage
Less than 2	— %
2	33
3	66
4	100

(Continued)

Participants become 100% vested in Sponsor matching and discretionary profit sharing contributions upon attainment of normal retirement age or in the event of death or disability.

(g) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or the participant's estate or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in the participant's account, a single sum distribution of a portion of their vested balance, or installments for a specified term. If the vested account balance is less than $1,000, it will be paid in a lump sum. If the vested balance is between $1,000 and $5,000, it will be rolled over to an IRA account. In service distributions for participants 59 ½ are permitted and upon proof, to the satisfaction of the plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose from a participant's account.

(h) Forfeited Accounts

Forfeited nonvested account balances are applied to reduce future Sponsor contributions or pay administrative expenses. Forfeited nonvested accounts totaled $41,041 and $67,478 as of December 31, 2020 and 2019, respectively. The amount of forfeitures used to reduce the Sponsor contributions totaled $40,036 and $31,197 for the years ended December 31, 2020 and 2019.

(i) Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless paid by the Sponsor. Expenses paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative expenses. Investment-related expenses are included in the net appreciation in fair value of investments.

(2) Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements.

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(Continued)

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees, and insurance company. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are reported on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021.

(e) Payment of Benefits

Benefits paid to participants are recorded upon distribution.

(f) Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure through October 15, 2021 the date the financial statements were available to be issued.

Effective January 14, 2021 the Plan executed a partial plan termination due to the divestiture of Growth Horizons, LLC and Salisbury Behavioral Health, LLC. All affected participants that were no longer deemed eligible to participate in the Plan were immediately and fully vested in all amounts contributed to their account.

(3) Information Certified by the Plan's Trustees

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable for participants held at December 31, 2020 and 2019, and net appreciation in fair value of investments, interest and dividends for the years then ended, was obtained from information supplied to the plan administrator and certified as complete and accurate by the trustee, Reliance Trust Company.

(4) Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The hierarchy includes three levels. Level 1 includes instruments whose inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 2 includes instruments whose inputs to the valuation methodology include quoted market prices for similar assets or liabilities in active markets, quoted market prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 includes instruments whose inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies are valued at quoted market prices on the active market on which the shares are traded. These are Level 1 assets.

Common collective trusts include components that are valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner. These are Level 2 assets.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Assets at fair value as of December 31, 2020			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 23,655,447	—	—	23,655,447

Description	Assets at fair value as of December 31, 2019

Registered investment companies	$ 19,887,255	—	—	19,887,255
Total investments in the fair value hierarchy	19,887,255	—	—	19,887,255
Investments measured at net asset value				1,187,082
Investments measured at fair value	$ 19,887,255	—	—	21,074,337

Fair Value of Investments in Entities that Use NAV

The common collective trust investment objective is to preserve invested principal while providing a competitive current rate of return. There are no restrictions on redemption and there were no unfunded commitments as of December 31, 2020 and 2019.

(5) Related Party and Party-in-Interest Transactions

Parties-in-interest include all entities and individuals that provide services to an employee benefit plan, such as third-party service administrators, asset custodians, ERISA counsel, trustees, fund managers and certain owners or shareholders of a plan's sponsor. ADP, LLC (ADP) is the Plan's recordkeeper, and transactions between the Plan and ADP qualify as party-in-interest transactions. The total amount paid to ADP by the Plan for recordkeeping services totaled $15,923 and $18,129 during the years ended December 31, 2020 and 2019, respectively. UBS Financial Services, Inc. (UBS) is an investment advisor to the Plan and transactions with UBS qualify as party-in-interest transactions. The total amount paid to UBS by the Plan for investment advisory services totaled $53,840 and $40,632 during the years ended December 31, 2020 and 2019, respectively.

(6) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. At termination, each participant's account may be distributed.

(7) Tax Status of the Plan

The Plan is a qualified prototype plan under Section 401(a) of the Internal Revenue Code (IRC) from ADP, Inc. The Internal Revenue Service (IRS) issued an opinion letter to ADP dated July 16, 2014 stating that its prototype plan document was designed in accordance with IRC requirements as of that date.

Although the Sponsor has not applied for a determination letter for the Plan, and the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan has not taken any uncertain tax positions as of and for the years ended 2020 and 2019. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March 2020, the World Health Organization the spread of a new strain of the coronavirus, COVID-19, as a pandemic (the COVID-19 Pandemic). The COVID-19 Pandemic has created adverse economic and socioeconomic uncertainties worldwide, including in the U.S., and has greatly contributed to the volatility in financial markets in 2020 through the date of this report. The full extent of the impact of the COVID-19 Pandemic on the Plan continues to develop, and could include a reduction in the fair value of the Plan's investments.
