WILBERTS INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

NOTE 1 - DESCRIPTION OF THE PLAN

General

The following description of the Wilberts Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions, as amended effective January 1, 2020. The board of managers is responsible for oversight of the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

The Plan is a 401(k) plan covering all employees of the Wilbert's Inc., Wilbert's Tree Farm, LLC, Wilbert's Lakeside, LLC, Wilbert's U-Pull-It, LLC, Wilbert's U-Pull-It of Bath, LLC, and Wilbert's Premium Truck Parts, LLC (the Company) who are at least age eighteen and have completed six months of eligibility service, during which they complete at least one hour of service per month.

Contributions

Participants, through wage or salary reduction, may make contributions up to 90% of annual compensation as defined in the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company matches an eligible employee's contribution up to 3% of compensation, plus 50% of employee's contributions that exceed 3% of compensation, but do not exceed 5% of compensation for a maximum employer matching contribution of 4% (matching contribution). Additional profit-sharing amounts may be contributed at the discretion of the Company's Board of Managers (non-elective contributions). An employee who has completed at least 1,000 hours of service during the Plan year and is employed by the Company on the last day of the Plan year is eligible to participate in non-elective contributions.

Contributions cannot exceed the maximum permitted by IRS regulations. Participants may also contribute amounts representing rollovers from other qualified plans, Traditional Individual Retirement Accounts, and annuities.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Participants' Accounts

Each participant's account is credited with the participant's contributions, the Company's contribution, allocation of plan earnings, and certain administrative expenses. Plan earnings allocations are based on participant account balances. The benefit to which a participant is entitled, is the benefit that can be provided from the participant's account. Investment provisions provide for individually-directed investments. All funds are managed by Reliance Trust Company. The Plan provided participants with approximately twenty-five (25) investment options under ADP. Each participant elected which funds his or her interest in the Plan will be invested at their discretion. If no election is made, funds are invested in a default retirement fund selected by the Company.

Vesting

Participants are immediately vested in their elective deferral, safe harbor matching contributions, rollovers, plus actual earnings thereon. Vesting in the Company's non-elective contributions portion of their accounts is based on years of service. A participant is 100 percent vested after six years of credited service or terminates employment due to disability, death, attainment of early retirement age, or if the Plan is terminated.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts may be used to reduce Employer non-elective contributions. Forfeitures amounted to $2,292 and $1,866 during the years ending December 31, 2020 and 2019, respectively.

Notes Receivable From Participants

Participants may borrow a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of his or her vested account balance. Participants may have two loans outstanding at the same time, only one of which may be a primary residence loan. Loan terms range up to 5 years or longer for the purchase of the participant's primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to retirement, death, disability, or upon turning age 59, a participant may elect to receive either a lump-sum equal to the value of the participant's vested interest in his or her account, installments over a period of time, partial withdrawals or a "direct rollover" to an individual retirement account or to another employer's tax-qualified plan. Payments of all vested amounts of $5,000 or less can be rolled over into an IRA account.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Withdrawals
Participants may request hardship withdrawals for financial hardships, pursuant to plan requirements from salary reduction contributions.

Administration
The Plan is administered by the Company. Recordkeeping is maintained by ADP. Plan assets are held and administered by Reliance Trust Company (Trustee). The Company makes its employees aware that they are approaching eligibility in the Plan and distributes materials, the Summary Plan Description, and enrollment packet, provided by ADP. Working directly with ADP, the employee executes all transactions relating to their 401(k) account including, but not limited to, the enrollment, contributions, investment selection, loans against, and distributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements for the Plan have been prepared using the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Generally, contributions and investment earnings are recorded as received, and benefits and administrative fees are recorded as paid.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Cash and cash equivalents are valued at their face value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants
Participants' loans are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2020.

Payment of Benefits
Benefits are recorded when paid.

Expenses of the Plan
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting, which is a comprehensive basis of accounting, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at December 31, 2020 and 2019, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 4 - FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by Reliance Trust Company as complete and accurate, which included total investments, cash and notes receivable from participants as of December 31, 2020, the total investment income, including net appreciation in fair value of investments for the year ended December 31, 2020, and all information included in supplemental Schedule H, line 41 - Schedule of Assets (Held at End of Year) - Modified Cash Basis.

NOTE 5 - FAIR VALUE MEASUREMENTS

FASB ASC #820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the accounting standards are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets, or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used, need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

Following, is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered Investment Company Shares: Valued at the daily closing price as reported by the fund. Registered Investment Company funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described, may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

Assets at Fair Value as of December 31, 2020 (Audited)

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 6,608,322	$ -	$ -	$ 6,608,322
Total Assets at Fair Value	$ 6,608,322	$ -	$ -	$ 6,608,322

Assets at Fair Value as of December 31, 2019 (Compiled)

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 5,224,557	$ -	$ -	$ 5,224,557
Total Assets at Fair Value	$ 5,224,557	$ -	$ -	$ 5,224,557

There were no changes in the valuation techniques during the year.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - TAX STATUS OF THE PLAN

The Internal Revenue Service has determined and informed the company by letter, dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrators and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC, and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America, require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not, would not be sustained upon examination by the Internal Revenue Service and state tax authorities. The plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA.

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan.

Participants covered under the Plan are considered to be parties-in-interest. Participant loans in the amounts of $112,246 and $125,385, at December 31, 2020 and 2019, respectively, are considered to be party-in-interest investments.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Form 5500 at December 31, 2020.

Total Assets On Statement Net Assets Available For Plan Benefits	$6,720,568
Less: Deemed Distributed Loans At December 31, 2020	(13,595)
Total Assets Per The Form 5500	$6,706,973

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2020 to Form 5500:

Benefits paid to participants per the financial statements	$ 129,124
Add: Deemed Distributed/Offset Loan At December 31, 2020	634
Total Benefits paid Per The Form 5500	$ 129,758

A deemed distributed loan (DDL) occurs when a participant misses a loan payment and fails to make it up by a specified date or the term for repaying a loan expires without full payment. Per IRS instructions, the plan must continue to treat the DDL as outstanding loans, while the plan's 5500 schedule H or I, must exclude DDL from the assets reported December 31, 2020.

NOTE 11 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 15, 2021, which is the date the statements were available for issuance.

In March 2020, the World Health Organization declared COVID-19 to be a global pandemic and public health emergency. COVID-19 has led to increased short-term market volatility and may have adverse long-term effects on U.S. and world economies and markets in general. COVID-19 may adversely impact the Plan’s ability to achieve its investment objective. Because of the uncertainties on valuation, the global economy and business operations values reflected in these financial statements may materially differ from the value received upon actual sales of those investments.

The extent of the impact on the performance of the Plan and its investments will depend on future developments, including the duration of the COVID-19 pandemic, related restrictions and advisories, and the effects on the financial markets and economy overall. The Plan and Plan Administrator cannot reasonably estimate the extent to which the pandemic may materially impact the Statement of Net Assets Available for Benefits - Modified Cash Basis or Statement of Changes in Net Assets Available for Benefits - Modified Cash Basis in future periods.
