1. Description of the Plan:

The following description of Alder Partners 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for more complete information regarding the terms of the Plan.

General: The Plan is a defined contribution plan covering all eligible employees of Alder Partners, LLC (the Plan Sponsor) and related participating employers, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Amendments: Effective March 1, 2020, the Plan was amended to add an automatic enrollment provision to the Plan whereby active Participants who do not revoke their elective contributions will contribute a minimum of 1% of eligible compensation. The description of the Plan that follows describes the Plan as amended effective March 1, 2020.

Eligibility: All employees of the Plan Sponsor become eligible for participation in the Plan three months after the date of hire. Eligible employees enrolled in the Plan are referred to as "Participants" in the Plan.

Contributions: The Plan provides for Participant pretax contributions. Participants may contribute up to 90% of their pretax compensation, as defined by the Plan, subject to the Internal Revenue Code (IRC) limitations. Rollover contributions from other qualified plans are allowed, with the approval of the Plan Administrator. The Plan includes a qualified Roth contribution program, whereby Participants may irrevocably elect to treat all or a portion of compensation that would otherwise be eligible to defer as pretax contributions as designated Roth contributions as defined in Section 402A(c)(1) of the IRC. The Plan has an automatic enrollment feature, whereby active Participants who do not revoke their elective contributions will contribute a minimum of 1% of eligible compensation. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides that Participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make a catch-up contribution subject to IRC limitations.

The Plan Sponsor may, at its discretion, make nonelective contributions to the Plan in any Plan year in an amount determined by the Board of Directors of the Plan Sponsor. Participants must be employed by the Plan Sponsor on December 31 to be eligible to receive Plan Sponsor discretionary nonelective contributions. For the year ended December 31, 2020, the Plan Sponsor made no discretionary nonelective contributions to the Plan.

The Plan does not allow for Plan Sponsor matching contributions to be made to the Plan.

Participant Accounts: Each Participant's account is credited with the Participant's contributions and allocations of (a) the Plan Sponsor's contributions, (a) Plan earnings or losses, and (b) charged with an allocation of administrative expenses, if any. Allocations are based on Participant earnings or account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting: Participants are immediately vested 100% in their contributions and Plan Sponsor nonelective contributions, plus actual earnings thereon.

Notes Receivable from Participants: Participants may borrow from their Plan accounts in amounts attributable to the Participant's vested balance for a maximum term of five years. If the loan is for the purchase of a principal residence, the term of the loan may be extended. A Participant may borrow the lesser of 50% of their eligible balance up to \$50,000. The minimum loan amount is \$1,000 and only two loans can be outstanding at any time. The loan balance is secured by the Participant's account and bears fixed interest at rates that are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

1. Description of the Plan (Continued):

Benefits and Withdrawals: The vested benefits are paid to the Participants or their beneficiaries upon the Participants' retirement, death, disability or termination of employment with the Plan Sponsor. In the event of the above, the Participants or their beneficiaries will receive a lump sum distribution if the account balance has a value of less than or equal to \$1,000. Terminated Participants' vested account balances of greater than \$1,000 and up to \$5,000 may be automatically distributed to an Individual Retirement Account (IRA). Participants whose account balances exceed \$5,000 may elect to receive a lump sum, installment, or partial withdrawal distribution, or may leave their vested balance in the Plan.

Hardship withdrawals are permitted by the Plan as defined in the IRC. Participants may also withdraw their vested account balance upon attaining age 59 ½.

2. Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a Participant ceases to make loan repayments and the Plan Administrator deems the

Participant loan to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Excess Contributions Payable: Amounts payable to Participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 and 2019 excess contributions to the applicable Participants prior to March 15, 2021 and 2020, respectively.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from Participants are charged directly to the Participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Use of Estimates: The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events: The Plan Administrator has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued.

3. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements (Continued):

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the years ended December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trusts (including the Stable Value Fund): Valued at the net asset value (NAV) of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements (Continued):

The following table sets forth, by level within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2020 and 2019:

		Assets at Fair Value as of December 31, 2020			
		Total	Level 1	Level 2	Level 3
Investments:					
Mutual Funds		\$ 665,112	\$ 665,112	\$ -	\$ -
Total Assets in the Fair Value Hierarchy		665,112	665,112	-	-
Investments Measured at Net Asset Value		91,057			
Investments at Fair Value		\$ 756,169			
		Assets at Fair Value as of December 31, 2019			
		Total	Level 1	Level 2	Level 3
Investments:

Total Assets in the Fair Value Hierarchy		377,143	377,143	-	-
Investments Measured at Net Asset Value		2,855			
Investments at Fair Value		\$ 379,998			

The following table summarizes investments measured at fair value based on NAV used as a practical expedient as of December 31, 2020 and 2019:

Financial Asset	Fair Value as of December 31, 2020	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Trusts	\$ 84,159	None	Daily	15 Days
Stable Value Fund	6,898	None	Daily	12 Months
	<u>\$ 91,057</u>			
Financial Asset	Fair Value as of December 31, 2019	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective Trusts	\$ 2,855	None	Daily	15 Days

4. Party-in-Interest Transactions:

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment, in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2020. During the year ended December 31, 2020, the Plan made direct payments to ADP, LLC, the recordkeeper, in the amount of \$981, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

5. Tax Status:

The Plan has adopted the nonstandardized prototype plan of ADP, LLC. The nonstandardized prototype plan sponsor received a favorable opinion letter dated July 8, 2014, in which the Internal Revenue Service stated that the form of the nonstandardized prototype plan was in compliance with the applicable requirements of the IRC. The nonstandardized prototype plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan and the related trust are currently being operated in compliance with the applicable provisions of the IRC, and that the related trust is therefore tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan Sponsor has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator believes it has no uncertain tax positions as of December 31, 2020 and 2019 and for the year ended December 31, 2020.

6. Plan Termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100% vested in the Plan Sponsor contributions.

7. Risks and Uncertainties:

Investments: The Participants invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect Participants' account balances and the amounts reported in the accompanying statements of net assets available for plan benefits.

COVID-19: On January 30, 2020, the World Health Organization (WHO) announced an international public health emergency related to the COVID-19 outbreak. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. This pandemic has adversely affected global economic activity and greatly contributed to significant instability in financial markets. As a result, the Plan's investment portfolio has incurred significant volatility in fair value during the year ended December 31, 2020.

8. Information Certified by the Trustee:

The Plan Administrator has elected the method of compliance, commonly referred to as the limited-scope audit exemption, permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Reliance Trust Company, trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The trustee has certified as to the completeness and accuracy of the investments and notes receivable from participants held by the Plan as of December 31, 2020 and 2019, the investment income (loss), the interest income on notes receivable from Participants and the investment-related transactions of the Plan for the year ended December 31, 2020, and the information contained in the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2020.

9. Subsequent Events:

Plan Amendments: Effective September 1, 2021, the Plan was amended to (i) provide for nondiscretionary matching contributions whereby the Plan Sponsor will match 100% of Participant contributions up to the first 1% of their eligible compensation and 50% of the next 5% of their eligible compensation, and (ii) change the vesting schedule whereby Participants will be 100% vested in Plan Sponsor matching contributions after two years of credited service.

10. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31, 2020 and 2019:
