1. DESCRIPTION OF THE PLAN

The following description of the Planful, Inc. 401(k) Plan (formerly known as Host Analytics, Inc. 401(k) Plan) (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan sponsored by Planful, Inc. (the "Company" or "Employer"), pursuant to Section 401(a) and related provisions of the Internal Revenue Code ("IRC"), was established on January 1, 2014, and restated on April 1, 2017, (the "Effective Date"). The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan covers all employees of the Company who meet certain eligibility requirements, as defined. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent laws.

Effective August 1, 2020, the name of the Plan sponsor changed to Planful, Inc. and the name of the Plan changed to Planful, Inc. 401(k) Plan.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA and the IRC. The Company has delegated certain responsibilities for the operation and administration of the Plan. Trustee and custodial services are provided by Reliance Trust Company ("Reliance" or "Trustee"). Recordkeeping services are provided by ADP Retirement Services, LLC ("ADP").

Certain administrative expenses of the Plan are paid by the Company. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan.

Eligibility

All employees, except for interns and temporary employees, are immediately eligible to participate in the Plan.

Participant contributions

Participants may elect to contribute through payroll deductions amounts up to 90% of their annual compensation, as defined by the Plan, on a tax-deferred and/or after-tax (as Roth contributions) basis, up to a maximum amount allowed by the IRC. Maximum allowed deferral amounts were $19,500 for 2020. Participants who have attained age 50 before the end of a calendar year may contribute an additional $6,500 catch up contribution to the Plan for 2020. Participants are allowed to rollover contributions from other qualified retirement plans into the Plan.

1. DESCRIPTION OF THE PLAN (continued)

Participant contributions (continued)

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contribution or rollovers and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations of investment earnings are based on the participant's selection of investments and timing of purchases and sales of investments. Other allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions and actual earnings thereon.

Notes receivable from participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the value of their vested account balance. The duration of the loan is not to exceed 5 years, except for loans used to finance the purchase of a primary residence for which the loan term may exceed 5 years. The loans are collateralized by the balance in the participant's account and accrue interest at a rate of prime plus 1%, which is commensurate with local prevailing rates. Principal and interest are paid ratably through semi-monthly payroll deductions. Loans outstanding during 2020 accrue interest at rates that range from 5.50% to 6.50%.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability or death. If the value of a participant's vested balance is less than $5,000, the balance is distributed in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. If the account balance is over $5,000, the participant may consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan or installments over a period not longer than life expectancy or postpone payment to a later date and remain in the Plan as described in the plan document.

Upon attaining the age of 59 ½, participants may, while still employed by the Company, elect to withdraw all or a portion of their vested account balance. Participants with an immediate and heavy financial need may be eligible for a hardship withdrawal, subject to certain restrictions as described in the plan documents.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are presented on the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent liabilities. Accordingly, actual results may differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. In response to the economic disruption caused by COVID-19, the U.S. Government enacted the Coronavirus Aid, Relief, and Economic Security (CARES) Act, which includes provisions to provide relief and assistance to affected organizations. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration of COVID-19 and the ultimate impact of the CARES Act and other government initiatives. It is at least possible that this matter could negatively affect the Plan. However, the ultimate financial impact and duration cannot be reasonably estimated by management at this time.

Investment valuation and income recognition

The Plan's investments are reported at fair value as certified by the Trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes receivable from participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Contributions and contributions receivable

Contributions from participants, and related receivables, are recorded based on the date the contributions have been separated from a participant's pay (pay date). Rollovers are recorded when received by the Trustee.

Payment of benefits

Benefits are recorded when paid.

Accounting standards update

During August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13 ("ASU 2018-13"), Fair Value Measurement (Topic 820) Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement. The amendments eliminate, add, and modify certain fair value disclosure requirements. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years. The Plan elected to adopt ASU 2018-13 as of and for the year ended December 31, 2020. The adoption of this standard did not have a material effect on the Plan's financial statements.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2021, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED) (continued)

- Net appreciation (depreciation) in fair value of investments, dividends, and interest (including interest income on notes receivable from participants), reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2020.

Accordingly, as requested by the Plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting standards established a framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2020 and 2019.

4. FAIR VALUE MEASUREMENTS (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: This investment which comprise of the Wilmington Trust Retirement and Institutional Services Company Collective Investment Trust III for MetLife Stable Value J, is a common collective trust stable value fund ("Fund"). The fund is valued at NAV as a practical expedient to estimate fair value, as determined by the Fund issuer. This practical expedient would not be used if it is determined to be probable that the common collective trust will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no redemption restrictions or unfunded commitments. Investments carried at NAV as a practical expedient to fair value are not disclosed within the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 9,959,289	$ -	$ -	$ 9,959,289
Investments measured at net asset value				301,040
				$ 10,260,329

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 10,272,427	$ -	$ -	$ 10,272,427
Investments measured at net asset value				296,716
				$ 10,569,143

5. TAX STATUS

The Plan has adopted the Automatic Data Processing, Inc. Prototype Non-Standardized Profit Sharing Plan (the "prototype plan"). The Internal Revenue Service ("IRS") has informed ADP by a letter dated July 16, 2014, that the written form of the underlying prototype plan document is designed in accordance with applicable sections of the IRC for the use by employers for the benefits of their employees. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

8. PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries of employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee organization or relatives or such persons.

8. PARTY-IN-INTEREST TRANSACTIONS (continued)

ADP retains as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates. These transactions qualify as exempt party-in-interest transactions under ERISA.
