Note 1. Description of the Plan

The following description of the CHG Senior Living, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution profit sharing 401(k) salary deferred plan covering all eligible employees of, and sponsored by, CHG Senior Living, LLC (the Company or Employer or Plan Sponsor) who have completed one month of service and reached the age of 18. Employees may begin participating on the first day of the calendar month coincident with or next following the date the service and minimum age requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to contribute, on a tax deferred basis, up to 60% of their eligible compensation, subject to certain limitations under the Internal Revenue Code (IRC). Participants may also elect to make Roth contributions, on an after-tax basis. Prior to January 1, 2020, the Plan provided an automatic election of 3% of eligible compensation for all eligible employees. An amendment to the Plan effective January 1, 2020 removed the automatic enrollment provision. Prior to the amendment, employees who were automatically enrolled could elect a different percentage or elect not to make any elective deferral contributions. Participants may also contribute amounts representing distributions from other qualified plans or individual retirement accounts. Catch-up contributions are allowed by the Plan as allowed by federal law.

In addition, the Company may make discretionary matching contributions in an amount subject to determination by the Board of Directors of the Company. The Company may also make discretionary profit sharing contributions for each eligible participant in an amount subject to determination on an annual basis by the Board of Directors of the Company. There were no such discretionary matching or profit sharing contributions for the year ended December 31, 2020.

Participant accounts: Each participant's account is credited with (a) the participant's contribution, (b) discretionary employer matching contributions and profit sharing contributions, if applicable, and (c) an allocation of Plan earnings and administrative expenses based on account balances, as defined by the Plan. Plan earnings are allocated based on the number of shares in each participant's account in each investment fund.

Participants' investment options: Participants direct the investment of their contributions and any discretionary employer contributions to be invested amongst various investment options offered by the Plan, which are more fully described in the Plan literature. Participants may change their investment options at any time.

Vesting: Participant contributions and actual earnings thereon are fully vested at all times. Vesting of discretionary employer contributions and actual earnings thereon are based upon the participant's years of service with the Company as listed below. Participants will become fully vested in all contributions upon death, disability, or normal retirement age.

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	25%
2 years	50%
3 years	75%
4 years	100%

Note 1. Description of the Plan (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. Participants are allowed to have no more than one loan outstanding at any time. The repayment period for participant loans cannot exceed five years, except for loans used for the purchase of a participant's primary residence, which must be paid back within fifteen years. The notes receivable are secured by the balance in the participant's account and bear interest at a commercially reasonable rate of interest as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding loans as of December 31, 2020 ranged from 4.25% to 6.50% with various dates of maturity through December 2025.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, amount other things, includes several relief provisions available to tax qualified retirement plans and their participants. The CARES Act allows eligible plan participants to request penalty-free distributions of up to $100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, permits increasing the limit for plan loans, permits suspension of loan payments due for up to one year, and permits individuals to stop receiving 2020 required minimum distributions. The Plan has implemented certain provisions of the CARES Act and will execute a formal Plan amendment within the timeframe required by law.

Payment of benefits: Benefits in the form of a lump sum payment may be distributed to a participant or a participant's beneficiary upon retirement, the participant's reaching the age of 59-1/2, death, disability, hardship or termination of employment. The Plan has a mandatory cash-out provision if the participant's vested balance is less than $5,000. If the participants vested balance is less than $5,000 but greater than $1,000, benefits shall be distributed through a direct rollover into another qualified plan. If the participants vested balance is $1,000 or less, benefits shall be distributed to the participant through a lump sum distribution.

Administrative expenses: The administrative expenses of the Plan are paid by the Plan, unless paid by the Company, at its discretion. Administrative expenses include participant based transaction expenses such as distribution and loan fees as well as Plan related expenses. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Forfeited accounts: Forfeited balances of terminated participants' non-vested accounts may be used in the following manner: restore forfeitures, reduce Company contributions, or to pay reasonable Plan expenses. As of December 31, 2020 and 2019 there were no forfeitures available for use. During 2020, there were no forfeitures of terminated participants' non-vested accounts and no forfeitures utilized by the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. There was no allowance at December 31, 2020 or 2019 as the loans are fully collateralized by the participants' accounts.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America, requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Contributions and contribution receivables: Contributions are recorded on the accrual method of accounting. Contribution receivables are obligations arising from amounts owed to the Plan from the participants or the Employer that have not been included in the Plan's investments at year end. Contribution receivables are recorded at cost, which approximates their fair value. There were $2,551 of total contribution receivables at December 31, 2020 and $9,371 of total contribution receivables at December 31, 2019.

Payment of benefits: Benefits are recorded when paid.

Recently adopted accounting pronouncements: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement: Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement.* This amendment to the Accounting Standards Codification Topic 820, Fair Value Measurement, requires disclosure of the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements for public entities. This amendment also removes the disclosure requirements for the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of transfers between levels and the valuation process for Level 3 fair valued measurements. Furthermore, for investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly. The amendment also clarifies that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurements as of the reporting date. This amendment was adopted by the Plan on January 1, 2020 and did not significantly impact the Plan's financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and disclosure through October 15, 2021, the date on which the financial statements were available to be issued.

Note 3. Information Certified and Provided by John Hancock Life Insurance Company (U.S.A.)

The following is a summary of the Plan's asset and income information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by John Hancock Life Insurance Company (U.S.A), the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator obtained certifications as of December 31, 2020 and 2019 from the custodian that the information provided to the Plan Administrator by the custodian is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and the supplemental schedules related to the following assets:

	2020	2019
Investments, at fair value:		
Pooled separate accounts	$ 695,429	$ 516,723
Collective investment trust	527	275
Cash	127	-
Notes receivable from participants	17,476	19,296
	$ 713,559	$ 536,294

The custodian also certified to the completeness and accuracy of $79,985 of net appreciation of investments and $976 of interest income from notes receivable from participants for the year ended December 31, 2020.

Note 4. Fair Value Measurements

The FASB Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

- **Collective investment trust:** The collective investment trust is made up of a stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value.

- **Pooled separate accounts:** Valued based on the net asset value (NAV) of shares held by the Plan based on the market value of its underlying investments as determined by John Hancock Life Insurance Company (U.S.A). The NAV is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

	Level 1	Level 2	Level 3	Total
2020:				
Total assets in fair value hierarchy	$ -	$ -	$ -	$ -
Collective investment trust measured at NAV (i)				527
Pooled separate accounts measured at NAV (i)				695,429
				$ 695,956
2019:				
Total assets in fair value hierarchy	$ -	$ -	$ -	$ -
Collective investment trust measured at NAV (i)				275
Pooled separate accounts measured at NAV (i)				516,723
				$ 516,998

(i) In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statement of net assets available for benefits.

Changes in fair value: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. For the year ended December 31, 2020, there were no transfers in or out of Level 3.

Note 4. Fair Value Measurements (Continued)

The following table sets forth additional disclosures of the Plan's investments, whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2020 and 2019:

	Fair Value		Unfunded	Redemption	Redemption
	2020	2019	Commitment	Frequency	Notice Period
Pooled separate accounts:					
Asset allocation	$ 621,177	$ 460,593	None	Immediately	None
Large U.S. equity	48,941	35,928	None	Immediately	None
Small/mid U.S. equity	25,082	20,202	None	Immediately	None
Fixed income	229	-	None	Immediately	None
Total pooled separate accounts	695,429	516,723			
Collective investment trust	527	275	None	Immediately	15 days
	$ 695,956	$ 516,998			

Note 5. Parties-In-Interest

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. As such, transactions conducted with John Hancock Life Insurance Company (U.S.A.) and the Plan Sponsor qualify as party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become fully vested in their entire account balances and the net assets of the Plan would be distributed to the participants of the Plan in accordance with the provisions of ERISA.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Coronavirus (COVID-19) pandemic continues to have an unprecedented impact on global and North American economic conditions. These conditions may continue to affect the fair values of Plan assets. The ultimate impact of COVID-19 on the Plan's financial position and results of operations is dependent on future developments, including the duration of the pandemic and the associated length of its impact on the global economy, which cannot be predicted.

Note 8. Tax Status

The Plan has adopted a Volume Submitter Profit Sharing Plan with CODA, where it has received an opinion letter dated March 31, 2014 from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 9. Prohibited Transactions

During 2020, the Plan sponsor inadvertently failed to deposit approximately $6,753 of participant contributions within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The DOL considers late deposits to be a prohibited transaction. Lost earnings for the 2020 late deposits will be remitted to the Plan during the year ended December 31, 2021 from the Company's assets, and not from assets of the Plan.
