LUSA HOLDINGS LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2020

NOTE 1: DESCRIPTION OF PLAN

The following description of the LUSA Holdings LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by LUSA Holdings LLC (the "Company" or "Plan Sponsor"), which was formed on January 1, 2020 (the "Effective Date"). All employees who are 21 years of age or older and have completed one year of eligible service are eligible to participate in the Plan beginning on the first day of the following month upon meeting such requirements. Employees who had met such requirements as of the Effective Date were eligible to contribute beginning on that date. Reliance Trust Company serves as the Plan's trustee (the "Trustee") and ADP, LLC serves as the Plan's recordkeeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Contributions

Employees who have satisfied the service and eligibility requirements for Plan participation may elect to contribute from 1% to 90% of their pretax and post-tax compensation, up to an amount that will not violate provisions of the Plan or exceed maximum contribution limits allowed by the Internal Revenue Code ("IRC"). Participants who are age 50 or older are eligible to make catch-up contributions. Rollover contributions from other qualified plans are allowed.

The Company may make discretionary matching contributions to the Plan participants. Discretionary matching contributions of 25% of each dollar contributed by participants were made to the Plan for the year ended December 31, 2020. At the end of each plan year, the Company may also, at its discretion, make an additional qualified nonelective contribution to all eligible participants allocated at a ratio of each participant's compensation to all participants' compensation for the calendar year. A participant must be employed by the Company on the last day of the plan year to qualify for this qualified nonelective contribution. During 2020, the Company did not make a qualified nonelective contribution.

NOTE 1: DESCRIPTION OF PLAN (continued)

Participants' Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary matching and qualified nonelective contributions, if any, and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and qualified nonelective contributions occurs according to the following schedule:

Years of Service for Vesting Purposes	Percentage Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Regardless of the vesting schedule, participants shall become fully vested upon death, disability, or retirement.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500, up to a maximum equal to the lesser of $50,000, minus the highest outstanding balance of loans in the past 12 months or 50% of their vested account balance. Loan terms generally may not exceed five years, unless for the purchase of a primary residence, in which case, the loan must be entirely repaid within a period not to exceed 30 years from the date the loan proceeds are received. The loan is secured by the balance in the participant's account and bears interest at the Prime rate (as reported in *The Wall Street Journal*) plus 2% at the time of the loan. A participant may only have one loan outstanding at any time. Principal and interest are paid ratably through payroll deductions. There were no notes receivable from participants outstanding as of December 31, 2020.

NOTE 1: DESCRIPTION OF PLAN (concluded)

Forfeited Accounts

Forfeitures represent nonvested matching and qualified nonelective contributions of participants who have terminated their employment with the Company. Forfeited balances are used to reduce administrative expenses and employer contributions. There were no forfeited nonvested accounts as of December 31, 2020, and no forfeitures were utilized during the year then ended.

Payment of Benefits

Participants may elect to receive either a lump-sum amount or annual installments equal to the value of their vested interest, as defined in the plan document, upon retirement, termination, death, or disability. A terminated employee with a balance of less than $5,000 may be automatically paid out by the Plan upon termination. Distributions may be made at the participant's election prior to termination upon attainment of age 59½ or hardship, as defined in the plan document.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Accounts Payable, Return of Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participant on February 18, 2021.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Contract administration fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in the fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held as of December 31, 2020, and net appreciation in fair value of investments, and interest and dividends for 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. All of the Plan's investments as of December 31, 2020, are valued using level 1 measurements.

Following is a description of the valuation methodology used for investments measured at fair value.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds are required to publish their daily net asset value and to transact at that price. These funds held by the Plan are deemed to be actively traded.

NOTE 4: FAIR VALUE MEASUREMENTS (concluded)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2020 Investments at Fair Value Level 1
Mutual funds	$ 94,404
Total investments at fair value	$ 94,404

NOTE 5: RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan invested in certain funds managed by the Trustee. These transactions qualify as party in interest transactions that are exempt from the prohibited transaction rules under ERISA. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing rather than a direct payment. The Plan made direct payments to the Trustee totaling $76, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged.

NOTE 6: INCOME TAX STATUS

The Plan adopted the ADP, LLC Prototype Non-standardized Profit Sharing Plan (the "Prototype Plan") with cash or deferred arrangement and obtained its latest opinion letter dated July 8, 2014, in which the IRS stated that the Prototype Plan, as then designed, was compliant with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability, or asset, if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state tax authorities.

NOTE 7: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2020, to the Form 5500:

Net assets available for benefits per the financial statements:	$	101,243
Participants' contributions receivable		(2,683)
Employer's contributions receivable		(9,233)
Accounts payable, return of excess contributions		5,077
Net assets available for benefits per the Form 5500	$	94,404

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2020, to the Form 5500:

Increase in net assets available for benefits per the financial statements	$	101,243
Participants' contributions		2,394
Employer's contributions		(9,233)
Changes in net assets available for benefits per the Form 5500	$	94,404

The differences noted above between the financial statements and the Form 5500 occurred because the financial statements are based on the accrual basis of accounting while the Form 5500 is based on the cash basis of accounting.

NOTE 8: SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 14, 2021, the date these financial statements were available for issuance, and determined that no events have occurred that would require adjustment to or disclosure in these financial statements.
