NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Twin Med 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 2019 as a voluntary employee contribution plan for the benefit of employees of Twin Med, LLC (the "Plan Sponsor").

The Plan is a defined-contribution plan established by the Plan Sponsor under the provision of Section 401(k) of the Internal Revenue Code (IRC). The Plan is administered by ADP Retirement Services, who performs the function of the third-party administrator, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Reliance Trust Company (the "Trustee") is responsible for the custody and management of the Plan's assets.

Eligibility

The Plan covers all employees of the Plan Sponsor who have reached 21 years of age, are U.S. citizens and have completed three months of service are eligible to participate in the Plan. Upon satisfaction of the eligibility requirements, employees are automatically enrolled monthly in the Plan with a 3% deferral election on pre-tax annual compensation. Employees who do not wish to participate in the Plan must make a separate salary deferral election indicating a zero deferral rate.

Participant Contributions

Each year, participants may contribute up to 75% of their pretax or Roth basis annual compensation, as defined in the Plan, not to exceed elective dollar limits imposed by the Internal Revenue Service (IRS), as defined in the Plan. Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions. Contributions can be stopped as of any payroll period. Contributions can be resumed on the next entry period, and the contribution percentages can also be changed. Rollover contributions representing qualified Plan distributions and individual retirement accounts are permitted.

Employer Contributions

The Employer matches 20% of each participant's deferral contribution of the first 1% of participant contributions and an additional 20% for each additional percent of participant contributions, not to exceed 5% of the participant's compensation. All employer contributions are invested in the same manner that the participant directs his or her participant withheld amounts.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers, and allocations of the Plan's earnings and administrative expenses. Each participant's account is credited with the participant's contribution and the Company's matching contribution. Plan earnings are allocated based on participant account balances, as defined.

Investment Elections

Upon enrollment in the Plan, participants direct their contributions into any of the various investment options offered by the Plan. The Plan currently offers a choice of various investment options for participants. Participants may change or transfer their investment options at any time.

Vesting

Participants are immediately vested in their salary deferral contributions, plus actual earnings thereon. Vesting of employer matching contributions and earnings thereon are based upon the participant's years of service with the Plan Sponsor as follows:

Years of Service	Vesting Percentage
Less than 1	0%
1 – 2	20%
2 – 3	40%
3 – 4	60%
4 – 5	80%
5 or more	100%

Notes from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of fifty percent (50%) of their vested account balance, or $50,000. Notes are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. The notes bear interest rates of 4.25%–6.50% as of December 31, 2020 and mature through April 2025. A participant may have no more than two notes outstanding at one time. Loan terms are specified for each loan. Loans must be repaid within a five-year (5) period, unless the loan is used to purchase a principal residence which must be repaid within a fifteen-year (15) period. Principal and interest are paid ratably through biweekly payroll deductions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Benefit Payments

Upon normal retirement, retirement due to permanent disability, death, termination and hardship, participants or the participants' beneficiaries are eligible to receive their vested interest in funds either in the form of payments beginning at age 59 ½ or in a lump-sum payment. The Plan can distribute all participant balances under $5,000 without the request of the participant.

Forfeitures

A participant's accounts are forfeited if the employer contribution portion has not been fully vested at the time of withdrawal. These amounts can be utilized by the Plan Sponsor to offset administrative expenses of the Plan, with any remaining forfeitures to be used to reduce employer matching contributions otherwise payable to the Plan. During the year ended December 31, 2020, $9,635 of forfeitures were used to reduce employer matching contributions. As of December 31, 2020 and 2019, there were $9,640 and $57 of forfeitures available, respectively.

Administrative Expenses

Administrative expenses are paid directly by either the Plan Sponsor or by the Plan, as defined in the Plan document.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Contributions by the participants and the related employer matching contributions are recognized in the period the participants' wages are earned. Withdrawals from the Plan for participant distributions are recognized when the amounts are paid to the participant, except for cases where refunds are due to the participants in order for the Plan to conform to IRC provisions. In addition, investment income is recorded when received by the trustee. Plan expenses are recorded when incurred.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for its investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for applicable investments.

Notes from Participants

Loans from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Payment of Benefits

Benefit payments to participants are recorded when paid. As of December 31, 2020 and 2019, there were no benefits payable to participants who elected to withdraw from the Plan.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and loans from participants reflected on the accompanying statements of net assets available for plan benefits as of December 31, 2020 and 2019, the supplemental Schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020; the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2020.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification Topic 820, "Fair Value Measurements and Disclosures" (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transfer at that price. The registered investment companies held by the Plan are deemed to be actively traded.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Collective investment trust: Valued at the net asset value (NAV) of the underlying assets of the funds. The collective investment trust invests in traditional guaranteed investment contracts, separate account guaranteed investment contracts, synthetic guaranteed investment contracts, and money market instruments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 7,305,836	$ -	$ -	$ 7,305,836
Investments measured at NAV (practical expedient) (a)				950,150
Total investments				**$ 8,255,986**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 5,673,121	$ -	$ -	$ 5,673,121
Investments measured at NAV (practical expedient) (a)				867,489
Total investments				**$ 6,540,610**

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth a summary of the Plan's investments for which fair value is estimated using NAV (or its equivalent) as of December 31, 2020:

	Fair Value as of 12/31/2020	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common collective trusts	$ 950,150	None	Daily	None	30 days

The following table sets forth a summary of the Plan's investments for which fair value is estimated using NAV (or its equivalent) as of December 31, 2019:

	Fair Value as of 12/31/2019	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common collective trusts	$ 867,489	None	Daily	None	30 days

NOTE 5 – TAX STATUS

Effective January 1, 2019, the Plan adopted a prototype plan sponsored by Automatic Data Processing, Inc. (ADP). The prototype plan has received an opinion letter from the IRS as to the volume submitter plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken on an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. Plan management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2020, and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability, asset, or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan Sponsor and Plan Administrator are a party-in-interest with respect to the Plan. Administrative fees related to the Plan's existence that are paid by the Plan Sponsor are considered related-party transactions. Fees paid by the Plan to the trustee and TPA amounted to $55,341 for the year ended December 31, 2020. Notes from participants and the related interest income of $8,249 for the year ended December 31, 2020 are also considered related-party transactions.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in funds in which participants can invest in a combination of equity fixed income securities and other investments. Investments are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons along with loans up to $100,000 or 100% of the participant's vested balance and have repayment dates be delayed for up to one year. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company, by action of its Plan Administration, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination would receive distributions of their account balances and become 100% vested. Net assets available for plan benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 10 – SUBSEQUENT EVENTS

The Pan Administrator has evaluated subsequent event through October 15, 2021, the date of the financial statements were available to be issued, and conclude that no subsequent events other than the one mentioned have occurred that would require recognition in the financial statements or disclosures in the notes to the financial statements.
