Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Pea Soup Andersen's – Santa Nella, Inc. Employee Savings Plan (the Plan), which comprise the statements of net assets available for Plan benefits as of December 31, 2020 and 2019, and the related statements of changes in net assets available for Plan benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplementary information. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Employee Savings Plan
Notes to Financial Statements
December 31, 2020

Note 1: Description of Plan

The following description of The Pea Soup Andersen's Santa Nella, Inc. (the Plan Sponsor) Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a type of defined contribution plan under which each participant has a specific account balance. The Plan covers all employees sponsored by The Pea Soup Andersen – Santa Nella, Inc. who have attained the age twenty-one and meet the service requirement of six months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions

Participants may contribute to the Plan through salary reductions up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans as a rollover contribution. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan Sponsor may make an employer matching contribution. In addition, the Plan Sponsor may elect to make an employer nonelective contribution as determined by the Plan Sponsor. The nonelective contribution will be allocated to eligible participant accounts based on all eligible participants' compensation. Participants receiving the nonelective contribution must be employed on the last day of the Plan year and work 1,000 hours. For the year ended December 31, 2020, the Plan Sponsor did not make an employer matching or nonelective contribution.

Effective January 1, 2013, the Plan was amended to require automatic enrollment. Employees who become eligible after the effective date will become automatically enrolled in the Plan unless the employee provides an affirmative election to not participate. Initial deferral rates begin at 3% of compensation and are subject to annual increases of 1% up to the maximum automatic deduction of 6%.

Contributions, by the employee and employer, are subject to certain Internal Revenue Service (IRS) limitations.

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions via salary reductions and allocations of (a) the company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer's matching and nonelective contributions plus earnings thereon is based on years of continuous service. A participant is 100% vested in the Plan Sponsor's matching contribution after six years of service. A participant is 100% vested in the employer's nonelective contribution after five years of service. All years of service are counted except for years of service with less than 1,000 hours.

Forfeitures of matching and nonelective contributions are used to reduce Plan administrative expenses or reduce employer matching contributions. During the year ended December 31, 2020, no forfeitures were used to pay administrative cost or to reduce employer matching contributions. At December 31, 2020, there was no forfeiture balance in the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $500 up to a maximum of $50,000 equal to the lesser of $50,000 or 50% of their vested account balance. Notes receivable are secured by the balance in the participant's account and bear interest at prime plus 2%, as of the loan date. Principal and interest are paid through payroll deductions.

Payment of Benefits

Benefit payments will commence upon termination of service unless elected otherwise by the participant. Benefits may be paid in one of the following forms of payment, or in a combination: (1) single lump sum or (2) installments over a period not to exceed the participant or participant's beneficiary's life expectancy, or (3) any form acceptable to the participant and the Plan administrator.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Fair Value Measurement and Income Recognition

Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board Accounting Standards Codification (the Topic), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the reporting date. The Topic also established a three-tier hierarchy, which prioritizes the inputs used in the valuation methodologies in measuring fair value:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 2: Summary of Significant Accounting Policies (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies (Mutual Funds): Investments in registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Money market funds held by the Plan are open-ended funds that are registered with the Security Exchange Commission. These funds are required to publish their daily net asset value and transact at that price. The funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: The fair values of investments in common/collective trust funds are based on the NAV reported by the investment advisor in the audited financial statements of the common collective trusts at year-end. The NAV is a quoted price in a market that is not active and classified within Level 2 of the valuation hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Note 2: Summary of Significant Accounting Policies (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Equity securities:				
Registered investment companies	$ 607,163	$	$	$ 607,163
Common collective trusts		2,099,963		2,099,963
Total assets at fair value	$ 607,163	$ 2,099,963	$ -	$ 2,707,126

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Equity securities:				
Registered investment companies	$ 481,831	$	$	$ 481,831
Common collective trusts		1,998,753		1,998,753
Total assets at fair value	$ 481,831	$ 1,998,753	$ -	$ 2,480,584

Payment of Benefits

Benefits are recorded when paid.

Plan Administration Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. For the year ended December 31, 2020, administrative expenses for the Plan were $44,303, of which $29,089 was paid by the Plan and $15,214 was paid by the Plan Sponsor.

Note 3: Information Prepared and Certified by Trustee

The Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included in the accompanying financial statements and supplementary schedule was prepared or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator from the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears through the financial statements and supplementary schedule.

The certification extends to the investment and investment income included in the statement of net assets available for Plan benefits and statement of changes in net assets available for Plan benefits.

During the year ended December 31, 2020, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $276,118. Earnings on investments and interest income from note receivables from participants for the year ended December 31, 2020 was $29,037 and $2,229, respectively.

Note 4: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 5: Tax Status

The IRS has determined and informed the Company by a letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accounting principles generally accepted in the United States of American require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6: Investment in Fully Benefit-Responsive Contracts

The Plan holds a fully benefit-responsive investment contract with Reliance Trust Company (Invesco Stable Value Trust Fund) which maintains the contributions in a separate account. These accounts are credited with earnings on the underlying investments and charged for participants' withdrawals and administrative expenses.

As these contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to these investments. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The investment contract issuer will reset the rate by amortizing the difference between the market value of the portfolio and guaranteed value over the weighted average duration of the contract's investments. Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowable events. These events include transfers to other Plan investment options, and payments because of retirement, termination of employment, disability, death and in-service withdrawals as permitted by the Plan.

Investments, at contract value, were $441,600 and $438,846 at December 31, 2020 and 2019, respectively.

Note 7: Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for the investment management services are included in net appreciation in fair value investments.

Note 8: Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. The current economic environment due to COVID-19 has increased the degree of uncertainty (see Note 9 for additional information).

Note 9: COVID-19 Pandemic

During the first quarter of 2020, the Word Health Organization declared COVID-19 to be a public health emergency. COVID-19 has led to increased short-term market volatility and may have adverse long-term effects on U.S. and world economies and markets in general. Due to the uncertainty surrounding the recent COVID-19 pandemic, the length and severity of the outbreak, and the volatility in the world investment markets, there is increasing uncertainty as to how these events will affect results of operations and the financial position of the Plan going forward.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act is an emergency economic stimulus package in response to the coronavirus outbreak, which among other things contains numerous tax, emergency funding and other provisions that affect certain retirement plan provisions. In April 2020, the Plan authorized changing distribution and loan administrative provisions as allowed by the CARES Act. The below provisions only apply or are available to participants who have themselves been diagnosed with COVID-19 or a participant whose spouse or dependent is diagnosed with COVID-19 and/or a participant who experiences adverse financial consequences as a result of being quarantined, furloughed, laid off, having work hours reduced, or being unable to work due to lack of childcare due to COVID-19.

- Allowing for the suspension of loan payments for up to 1 year and applies to loan payments due from March 27, 2020 to December 31, 2020.
- Increasing the maximum loan amount from the lesser of $50,000 or 50% of the participant's vested account balance to the lesser of $100,000 or 100% of the participant's vested account balance and applies to all loans made on or before September 23, 2020.
- Allowing for COVID-19 distribution of up to $100,000 of the participant's vested account balance. This withdrawal must be processed before December 31, 2020 and the participant will have 3 years from the day after the distribution was received to repay the amount into a qualified retirement plan.

The Plan continues to evaluate the impact of the CARES Act on its plan provisions, operations and cash flows.

Note 10: Subsequent Events

Events subsequent to December 31, 2020 have been evaluated through October 12, 2021, which is the date the financial statements were available to be issued. Management did not identify any subsequent events that required disclosure.
