Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2020 or 2019 financial statements. Accordingly, we do not express an opinion on the 2020 or 2019 financial statements referred to in the first paragraph.

Emphasis of Matter Regarding Going Concern and Plan Merger

The accompanying financial statements have been prepared assuming that the Plan will continue as a going concern. As discussed in Note 6, on August 31, 2020 the Plan was merged with RE/SPEC Inc. Employee 401(k) Retirement Plan (RE/SPEC 401(k)). RE/SPEC 401(k) is the surviving plan post-merger. The Plan is not a going concern. The financial statements do not include any adjustments that might be necessary upon plan merger. Our opinion is not modified in respect to that matter.

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 2020 (DATE OF MERGER) AND DECEMBER 31, 2019

(1) Summary of Significant Accounting Policies

Nature of Business of Plan Sponsor

PDC Inc. (the Company) provides civil, structural, electrical, mechanical, and environmental engineering and surveying services across Alaska. Effective August 31, 2020 the Plan was amended to merge with the RE/SPEC Inc. Employee 401(k) Retirement Plan (RE/SPEC 401(k)). As a result, all investments were transferred to the RE/SPEC 401(k) as of that date.

Method of Accounting

The financial statements of the PDC Inc. 401(k) Profit Sharing Plan (the Plan) are prepared under the accrual method of accounting.

Use of Estimates and Basis of Accounting

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value on a recurring basis as determined by the Trustee (Note 4 and 8). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividend income is recorded on the ex-dividend date.

Risks and Uncertainties

The Plan provides for various investment options. Investments are exposed to various risks, such as interest, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Net Change in Fair Market Value of Investments

The net appreciation in fair market value of investments is composed of the realized gains and losses in securities that were sold or otherwise disposed of during the year and the unrealized gains and losses in securities held at the end of the year.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) AUGUST 31, 2020 (DATE OF MERGER) AND DECEMBER 31, 2019

(2) Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions. The Plan originated on January 1, 1989.

General and Eligibility

The Plan is a defined contribution plan covering substantially all employees of the Company. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees of the Company who have completed three months of service and have attained the age of twenty-one are eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan, not to exceed the IRS limits. Participants who attain age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company has a discretionary match option. There was no discretionary matching contribution for the period ended August 31, 2020 (date of merger). The discretionary matching contribution for the year ended December 31, 2019 was equal to 28 percent of employee deferrals up to \$1,000. The Company can also provide a discretionary profit-sharing contribution which is determined annually. There were no profit-sharing contributions made for either the period ended August 31, 2020 (date of merger) or the year ended December 31, 2019. Employees must reach 1,000 hours during the Plan year in order to receive discretionary matching and profit-sharing contributions. Contributions are subject to certain IRS limitations.

The Plan allows Roth elective deferrals. Contributions to Roth 401(k) accounts are made on an after-tax basis and contributions to a Roth 401(k) account are included in the participant's gross income. Future distributions of Roth elected contributions and earnings thereon will not be taxed, if certain criteria are met. Roth elective deferrals to the Plan are permanently designated as Roth elective deferrals in participant accounts. The participant's Roth deferrals and gains and losses attributable to such deferrals are accounted for separately.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the employer's matching contribution, (b) the employer's profit sharing contribution, (c) plan earnings (losses), and (d) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Payment of Benefits

Benefit payments are made as soon as administratively feasible following the first valuation date after the date on which a participant is terminated from employment. Upon termination of service due to death, disability, retirement, or termination of employment, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account by either a lump-sum distribution or through installments. In the event a participant has an outstanding note balance at the time of their termination, the unpaid balance is treated as a benefit payment to that participant. On termination of service, a participant with an account balance of \$1,000 or less will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

(2) Description of the Plan (Continued)

Hardship Withdrawals

Should a plan participant experience a hardship, he or she may elect to withdraw a maximum of their vested account balance less (a) any outstanding loan balance and (b) earnings on contributions. All cases of hardship must be presented in writing to, and approved by, the Company. The Company may request additional supporting documentation from plan participants to substantiate any case of hardship. The Company may, at its discretion, approve all or part of the withdrawal request. Hardship withdrawals are recorded as distributions in the period in which they are paid.

Participant Investment Options

Participants may direct contributions to any of the funds offered by the Plan. Participants may change their investment options as often as they wish. Participants may elect to discontinue contributions at any time.

Vesting

Participants are immediately vested in their contributions plus actual earnings. Vesting in the Company's matching and profit-sharing contributions plus actual earnings thereon is based on years of continuous service. A participant becomes 25 percent vested after two years of credited service, as defined, and continues to vest at a rate of 25 percent for each successive year of service until 100 percent vested after five years of credited service, or if less than five years, upon reaching normal retirement age, total disability, death, or upon termination of the Plan. Participants carried their vesting credit over to the RE/SPEC 401(k) upon merger of the two plans.

Forfeitures

Forfeited, nonvested account balances totaled **\$-0-** and \$54 at August 31, 2020 (date of merger) and December 31, 2019, respectively, which were invested in the Lincoln Stable Value Account. Nonvested account balances are forfeited, unless participants return to employment and contribute the distribution received at termination within a specified time. The Plan allocates forfeitures to reduce future employer contributions. Forfeitures of **\$263** and \$6,152 were used to pay administrative expenses of the Plan for the period ended August 31, 2020 (date of merger) and the year ended December 31, 2019, respectively.

(3) Administrative Expenses

Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan. The Company has, at its discretion, absorbed certain other administrative expenses pertaining to the Plan. If not paid by the Company, these administrative expenses become the responsibility of the Plan.

(4) Information Certified by Trustee

The Plan's investments are held by Lincoln Financial Group Trust Company, the Trustee, who executes investment transactions and performs all accounting functions associated with the Plan's investments. The Trustee determined the fair value of investments at August 31, 2020 (date of merger) and December 31, 2019.

PDC INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED) AUGUST 31, 2020 (DATE OF MERGER) AND DECEMBER 31, 2019

(4) Information Certified by Trustee (Continued)

In accordance with Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has received certification from the Trustee as to the accuracy and completeness of certain financial information of the Plan as of and for the period ended August 31, 2020 (date of merger) and the year ended December 31, 2019. Information contained in the following has been certified by the Trustee:

Statements of Net Assets Available for Benefits (except for employer contribution receivable)
Statement of Changes in Net Assets Available for Benefits (except for contributions, benefits paid to participants, and administrative expenses)

(5) Income Tax Status

On March 31, 2014, the IRS stated that the prototype adopted by the plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the plan itself; however, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan's final Form 5500 for the period January 1, 2020 through August 31, 2020 (date of merger) was not filed timely. This will result in fines and penalties to the Plan Sponsor. The Plan Sponsor will pay all fines and penalties related to the late filing. As of the date of this report the total amount is unknown.

(6) Participant Withdrawals

Vested, undistributed account balances of separated Plan participants total **\$-0-** and \$5,991,000 at August 31, 2020 (date of merger) and December 31, 2019, respectively.

(7) Recurring Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Fair value measurements are framed in a three level hierarchy defined as follows:

- Level One: inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level Two: inputs include:
 1. quoted prices for similar assets or liabilities in active markets;
 2. quoted prices for identical or similar assets or liabilities in inactive markets;
 3. inputs other than quoted prices that are observable for the asset or liability;
 4. inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability
- Level Three: inputs to the valuation methodology are unobservable and significant to the fair value measurement

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
AUGUST 31, 2020 (DATE OF MERGER) AND DECEMBER 31, 2019

(7) Recurring Fair Value Measurements (Continued)

The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following methods and assumptions were used to determine fair value. There have been no changes in the methodologies used at August 31, 2020 (date of merger) and December 31, 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: A stable value fund is composed of annuity contracts with guarantees backed by the general account of the issuing life insurance company. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The following table presents the assets carried at fair value as of December 31, 2019, in the accompanying statements of net assets available for benefits by fair value hierarchy, as described above. All are measured on a recurring basis.

There are no assets carried at fair value for the period ended August 31, 2020 (date of merger).

December 31, 2019:	Level One	Level Two	Level Three	Total
Mutual Funds	\$ 16,318,844	\$ -	\$ -	\$ 16,318,844
Total Assets in the Fair Value Hierarchy	16,318,844	-	-	16,318,844
<i>Investments Measured at</i>				
<i>Net Asset Value *</i>	-	-	-	3,962,170
Total Assets at Fair Value	\$ 16,318,844	\$ -	\$ -	\$ 20,281,014

* In accordance with FASB Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

(8) Related Party Transactions

Fees for legal and professional services rendered to the Plan may be paid by the Company at its discretion. The Plan holds an investment in a stable value fund managed by Lincoln Financial Group.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
