Hoover Treated Wood Products, Inc. 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Hoover Treated Wood Products, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all of the non-union hourly employees of Hoover Treated Wood Products, Inc. (the "Company" or "Plan Sponsor") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Administration

The Company, as Plan Sponsor, has appointed Fidelity Management Trust Company ("FMTTC") as the trustee of the Plan. Fidelity Investments Institutional Operations Company, Inc. provides recordkeeping and other administrative services to the Plan.

Eligibility

All non-union hourly employees of the Company are eligible to participate in the Plan, unless specifically excluded. Entry dates are: January 1, April 1, July 1, and October 1. Employees who are at least 18 years of age and have completed 6 months of service are eligible to contribute to the Plan. Excluded employees consist of the following:

- Leased employees, independent contractors and other workers who are not compensated through the internal corporate payroll system
- An employee whose employment is governed by a collective bargaining agreement with the Company and the agreement does not call for participation in the Plan
- Salaried employees

Contributions

Each year, participants may contribute a portion of their pre-tax compensation as defined by the Plan, up to 60% of such compensation and subject to Internal Revenue Service ("IRS") pre-tax deferral limits as defined. Participants age 50 and older may also make catch-up contributions as defined by the IRS. Participants may also contribute amounts representing distributions from other qualified retirement plans of after-tax employee contributions.

The Plan also includes an automatic salary deferral provision, which states that once an employee is eligible to participate, the Company will automatically defer 2% of the employee's eligible compensation to the Plan as a pre-tax contribution, which is then increased each year thereafter by 1% up to a maximum of 6%. Eligible employees may complete a salary deferral agreement to select an alternative deferral amount or to elect not to defer under the Plan.

A discretionary matching contribution may be made as determined annually by the Company's board of directors. The Company's matching contribution for the year ended December 31, 2020, equaled 50% of the first 6% of annual eligible compensation contributed by each participant.

Hoover Treated Wood Products, Inc. 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2020 and 2019

Additionally, the Company may elect to make a discretionary profit-sharing contribution. For the year ended December 31, 2020, the discretionary profit-sharing contribution totaled \$373,245, of which \$352,000 was a receivable as of year-end. Employees are eligible to receive a share of any discretionary Company contributions if they are employed on the last business day of the Plan year and provided at least 1,000 hours of service during the Plan year. Eligible employees are not required to contribute to the Plan to be eligible for the employer profit sharing discretionary contribution. The profit-sharing contribution is allocated based on a uniform percentage of each participant's eligible compensation for the Plan year.

Contributions are subject to certain regulatory limitations.

Participant Accounts

Participants' accounts may be invested in one or more of the investment funds available under the Plan at the direction of the participant. Each participant's account is credited with (a) participant's contributions, (b) an allocation of employer contributions and (c) an allocation of investment earnings or losses; and is charged with (a) withdrawals, (b) an allocation of investment income and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company's matching and discretionary contributions plus earnings thereon is based on years of service. A participant is 20% vested after one year, 40% vested after two years, 60% vested after three years, 80% vested after four years, and 100% vested after five years of credited service.

Investment Options

Participants may direct their contributions, allocated Company contributions, and any related earnings into a number of available investment options that vary in degree of risk and investment objective. The Plan currently holds various mutual funds and a money market fund as investment options for participants. Participants may change their investment options daily. The Plan administrator or FMTC may change the investment options available to participants at any time.

Benefit Payments

Upon termination of service, a participant will receive an amount equal to the value of the vested interest in his or her account. If a participant terminates while an active employee due to death, disability, or retirement, his or her account balance will automatically become 100% vested. Participants may receive all or a portion of their balance of deferred contributions and rollovers by requesting an in-service withdrawal if they are at least 59½. The Plan also provides that a participant may receive liquidation of all or a portion of his or her deferral contribution balance in the event of an economic hardship in the form of a lump-sum distribution only.

On March 27, 2020 the Coronavirus, Aid, Relief and Economic Security Act (the "CARES Act") was signed into law in an effort to provide economic assistance to workers, families and businesses. The CARES Act also includes relief provisions available to tax-qualified retirement plans and their participants. The Plan adopted some of the changes permitted by the CARES Act, including permitting coronavirus-related distributions. In order for participants to receive relief under the adopted provisions of the CARES Act, they were required to self-certify that they have been impacted by the COVID-19 outbreak.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2020 and 2019

Forfeitures and Administrative Expenses

The following table presents the activity within the forfeiture account during the Plan year:

<u>For the year ended December 31,</u>	<u>2020</u>
Forfeited nonvested accounts as of beginning of year	\$ 90,119
Participant forfeitures during year	90,681
Transfers	720
Investment earnings	256
Forfeitures used to offset employer contributions	<u>(122,352)</u>
Forfeited nonvested accounts (available to pay future administrative expenses and reduce future employer contributions) as of end of year	<u>\$ 59,424</u>

Pursuant to provisions of the Plan, the Company pays substantially all expenses for the administration of the Plan except for certain investment related and participant requested service expenses. Amounts reported as administrative expenses per the statement of changes in net assets available for benefits primarily pertain to participant distribution fees.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available or benefits.

On March 11, 2020, the World Health Organization declared the COVID-19 outbreak to be a global pandemic. In addition to the devastating effects on human life, the pandemic is having a negative ripple effect on the global economy, leading to disruptions and volatility in the global financial markets. Most U.S. states and many countries have issued policies intended to stop or slow the further spread of the disease. There are no comparable events that provide guidance as to the effect the COVID-19 pandemic may have, and, as a result, the ultimate effect of the pandemic is uncertain and subject to change. A sustained outbreak could materially affect participants' account balances and the amounts reported on the statement of net assets available for benefits.

Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for description of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid, which is generally when incurred.

New Accounting Pronouncements

In July 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-09, *Codification Improvements*, which made changes to a variety of topics, to clarify, correct errors in, or make minor improvements to the Accounting Standards Codification ("ASC"). The amendments in the ASU were effective for the Plan's fiscal year beginning after December 15, 2019, with early adoption permitted. Entities are required to adopt the guidance retrospectively to all periods presented. The Plan adopted the updated provisions in these financial statements. The adoption of such provisions did not have a material impact on the financial statements and related disclosures.

In August 2018, FASB issued ASU 2018-13, *Fair Value Measurement - Disclosure Framework (Topic 820)*. The updated guidance improves the disclosure requirements for fair value measurements. The updated guidance was effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The Plan adopted the updated provisions in these financial statements. The adoption of such provisions did not have a material impact on the financial statements and related disclosures.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2021, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

ASC 820 provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and

- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Money market and mutual funds: valued at the quoted market prices of shares held by the Plan at year end and are considered Level 1 measurements.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - RELATED-PARTY TRANSACTIONS

The Plan's investments are shares of mutual funds and a money market fund are held by FMTC and managed by one of its affiliates. FMTC is the trustee as defined by the Plan and, therefore, transactions in these investments qualify as party-in-interest transactions. Changes in the employment status of certain employees resulted in net transfers of \$477,187 out of the Plan to the Hoover Treated Wood Products, Inc. 401(k) Savings Plan for the year ended December 31, 2020.

NOTE 5 - INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by

29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, FMTC, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019.
- Net investment earnings as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020.
- Schedule of assets (held at end of year) as of December 31, 2020.

The Plan's independent auditors did not perform audit procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 6 - FEDERAL INCOME TAX STATUS

The Plan adopted a prototype basic plan document, which received an opinion letter from the IRS on March 31, 2014, which stated that the prototype basic plan document is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has since been amended; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all Company contributions.
