1. Description of Plan

The following description of the BDG Media, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees, as defined in the Plan, of BDG Media, Inc. (the "Company" or "Employer"). Employees are eligible to participate upon hire. The Plan was effective February 1, 2019 (inception). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, the President signed into law the U.S. Coronavirus Aid, Relief and Economic Security Act (the "CARES Act"). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Eligible coronavirus distributions up to $100,000;
- The loan limit increased to the lesser of $100,000 or 100% of a participant's vested balance;
- Suspension of required minimum distributions; and
- Extend the period for loan repayments, if applicable, up to one year.

Contributions

Each year, eligible employees may elect to contribute a portion of their eligible compensation to the Plan on a pre-tax basis or Roth basis, subject to limitations established by the Internal Revenue Code ("IRC"). The Plan has an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a rate of 3% unless they affirmatively opt out. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make discretionary matching contributions and discretionary profit sharing contributions to the Plan, which would be allocated to all eligible employees. Eligible employees must attain age 21 and complete 1,000 hours of service. For the year ended December 31, 2020, the Employer did not make a discretionary matching contribution or discretionary profit sharing contributions to the Plan.

Participants direct the investment of all contributions into various investment options offered by the Plan.

Vesting

A participant is immediately 100% vested in their elective deferrals and rollover contributions, including allocated earnings thereon at all times. A participant is 100% vested in Employer discretionary matching contributions and discretionary profit sharing contributions as follows: 0-2 years of service, 0% vested; after 2 years of service, 50% vested and after 3 years of service, 100% vested.

.1. Description of Plan *(continued)*

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer contributions and (b) Plan earnings (losses). Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

Payment of Benefits

Upon termination of service due to death, disability, retirement or for other reasons, a participant or their beneficiary is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account. If a participant has a balance less than $1,000, he or she shall receive a lump-sum amount equal to the value of the participant's vested interest in his or her account without his/her consent.

Benefits can also be distributed from a participant's vested elective deferrals in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with interest rates currently being charged on similar commercial loans by persons in the business of lending money as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. The loan must be repaid within a period not to exceed five years from the date the participant receives the loan, unless the loan is for the purchase of the participant's principal residence, in which case the loan must be repaid within the period permitted which is greater than five years. As previously discussed, the loan limit increased to the lesser of $100,000 or 100% of a participant's vested balance and loan repayments were extended as a result of the CARES Act implementation.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. The Plan's investments, that were valued at fair value, were valued using level 1 inputs.

2. Summary of Significant Accounting Policies *(continued)*

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Mutual funds held by the Plan are valued at the fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily NAV and to transact at that price. The group annuity contract is valued at contract value, which represents contributions plus credited interest less participant withdrawals and fees.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Employer and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 14, 2021.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Massachusetts Mutual Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of all the investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020 and the related investment activity and notes receivable from participants activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

4. Group Annuity Contract

The Plan has a benefit-responsive investment contract with MassMutual. The Fixed Account is provided through a group annuity contract (the "Contract"). A crediting rate is established for amounts invested in the Fixed Account and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value.

Because the Fixed Account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Participants ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value. The Fixed Account notwithstanding the liquidation value events under the group annuity contract may limit the ability of the Plan to transact at contract value.

The Contract represents approximately 2% of the Plan's net assets available for benefits at December 31, 2020. The Plan was not invested in the Contract at December 31, 2019. The credit risk of MassMutual was evaluated by nationally recognized statistical rating agencies as follows: A.M. Best (A++ as of October 2021), Moody's Investors Service (Aa3 as of October 2021), Standard and Poor's (AA+ as of October 2021) and Fitch Ratings (AA+ as of October 2021).

5. Party-in-Interest Transactions

The fixed account is managed by Massachusetts Mutual Life Insurance Company, the custodian of the Plan, as defined by the Plan. Accordingly, these transactions are considered exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statement of net assets available for benefits.

Certain employees of the Employer, who may also be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

The Plan has an agreement with Massachusetts Mutual Life Insurance Company whereby Massachusetts Mutual Life Insurance Company will pay certain Plan expenses on behalf of the Plan. The payments come from Massachusetts Mutual Life Insurance Company and are not a Plan asset.

6. Tax Status

The Internal Revenue Service has determined and informed the prototype document preparer by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions for periods since 2017; however, there are currently no examinations for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of a plan termination, participants would become 100% vested in their Employer contributions

8. Prohibited Transactions

During the 2020 Plan year, the Employer failed to transmit to the Plan certain participant's contributions totaling $8,341 within the period described by Department of Labor regulations. Delays in remitting these amounts to the Plan were due to an administrative oversight. The Employer is in the process of calculating and remitting lost earnings.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global economic uncertainty associated with the COVID-19 pandemic has resulted in significant volatility in global financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2020 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted due to uncertainty regarding the duration and scope of the pandemic and other changing market conditions.
