Manth-Brownell, Incorporated was acquired by Alco Manufacturing Corporation, LLC in August 2020. Effective March 9, 2021, the Plan was merged with and into the Alco Manufacturing Corporation, LLC 401(k) Retirement Plan and Trust. Each participant in the Plan on March 9, 2021 will receive a benefit under the Alco Manufacturing Corporation, LLC 401(k) Retirement Plan and Trust immediately after the merger which is equal to the benefit the participant would have been entitled to receive immediately prior to the merger, if the Plan had then terminated.

(b) Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined in the Plan up to the maximum allowable under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers a guaranteed investment contract and various mutual funds as investment options for participants. Participants may also elect to make pre-tax contributions to the Plan on any Sponsor paid bonus in whole percentages from 1% to 100%. The Sponsor also may make discretionary matching contributions. For the period from July 1, 2020 through January 1, 2021, and for the year ended June 30, 2020, the Sponsor matched 50% of participant contributions up to 4% of eligible compensation. In connection with the Plan merger effective January 1, 2021, there were no subsequent contributions allowed into the plan. The Sponsor can also elect to make additional discretionary profit sharing contributions to the Plan as determined by the board of directors of the Sponsor. No discretionary profit sharing contributions were made in 2021 and 2020. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Eligible employees are automatically enrolled in the Plan at a 4% contribution rate unless they elect not to contribute.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution, Sponsor matching contributions, and discretionary profit sharing contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are vested immediately in their contributions plus actual earnings (losses) thereon and any discretionary profit sharing contributions made by the Sponsor. Vesting in the Sponsor's matching contribution portion of the participant's account plus actual earnings thereon is based on years of continuous service. Participants vest 20% each year in their first five years of service until they are 100% vested after five years of credited service. Participants become fully vested in all contributions if they retire on or after their early retirement date defined as 55 years of age by the Plan. All participants with active account balances as of December 1, 2020 became 100% vested in the Company's contributions due to the announced termination of the plan.

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of the value of their vested account balance. Loan terms range from one to five years unless for the purchase of a primary residence, in which case, the maximum duration of the loan may be up to thirty years. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 2.0% and range from 5.25% to 7.50%. Principal and interest is paid ratably through after-tax payroll deductions on at least a quarterly basis.

(f) Payment of Benefits

On termination of service, due to death, disability or retirement, a participant can elect to receive a lump-sum distribution, partial distribution or installment payments equal to the value of the participant's vested interest in his or her account. A participant may, however, upon the attainment of age 59 ½, elect to receive a pre-retirement distribution while remaining in the service of the Sponsor. Participants with balances that exceed \$5,000 may defer receiving a distribution upon termination until a distribution is required to be made.

(g) Forfeited Accounts

At March 9, 2021 and June 30, 2020, forfeited non-vested accounts totalled \$0 and \$12,177, respectively. These accounts remain in the Plan and are first used to restore previously forfeited account balances of returning participants who are so entitled. Remaining forfeitures will be used to reduce any Sponsor contributions or to pay Plan expenses. In 2021 and 2020, the Sponsor used \$4,688 and \$3,119, respectively, in forfeitures to reduce employer contributions or pay Plan expenses.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

(b) New Accounting Pronouncement

Effective July 1, 2020, the Plan adopted Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* (ASU 2018-13). As a result of the adoption of ASU 2018-13, the Plan primarily removed and modified certain fair value disclosure requirements on fair value measurements. This standard was adopted retrospectively. The adoption of this ASU did not have an impact on the Plan's net assets or changes in net assets.

(c) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies

(d) Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodian. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

(h) Subsequent Events

The Plan has evaluated subsequent events through October 12, 2021, the date the financial statements were available to be issued.

(3) Investment Contract with Insurance Company

The Plan has entered into a fully benefit-responsive guaranteed investment contract with VOYA Retirement Insurance and Annuity Company (VOYA). VOYA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by VOYA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan merger did not limit the ability of the Plan to transact at contract value with the contract issuer and did not limit the ability of the Plan to transact at contract value with the participants.

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at March 9, 2021 and June 30, 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Mutual funds	\$ <u>4,779,262</u>	<u>-</u>	<u>-</u>	<u>4,779,262</u>

(5) Information Certified by the Plan's Custodian

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements is complete and accurate as of or for the period from July 1, 2020 to March 9, 2021, and as of or for the year ended June 30, 2020:

	<u>2021</u>	<u>2020</u>

Transfer to Alco Manufacturing Corporation, LLC 401(k) Retirement Plan and Trust	\$ <u>5,979,862</u>	<u>-</u>

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements.

(6) Party-in-Interest

Certain Plan investments are mutual funds and a guaranteed investment contract managed by VOYA. VOYA is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan issues notes receivable to participants, which are secured by the balances in the participant's accounts. Therefore, related transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments.

(7) Tax Status

The IRS has determined and informed the prototype sponsor by a letter dated September 1, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations prior to 2018.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In March, 2020, the World Health Organization declared the COVID-19 outbreak a pandemic and the United States federal government declared COVID-19 a national emergency. At its peak, the COVID-19 outbreak had adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. While financial markets have recovered, values of the Plan's individual investments have and will fluctuate in response to changing market conditions.

Additionally, Section 2202 of the Coronavirus Aid, Relief and Economic Security Act (CARES Act), which was enacted on March 27, 2020, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has not made any changes to the Plan prior to the plan termination effective March 9, 2021.
