Note 1. Plan Description

The following description of Bonten Media Group Inc. Employee Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Bonten Media Group Inc. and its affiliates, which were acquired by Sinclair Broadcast Group, Inc. (the Sponsor) on September 1, 2017. The Investment Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Effective December 31, 2017, contributions are no longer permitted into the Plan.

Investment options: Participants may change their account's investments daily to any of the investments offered under the Plan.

Participant accounts: Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Sponsor's contributions plus actual earnings based on years of continuous service. A participant is 100% vested after five years of service.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, reaches retirement age or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Forfeitures: Forfeitures are used to pay Plan expenses. Forfeited nonvested accounts totaled $3,787 and $3,737 at December 31, 2020 and 2019, respectively. No forfeitures were used in 2020. Accumulated forfeitures will be used to pay Plan expenses in 2021.

Notes receivable from participants: Effective June 11, 2019, the Plan was amended to no longer permit participants to borrow from their accounts; however, participants can continue to make repayments on any outstanding loans. The loans are collateralized by the vested balance in the participant's account and bear interest at a fixed rate determined by the Plan Administrator at the time the loan was processed. The rates range from 5.00% to 5.25% on loans outstanding at December 31, 2020, and the loans mature through 2022. Loan repayments are made directly by participants to the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. Allowance for credit losses of $74,340 and $87,732 has been recorded as of December 31, 2020 and 2019, respectively.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2020) through October 21, 2021, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Wells Fargo Bank, N.A. (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included in the Plan's financial statements and supplemental schedule of assets (held at end of year), that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the Plan's financial statements and supplemental schedule related to the following assets:

	December 31	
	2020	2019
Investments at fair value:		
Registered investment companies	$ 2,223,088	$ 2,600,404
Common collective trust funds	6,737,575	6,686,150
Common collective trust stable value fund	641,771	758,746
	$ 9,602,434	$ 10,045,300
Notes receivable from participants (certified value does not include any allowances - see Note 2)	$ 77,636	$ 93,234

Wells Fargo Bank, N.A. also certified to the accuracy and completeness of $1,420,680 in net appreciation in fair value of investments, $38,158 of dividends and interest related to the aforementioned plan assets for the year ended December 31, 2020.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in methodologies used at December 31, 2020 and 2019.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the NAV of shares in each account held by the Plan at year-end. The NAV is not a public-quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value.

Common collective trust stable value fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 2,223,088	$ -	$ -	$ 2,223,088
Investments measured at NAV (a)				7,379,346
Investments at fair value				$ 9,602,434

	Assets at Fair Value as of December 31, 2019			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 2,600,404	$ -	$ -	$ 2,600,404
Investments measured at NAV (a)				7,444,896
Investments at fair value				$ 10,045,300

(a) In accordance with Fair Value Measurement topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2020 and 2019:

Investment	Fair Value 2020	Fair Value 2019	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust funds	$ 6,737,575	$ 6,686,150	None	Daily	None
Common collective trust stable value fund	641,771	758,746	None	Daily	None
Total	$ 7,379,346	$ 7,444,896			

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan's management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Related Party and Party-in-Interest Transactions

Wells Fargo Bank, N.A. is the trustee of the Plan; therefore, transactions with the trustee and its related entities qualify as party-in-interest transactions. Fees paid by the Plan to the trustee and its related entities totaled $29,744 for the year ended December 31, 2020. Fees paid by the Plan to other service providers totaled $23,572 for the year ended December 31, 2020. The Sponsor also paid certain administrative expenses of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right to suspend or terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in all of their accounts.

Note 7. Tax Status

The Plan has adopted a volume submitter 401(k) profit sharing plan sponsored by Wells Fargo Bank, N.A. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
