(1) Description of Plan

The following description of the ArcherDx, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of ArcherDx, Inc. (the "Plan Sponsor"), who are age twenty-one or older, excluding union and nonresident alien employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan merger

In October 2020, the Plan Sponsor was acquired by the Invitae Corporation. Effective January 1, 2021 the Plan was placed in a blackout period through the plan merger date of March 3, 2021. As of January 1, 2021 all participant contributions and matching contributions were directed to the Invitae Corporation 401(k) Plan and on March 3, 2021 all assets and liabilities were transferred out of the Plan into the Invitae Corporation 401k Plan. Until March 3, 2021 (Date of Merger), the assets of the Plan were held with Voya Retirement Insurance and Annuity Company ("Trustee"). The named fiduciary for the Plan was the Plan Administration Committee.

CARES Act provisions

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was signed into law. The CARES Act expanded the ability of certain 401(k) plan participants to withdraw, penalty free, funds from their vested retirement plan accounts up to $100,000, increased the participant loan limit to $100,000, and delayed loan repayments for up to one year, subject to certain participant eligibility criteria. The Plan did not adopt these provisions of the CARES Act.

Contributions

Each year, participants may contribute up to the maximum amount allowed under the law based on pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers a fixed interest investment option and various mutual funds as investment options for participants.

In October 2019, the Plan Sponsor amended the Plan to include an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Plan Sponsor may make discretionary matching and profit sharing contributions to the Plan. In October 2019, the Plan Sponsor elected to begin matching contributions equal to 50% of the first 3% of employee contributions, capped at $2,000 per year. As of January 1, 2021 all matching contributions were directed into the Invitae Corporation 401(k) Plan. Matching contributions are invested as directed by the participant. There were no discretionary profit sharing contributions during the period January 1, 2021 through March 3, 2021 (Date of Merger). Contributions are subject to certain Internal Revenue Code (IRC) limitations.

(1) Description of Plan (continued)

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, discretionary profit sharing, and matching contributions plus actual earnings thereon. In October 2019, the Plan Sponsor amended the Plan to include vesting for any newly hired participants. Newly hired participants shall vest 50% of discretionary profit sharing and matching contributions until 1 year of service has been provided.

Top Heavy Allocations

In October 2019, the Plan Sponsor amended the plan to include a top-heavy allocation provision. If the Plan has been determined top-heavy, the Plan Sponsor will allocate a minimum of 3% of participants compensation to the Plan.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. In 2021, the annual loan interest rate was 3.25%. Principal and interest is paid ratably through semi-monthly payroll deductions. This note receivable was merged into the Invitae Corporation 401(k) Plan as of March 3, 2021.

Payment of benefits

On termination of service due to death, disability, retirement, or severance of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a direct rollover to another qualified retirement plan. In addition, hardship and in-service distributions are permitted if certain criteria are met. Corrective distributions are paid in the event a participant makes excess contributions during the period. There were no corrective distributions during the period ended March 3, 2021.

(2) Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan were prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies (continued)

Investments
Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because the contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Payment of benefits
Benefits are recorded when paid. As of March 3, 2021, distributions requested but not paid to withdrawing participants were $0.

Investment valuation and income recognition
The Plan's mutual fund investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and included in net appreciation. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses was recorded as of March 3, 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Withdrawal fees, plan administrative fees, and investment advisor fees are also included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

(3) Summary of Information Certified by the Custodian

The following information, which is included in the financial statements, has been certified by Voya Retirement Insurance and Annuity Company ("Voya") for the period January 1, 2021 through March 2, 2021 and the year ended December 31, 2020:

- Investments at fair value
- Investment at contract value
- Note receivable from participant
- Net appreciation in fair value of investments
- Return on guaranteed investment contract
- Interest income on note receivable from participant
- Schedule of assets (held at end of period)

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of March 3, 2021 and December 31, 2020.

Mutual funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(4) Fair Value Measurements (continued)

Mutual funds (continued)
The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 3, 2021 and December 31, 2020:

	Assets at Fair Value as of March 3, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ -	$ -	$ -	$ -
Investments at fair value	$ -	$ -	$ -	$ -

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,542,488	$ -	$ -	$ 8,542,488
Investments at fair value	$ 8,542,488	$ -	$ -	$ 8,542,488

(5) Fully Benefit Responsive Investment Contract

The Voya Fixed Account is a traditional investment contract and meets the fully benefit responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The investment contract is recorded on the Statement of Net Assets Available for Benefits as investment at contract value. This investment option allows the Plan sponsor to withdraw the contract value to pay participant benefits.

(6) Tax Status

The Internal Revenue Service (IRS) has issued a determination letter on the prototype plan dated September 30, 2014, which states that the prototype plan document is in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, the Plan is qualified, and the related trust is tax-exempt.

(7) Related Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of funds managed by Voya. Voya is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation or depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made a direct payment to the third party administrator of $1,350 which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

(8) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(9) Commitments, Contingencies, Risks and Uncertainties

Risk
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Uncertainty
In March 2020, the World Health Organization declared a global pandemic as it relates to COVID-19. The spread of COVID-19 appears to be altering the behavior of businesses and people in a manner that is having negative effects on global and local economies. The Plan Sponsor is closely monitoring the impact of COVID-19 on operations. The financial statements do not include adjustments relating to this pandemic.

(10) Subsequent Events

The Plan has evaluated subsequent events through the date of the auditor's report, the date the financial statements were available to be issued.
