INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Cargolux 401(k) Retirement Plan
Houston, Texas

We were engaged to audit the accompanying financial statements of Cargolux 401(k) Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 5*, which was certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2020 and 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Re: Independent Auditors' Report

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

Cargolux 401(k) Retirement Plan (the Plan) is a qualified retirement plan, covering substantially all eligible employees of Cargolux Airlines International S.A. (the Company), to provide employees with the opportunity to save for retirement on a tax-advantaged basis. The Plan was originally adopted by the Company effective April 1, 1988. The Plan was subsequently amended and restated effective January 1, 2019. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and is administered by the Company.

Significant provisions of the Plan in effect as of December 31, 2020 are summarized below. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

Eligibility – All non-excluded employees of the Company who have attained age 21 are eligible to participate in the Plan. The entry date will be the first day of the month on or after the employee satisfies the eligibility requirements. All non-excluded employees of the Company who have attained age 21 and worked at least 1,000 hours in a specified 12-month period are eligible to receive employer contributions. The entry date will be the first day on or after the employee satisfies the eligibility requirements.

Contributions – Participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan as a salary deferral, not to exceed the dollar limit which is set by law. There are two types of salary deferrals: pre-tax 401(k) deferrals and Roth 401(k) deferrals. The Plan includes an automatic salary deferral feature. The Company will automatically withhold 6% of a participant's compensation from each payroll period and contribute that amount to the Plan as a pre-tax 401(k) elective deferral contribution. Participants who are automatically enrolled in the Plan may elect an alternative deferral amount or elect not to defer under the Plan. Participants who are at least age 50 or will attain age 50 before the end of a calendar year may elect to defer additional amounts called catch-up contributions. Participants are permitted to revoke their salary deferral election at any time during the Plan year, and may make any other modification on the first day of the month.

The Company may make an employer matching contribution equal to a uniform percentage of participants' salary deferrals. For employees that were hired prior to June 1, 2012, the employer matching percentage is 100% of elective deferral contributions up to 11.5% of compensation, and for employees hired on or after June 1, 2012, the employer matching percentage is 100% of elective deferral contributions up to 6% of compensation.

The Company may make a discretionary matching contribution equal to a uniform percentage of participants' salary deferrals. Each year, the Company will determine the amount of the discretionary percentage. During 2020, the Company did not make any discretionary matching contributions.

Participants are also permitted to deposit into the Plan distributions received from other retirement plans or certain IRAs as rollover contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions, rollovers, employer contributions, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative fees that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants direct the investment of their entire interest in the Plan into various investment securities. The Plan currently offers mutual funds, pooled separate accounts, and a collective trust fund as investment options for participants. Participants may redirect the investment of future contributions or reallocate or transfer existing balances among available investment securities at any time.

Vesting – Participants are always 100% vested in their salary deferrals including, pre-tax and Roth 401(k) deferrals, catch-up contributions, rollovers, and any earnings thereon. Vesting for certain Company contributions is based on vesting years of service. Company matching and profit sharing contributions are subject to a six-year graded vesting schedule in which participants become 100% vested after six years of service. Participants will become 100% vested in all of their accounts under the Plan upon death, total and permanent disability, or early retirement while still employed by the Company.

Payment of Benefits – Upon termination of service before normal retirement age, a participant may elect to receive a single lump-sum payment in cash equal to the value of the participant's vested account balance, or to rollover the distribution directly to another qualified plan under section 401 of the Internal Revenue Code (IRC). If a participant's vested account balance does not exceed $1,000 upon termination of employment, it will be automatically distributed regardless of whether a participant consents to receive it. Upon normal retirement, disability, or death, the participant or beneficiary is entitled to receive the amount credited to their account. Benefits may be paid to the participant in a single lump-sum payment in cash or a direct rollover to another qualified plan. If the participant or their beneficiary is required to take minimum distributions, benefits may be paid in a series of payments as required by the IRC.

Participants may take in-service distributions while still employed with the Company if they are age 59½ or older at the time of the distribution. If a participant has a financial hardship due to immediate and heavy financial need, they may also withdraw from their vested account.

Notes Receivable From Participants – Loans are available to participants on a reasonably equivalent basis. The minimum loan amount is $1,000 and the maximum amount is the lesser of 50% of the participant's vested account balance in the Plan, or $50,000 reduced by the highest outstanding loan balance during the prior 12-month period. Loans are adequately secured and charged a commercially reasonable rate of interest. The term of the loan may not exceed five years unless the loan is for the purchase of a principal residence. Participants may only have two loans outstanding at any given time.

CARES Act – On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. Certain provisions of the CARES Act permits participants who satisfy the eligibility requirements to take a loan from the Plan during the 180-day period beginning on March 27, 2020 of up to the lesser of $100,000 (taking into account the outstanding balance of all other loans taken from plans of the employer) or 100% of the nonforfeitable value of the participant's account under the Plan. A participant who satisfies the eligibility requirements for a coronavirus-related loan may delay repayment of a new or existing loan from the Plan for a period of one year for loan repayments outstanding on March 27, 2020 through December 31, 2020. The delay of the loan repayment will not cause the loan to fail to meet the IRC requirements for the maximum five-year loan term for nonresidential loans or substantially level reamortized payment schedule. Once repayments recommence, the loan will be adjusted to reflect the delay, including accrued interest.

Certain provisions of the CARES Act permits participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons through December 31, 2020. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced, being unable to work due to a lack of childcare due to COVID-19, or through a diagnosis of COVID-19 for the employee, spouse, or dependent. Participants may spread the tax consequences of these distributions over three years and they may pay these distributions back to the Plan within three years to avoid taxation on the portion that is repaid. The Company has elected to allow the distribution provisions of the CARES Act. The amendment for the CARES Act elections must be adopted by the end of the calendar year 2022.

Forfeited Accounts – If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account remains in the Plan and is called a forfeiture. Forfeitures may be used to pay Plan expenses or to offset employer contributions to the Plan. Forfeited non-vested accounts totaled $-0- and $102 at December 31, 2020 and 2019, respectively. In 2020, $8,792 of forfeitures were used to reduce employer contributions.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 or 2019.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants subsequent to March 15, but prior to the 12 month period following the close of the Plan year in which the mistake occurred. If corrective distributions are made after the first 2.5 months after the Plan year-end, the Company may be liable for a 10% excise tax. Management believes the timing of excess deferral refunds does not affect the tax status determination of the Plan.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – The Plan permits the payment of Plan expenses to be made from the Plan's assets. If expenses are paid using the Plan's assets, then the expenses will generally be allocated among the accounts of all participants in the Plan. There are certain other expenses that may be paid just from a participant's account. These are expenses that are specifically incurred by, or attributable to, a participant.

Subsequent Events – The Plan has evaluated subsequent events through October 6, 2021, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts – Valued at the NAV of units of a pooled account. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of its underlying investment held by the account less its liabilities. The practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Collective Trust Fund – Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan was to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 239,743**	**$ -**	**$ -**	**$ 239,743**
Total investments in the fair value hierarchy	**$ 239,743**	**$ -**	**$ -**	**239,743**
Investments measured at NAV as practical expedient				**17,097,061**
Total investments at fair value				**$ 17,336,804**

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 663,622	$ -	$ -	$ 663,622
Total investments in the fair value hierarchy	$ 663,622	$ -	$ -	663,622
Investments measured at NAV as practical expedient				15,530,635
Total investments at fair value				$ 16,194,257

NOTE 4 – STABLE VALUE FUND

The Principal Stable Value Z Fund (the Fund) is a collective trust fund, with a fund classification of money market/stable fund. The Fund invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third-party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

There are several risks specific to investment contracts. One of the primary risks involved is credit risk of the contract issuer. Credit risk for security-backed contracts includes risks arising from the potential inability of the issuer to meet the terms of the contract wrapper and the potential default of the underlying fixed-income securities. Secondly, liquidity is limited because of the unique characteristics of investment contracts and the absence of an actively traded secondary market. Interest rate risk is also present because rates may be fixed with these products.

The NAV of the Fund is calculated daily and net investment income and realized and unrealized gains on investments are not distributed but rather reinvested and reflected in the NAV of the Fund. Units of the Fund are issued and redeemed at the current NAV. Redemptions by participating plans occur at NAV following the 12-month notice period.

NOTE 5 – INFORMATION CERTIFIED BY THE TRUSTEE

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020. Accordingly, as permitted under such election, the Company has instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing the information certified by the trustee with information included in the Plan's financial statements and supplemental schedule.

NOTE 6 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the trustee and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party in interest transactions.

NOTE 7 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested. The Company will direct the distribution of participants' accounts in a manner permitted by the Plan as soon as practicable.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for Plan benefits. The Plan does not obtain or require collateral for these investment securities.

In March 2020, the novel coronavirus (or "COVID-19") outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

NOTE 9 – TAX STATUS

The Company adopted a volume submitter profit sharing plan with CODA sponsored by Principal Life Insurance Co. The volume submitter plan received a favorable opinion letter from the IRS dated August 8, 2014, which stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. The Company believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
