1. Description of Plan

The following description of the Pavlov Media, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering eligible employees of Pavlov Media, Inc. (the Company), who have three months of service and have attained age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may elect to defer a portion of their compensation, as defined by the Plan. Current employees may also contribute amounts representing distributions from other qualified plans. The maximum contribution to the Plan in any year is determined by provisions in the Plan and the Internal Revenue Code (IRC) and Income Tax Regulations.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a money market fund as investment options for participants.

The Company may make a discretionary matching or profit-sharing contributions. For the year ended December 31, 2020, the Company made a discretionary matching contribution equal to 50 percent of an employee's deferrals up to a maximum match of $2,000.

Participant Accounts – Each participant's account is credited with the participant's contribution, if any, and allocations of (a) the Company's contribution, (b) forfeitures, if any, (c) administrative expenses, and (d) Plan earnings, net of investment fees. Allocations are based on participant earnings, account balances, or other participant events, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Participants are also vested immediately in any discretionary employer matching contributions. Vesting of employer profit sharing contributions are based on years of service and a participant is 100 percent vested in these contributions after six years of credited service.

Payment of Benefits – Upon termination of service, a participant is entitled to receive a lump-sum amount equal to the participant's vested interest in his or her account. The Plan provides for an automatic lump sum distribution of account balances of $5,000 or less. The Plan allows for in-service distributions from all fully vested account balances if the participant has attained age 59 ½. The Plan also allows for financial hardship withdrawals of all or part of the participant's deferral contributions, if the participant can prove financial hardship and is unable to meet their financial needs another way.

Excess Contributions – Amounts payable to participants totaling $31,818 and $32,854 for contributions in excess of amounts allowed by the IRS are recorded as a liability and are included as a reduction to contributions on the statement of changes in net assets available for benefits as of December 31, 2020. The Plan distributed the 2020 and 2019 excess contributions to the applicable participants in 2021 and 2020, respectively.

Notes Receivable from Participants – Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 (reduced by the excess, if any, of the participant's highest outstanding note balance during the one-year period ending on the day before the date on which such note is made over the participant's outstanding balance of notes on the date such note was made) or 50 percent of the participant's vested balance. The minimum amount of a loan shall be $1,000 and an employee may only have one loan outstanding at any time. Note terms range from one to five years and up to 30 years for the purchase of a primary residence. The note is secured by the vested balance in the participant's account and bears interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts – Forfeited amounts are allocated to participant accounts as an additional employer contribution or used to pay plan expenses. The Plan had no forfeitures at December 31, 2020 and 2019, and no forfeitures were allocated to participant accounts in 2020.

2. Summary of Significant Accounting Policies

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Investment and Administrative Expenses – The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain fees are charged to the Plan for services provided to the Plan. When applicable, these fees and fees charged by mutual funds are netted with investment earnings.

Payment of Benefits – Benefits are recorded when paid for financial statement purposes.

Subsequent Events – The Plan has evaluated subsequent events through October 26, 2021, the date on which the financial statements were available to be issued.

3. Information Certified by Ascensus Trust Company, the Investment Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, no auditing procedures were performed on the following information certified by Ascensus Trust Company, the investment custodian of the Plan, as complete and accurate, except for comparing such information certified by the investment custodian to information included in the Plan's financial statements and supplemental schedule:

	2020	2019
Investments, at Fair Value	$ 3,727,246	$ 2,573,481
Net Appreciation in Value of Investments	$ 420,715	
Interest and Dividends	$ 58,250	

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10 establishes a framework for measuring fair value under generally accepted accounting principles. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2020.

The following is a description of the valuation methodologies used for assets measured at fair value:

- *Mutual Funds*: Valued at quoted market prices, which represent the net asset value of shares held by the Plan. Several of the Plan's mutual fund investments are subject to various holding period restrictions as imposed by the mutual fund companies.

- *Money Market Fund:* Valued at the total of invested deposits plus earnings thereon, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,716,719	$ -	$ -	$ 3,716,719
Money Market Fund	10,527	-	-	10,527
	$ 3,727,246	$ -	$ -	$ 3,727,246

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 2,567,070	$ -	$ -	$ 2,567,070
Money Market Fund	6,411	-	-	6,411
	$ 2,573,481	$ -	$ -	$ 2,573,481

5. Administrative Expenses and Party-In-Interest Transactions

A transaction with a plan service provider or a participant of the Plan qualifies as a party-in-interest transaction. Service provider fees, including, either directly or indirectly, are paid to Ascensus Trust Company, the investment custodian and record keeper, and The Vanguard Group, the third-party administrator, and investment advisor. Of these fees, $4,484 is included in administrative expenses on Exhibit B. Other investment fees are netted with investment earnings. Certain expenses incurred in the administration of the Plan were also paid by the plan sponsor.

Additionally, certain plan investments are both held and managed by the investment custodian.

Notes receivable from participants are considered to be both party-in-interest and a related-party transaction.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

7. Tax Status

On January 1, 2018, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The plan administrator and the prototype provider believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. Uncertain Tax Positions

The Plan was late in filing its 2018 and 2019 Form 5500 and has received various notices related to this matter throughout 2020 and 2021 including a penalty assessment for the late filing of at least $50,000, which has not yet been paid. The Company is currently in correspondence with the DOL to reach a resolution as of the date of this report. The required filings have since been completed and the Plan intends to file the 2020 Form 5500 as soon as possible. It is at least reasonably possible that DOL examination could result in sanctions to the Plan in addition to the penalty already assessed to the Company that, if not satisfied, could threaten the qualified status of the Plan.

Additionally, as discussed below, during 2019 there were certain instances where the Company failed to remit contributions to the Plan in a timely manner. Though the contributions were all remitted during 2019, no correction for lost earnings has been made for the untimely contributions. If not corrected in a timely fashion, upon examination or discovery by an authoritative body, it is possible that sanctions could be levied against the Company that, if not satisfied, could threaten the qualified status of the Plan.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

On March 11, 2020, the World Health Organization declared the outbreak of coronavirus (COVID-19) a pandemic. Local, U.S., and world governments have encouraged self-isolation to curtail the spread of COVID-19 by mandating temporary work stoppage in many sectors and imposing limitations on travel and group size and duration of group meetings. Most industries are experiencing disruption to business operations and the impact of reduced consumer spending. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. As the situation with COVID-19 was still unfolding as of October 26, 2021, management is uncertain of what, if any, additional financial impacts the Plan will face due to the global pandemic.

10. Prohibited Transaction

During 2019, contributions totaling $72,379 were not remitted timely to the Plan. As of October 26, 2021, no correction for lost earnings had been made for the untimely contributions.
