Note 1 - Plan Description

The following description of Polyventive LLC 401(k) Plan (f/k/a PSG-Functional Materials, LLC 401(k) Plan) (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Polyventive Holdings, LLC (the "Company") who have completed 60 days of service and are age 21 or older, except those under a collective bargaining agreement, leased employees, reclassified employees, and nonresident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Transfer In

During January 2020, the Company had the assets of current and former employees of Peach State Labs, LLC (PSL) and Phoenix Chemical Company, LLC (PCC) transferred into the Plan from another plan. PSL and PCC are subsidiaries of the Company. During 2019, the Company was involved in a spinoff transaction, which resulted in it being separated from another legal group that maintained its own 401(k) plan. As a result, the Company created the Plan, effective December 6, 2019; the participants from the Company began contributing to the Plan during 2019, and had their assets transferred in from the former plan during 2020. Accordingly, the financial statements are presented as of December 31, 2019 and for the period from December 6, 2019 through December 31, 2019 and as of and for the year ended December 31, 2020.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 100 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. The Plan allows participants to contribute up to 100 percent of their compensation on a before-tax or after-tax basis. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan utilizes automatic enrollment upon reaching eligibility at 3 percent of compensation. The deferral percentage will automatically increase 1 percent each year until reaching a maximum of 7 percent of compensation. The participant has the option to opt out of the automatic enrollment or change the deferral percentage.

The Plan provides for employer matching contributions in a discretionary amount to be determined by the Company. The Company matched employee contributions up to 7.00 percent of participant deferrals at a rate of \$0.50 on the dollar for the year ended December 31, 2020 and the period ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 20 percent after one year of service and another 20 percent per year thereafter until they become fully vested after five years of service.

December 31, 2020 and 2019

Note 1 - Plan Description (Continued)

Benefit Payments

Distributions are payable upon retirement, death, disability, termination of employment, or attainment of 59½ years of age in the form of a lump-sum amount equal to the vested balance of a participant's account.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan. At December 31, 2020 and 2019, forfeited account balances totaled approximately \$32,000 and \$0, respectively.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the trustees shall distribute all assets remaining in the Plan, after payment of any expenses properly chargeable against the Plan, to the participants in accordance with the value of the units credited to such participants as of the date of such termination. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts prescribed in the Plan and in the Internal Revenue Code. Notes receivable bear interest at a market rate.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Great-West Trust Company, LLC or its affiliates. Great-West Trust Company, LLC is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

The common collective trust fund is valued at net asset value per share (NAV) (or its equivalent) of the fund, which is based on the fair value of the fund's underlying assets. All other investments are valued based on quoted market prices reported in active markets. See Note 5 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company. These transactions qualify as party-in-interest transactions.

December 31, 2020 and 2019

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 26, 2021, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Great-West Trust Company, LLC (the "Custodian") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedules of assets held at end of year are based solely on information certified by the Custodian.

Note 4 - Tax Status

Prior to August 2020, the Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Beginning in August 2020, the Plan uses a preapproved plan. The preapproved plan has received a favorable opinion letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

December 31, 2020 and 2019

Note 5 - Fair Value Measurements (Continued)**Level 2**

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The fair value of the Plan's assets measured at fair value on a recurring basis as of December 31, 2020 and 2019 are as follows:

		Assets Measured at Fair Value on a Recurring Basis at December 31, 2020	
		Investments(at Fair Value)	Level 1
Mutual funds		\$ 6,781,509	\$ 6,781,509
Investments measured at NAV - Common collective trust fund		74,174	
Total investments at fair value		<u>\$ 6,855,683</u>	
		Assets Measured at Fair Value on a Recurring Basis at December 31, 2019	
		Investments (at Fair Value)	Level 1
Mutual funds		\$ 51,285	\$ 51,285
Investments measured at NAV - Common collective trust fund		-	
Total investments at fair value		<u>\$ 51,285</u>	

There were no unfunded commitments or redemption restrictions on the investments described above.

Note 6 - Reconciliation of the Financial Statements to Form 5500

As of December 31, 2019, the accompanying financial statements have included contributions receivable from the Company in the amount of \$22,901. There were no contributions receivable as of December 31, 2020. For the year ended December 31, 2020 and the period from December 6, 2019 through December 31, 2019, Form 5500 has recorded its assets on the cash method of accounting and did not record contributions receivable at December 31, 2019. Accordingly, contribution income on Form 5500 for the year ended December 31, 2020 is \$22,901 higher than the amount reported on the accompanying financial statements, and contribution income on Form 5500 for the period ended December 31, 2019 is \$22,901 lower than the amount reported on the accompanying financial statements.
