Independent Auditor's Report

To the Plan Administrator of
Grammer 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Grammer 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company, as administrative agent and attorney-in-fact of Talcott Resolution Life Insurance Company (formerly named Hartford Life Insurance Company), Great-West Life & Annuity Insurance Company and Great-West Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the 2020 financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of and for the year ended December 31, 2020, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2020 Financial Statements paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Other Matters—Supplemental Schedule

The supplemental schedule of assets held for investment purposes at year end as of December 31, 2020, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2020 Financial Statements paragraph, we do not express an opinion on this supplemental schedule.

Other Matters—2019 Financial Statements

The financial statements of the plan as of and for the year ended December 31, 2019, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated November 10, 2020, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations - 2020

The form and content of the information included in the 2020 financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GRAMMER 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2020 and 2019

Note 1 – Description of Plan

The following description of the Grammer (Grammer Industries, Inc. and Grammer, Inc, or "Company", "Employer" or "Plan Sponsor") '401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees (as defined in the Plan), of the Company who have completed at least one month of service and are age twenty-one or older. Personnel eligible to participate in the Plan may enter the Plan on the first day of the Plan Year quarter coinciding with or next following satisfying the Plan's service and age requirements. Employees excluded from the Plan are employees subject to a collective bargaining agreement, nonresident aliens and all employees of any Employer acquired as a part of a Code 410(b)(6)(C) transaction. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer matching contributions, Employer profit sharing contributions, if applicable, and an allocation of Plan earnings (losses). The allocation of Plan earnings (losses) is based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participant's account. Participants direct the investment of their account balances among the investment options offered by the Plan.

Notes Receivable from Participants

The Plan previously allowed participants to borrow from their vested account balance, subject to certain maximum and minimum amounts, as defined by the plan and in the IRC. Outstanding notes receivable are collateralized by the participant's account balance and bear interest at market rate. Based on a Plan amendment, effective January 17, 2020, participant loans are no longer permitted.

Contributions

Each year participants may contribute up to maximum allowable amounts per Internal Revenue Service regulations, as defined in the Plan. Participants can contribute amounts representing distributions ("rollovers") from other qualified defined benefit or defined contribution plans. The Plan provides for profit-sharing contributions by the Company of an amount determined by the Board of Directors of the Company. The Company matches participants' voluntary contributions at 50 percent of the first 10 percent of the base compensation that a participant contributes to the Plan. All employer contributions are invested for each participant in the same ratio as the participant has directed his own investments. Contribution changes may be changed by participants at open enrollment periods and are subject to certain limitations under the Internal Revenue Code ("IRC").

GRAMMER 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2020 and 2019

Note 1 – Description of Plan (continued)

Payment of Benefits and Vesting

Upon retirement, total and permanent disability before retirement, or death, participants (or their beneficiaries) are entitled to receive the full value of their accounts. Upon termination of employment for any reason other than retirement, total and permanent disability, or death, a participant is entitled to the vested interest in his or her account. In-service distributions may be made under certain circumstances, as defined by the Plan. Participants are immediately vested in their contributions plus actual earnings (losses) thereon. A participant is 100 percent vested in the Company's matching and profit-sharing contribution portion after three years of credited service, as defined by the Plan; 25% end of year one, 50% end of year two, and 100% at the end of year three.

During the year ended December 31, 2020, eligible participants were able to make certain virus relief withdrawals from their participant accounts in accordance with applicable regulatory regulations established in response to the COVID-19 global pandemic.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts may be used to reduce Company contributions or to pay Plan expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of Plan termination, participants become fully vested in the total value of their account.

Administrative Expenses

The employer pays for administrative expenses, as described in the Plan document.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Benefit Payments

Benefits distributed to eligible participants and beneficiaries are recorded when paid.

GRAMMER 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2020 and 2019

Note 2 – Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. There have been no changes in the valuation methods used. The Plan's investments were held by Talcott Resolution Life Insurance Company (formerly named Hartford Life Insurance Company) as of December 31, 2019, and for the period ending April 23, 2020.

Great-West Life & Annuity Insurance Company and Great-West Trust Company holds the plans investments as of December 31, 2020, and for the period beginning April 24, 2020, and ending on December 31, 2020.

Investments, except for fully-benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fully-benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measurement for the portion of net assets available for benefits of a defined contribution plan attributable to fully-benefit-responsive investment contracts because contract value is the amount participants normally receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for a discussion of fair value measurements.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent outstanding loans and are measured at their unpaid principal balance plus accrued interest.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through October 28, 2021, the date the financial statements were available to be issued. The Plan was amended, effective May 1, 2021, to expand eligible participants to include nonresident aliens.

Note 3 – Unaudited Investment Information

All investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2020 and 2019, net appreciation (depreciation) of investments, and dividends and interest for the years then ended, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Massachusetts Mutual Life Insurance Company, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan.

Note 4 – Fair Value Measurements

The various inputs that may be used to determine the value of the Plan's investments are summarized in three broad levels within the fair value hierarchy that prioritizes the valuation techniques and inputs used to measure fair value. The three levels are described below:

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments at fair value are comprised entirely of mutual funds as of December 31, 2020, and 2019. Mutual funds represent shares of registered investment companies and are valued based on quoted net asset values per share on national exchanges.

Note 6 – Fully Benefit-Responsive Investment Contracts

As of December 31, 2019, the Plan held a Guaranteed Fixed Account is a fully benefit-responsive investment contract with MassMutual. MassMutual maintains the contributions in a separate account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants were able to direct the withdrawal or transfer of all or a portion of their investment at contract value. MassMutual is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan, which was three percent at both through the date of the Plan's conversion to the Great-West Life & Annuity Insurance Company Group Fixed Deferred Annuity Contract on April 24, 2020. This Guaranteed Interest Fund is a Fixed Account that is a part of the General Account of Great-West Life & Annuity Insurance Company. The interest rate to be credited to the Plan's assets in the GIF during the calendar quarter will be determined by Great-West prior to the last day of the previous calendar quarter and shall be reset at least quarterly.

The Great-West Life & Annuity Insurance Company Fixed Account value is calculated as follows: (a) all contributions and deposits to a Fixed Account option made by or on behalf of the participant, alternate payee, and beneficiary; plus (b) all interest credited to the Plan's assets in the Fixed Account on an annual effective basis pursuant to the Guaranteed Interest Rate applicable to the Fixed Account; less (c) any amounts transferred or distributed from the Fixed Account; less (d) any applicable charges, fees, and Applicable Tax, if any.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would require certain notifications and documentation and subject the contract to an additional contract termination charge.

Note 7 – Income Tax Status

The Internal Revenue Service ruled on March 31, 2014, that the Prototype Non-standardized Profit-Sharing Plan with CODA (the prototype plan of the custodian upon which the Plan is based) qualifies under Section 401 of the Internal Revenue Code (IRC) and the related trust is, therefore, not subject to tax under present income tax law. Subsequent to this ruling the Plan was amended. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is currently designed in compliance with the applicable requirements of the IRC and has indicated that it is taking the necessary steps, if any, to bring the Plan's operations into compliance.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefit.
