We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee, as of April 30, 2019 and October 31, 2018, and for the period from November 1, 2018 to April 30, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

401(k) PLAN**

**NOTES TO FINANCIAL STATEMENTS
PERIOD ENDED APRIL 30, 2019**

1. DESCRIPTION OF PLAN:

The following description of The E.A. Patten Company (“Company”) 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan available to all employees of the Company. For elective salary deferrals (401(k) contributions), eligibility begins after one year of service for employees who are age eighteen or older. For Company match and profit-sharing contributions, participants must have one year of service (completing 1,000 hours) and be age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective May 1, 2019, the Plan and all the assets were merged into the CAM, LLC 401(k) Plan.

Contributions

Each year, participants may contribute up to 15% of annual compensation (up to the Internal Revenue Service maximum allowable amount), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company determines each year the percentage of the employee’s salary reduction it will contribute to the Plan. For the period ending April 30, 2019 the Company matched 2% of the participant contributions. Contributions are subject to certain limitations of Section 401(k) of the Internal Revenue Code.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and Company matching contributions as well as Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participant accounts are charged a fee for withdrawals.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s matching portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of service.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in various increments in any of the investment options available with Reliance Trust Company.

Participants can change their investment options on a daily basis electronically.

PERIOD ENDED APRIL 30, 2019

1. DESCRIPTION OF PLAN: (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts with the plan administrator's approval. The loan amount is limited to 50% of the individual's vested account, but not exceeding \$50,000, or less than \$1,000. The loans are secured by the vested balance in the participant's account and bear interest at a rate of the prime rate per the Wall Street Journal. Principal and interest is paid ratably, not less frequently than quarterly, but generally through weekly payroll deductions. The Plan allows for a maximum of one loan at one time per participant. Interest rates on loans outstanding at October 31, 2018 range from 4.25% to 7.50%. At April 30, 2019, there were no loans outstanding.

Payment of Benefits

On termination of service due to death, a participant will receive a lump-sum amount equal to the value of the participant's account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts

Forfeitures of non-vested Company contributions are used to reduce future Company contributions or pay Plan expenses. During the period ended April 30, 2019, there were \$13,231 of forfeitures used to reduce the Company's employer matching contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when they have been approved for payment and paid by the Plan.

Administrative expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company.

THE E.A. PATTEN COMPANY
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
PERIOD ENDED APRIL 30, 2019

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are presented at fair value, based on the quoted market prices of the underlying securities within each fund at April 30, 2019 and October 31, 2018. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. All investments are made as directed by the Plan's participants.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account.

Concentration of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in the Plan's investments. Management believes that the trustee maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

**THE E.A. PATTEN COMPANY
401(k) PLAN**

**NOTES TO FINANCIAL STATEMENTS
PERIOD ENDED APRIL 30, 2019**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Fair value measurements (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan Termination

In the event of Plan termination, participants will become vested 100% in their accounts, and the net assets of the Plan must be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA.

3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED):

Information presented in the accompanying statements as of April 30, 2019 and October 31, 2018, and for the period from November 1, 2018 to April 30, 2019 for investments, notes receivable from participants, investment income and interest income on the notes receivable from participants was derived, without audit, from information certified to be complete and accurate by Reliance Trust Company, the trustee, as permitted by the election made by the plan administrator under 29 CFR 0220.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. FAIR VALUE MEASUREMENTS:

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**THE E.A. PATTEN COMPANY
401(k) PLAN**

**NOTES TO FINANCIAL STATEMENTS
PERIOD ENDED APRIL 30, 2019**

4. FAIR VALUE MEASUREMENTS: (CONTINUED)

Collective Trust

Fund: Valued at the NAV of units of a common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal for the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Participant

loans: Valued at amortized cost, which approximates fair value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2018:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$4,492,250	\$ -	\$ -	\$4,492,250
Common trust funds	-	142,118	-	142,118
Total assets at fair value	<u>\$4,492,250</u>	<u>\$ 142,118</u>	<u>\$ -</u>	<u>\$4,634,368</u>

5. TAX STATUS:

The Plan received a favorable tax determination letter from the IRS dated July 2014, which states that the Plan, as then designed, qualifies under the applicable provisions of the Internal Revenue Code and that it is therefore exempt from federal income taxes. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
PERIOD ENDED APRIL 30, 2019

6. RISKS AND UNCERTAINTIES:

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. FIDELITY BONDING:

ERISA requires that every fiduciary must be bonded to at least 10% of the funds handled, but not less than \$1,000 or more than \$500,000. A fiduciary is any person who, (a) has discretionary authority or control over management of a plan or its assets, (b) gives investment advice for a fee or compensation or has authority or responsibility to do so, or (c) has any discretionary authority or responsibility in administering a plan. A bond from US Specialty Insurance Company meets the ERISA 10% minimum requirement.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of April 30, 2019 and October 31, 2018:
