1. Description of Plan

The following is a general description of W Services Group, LLC 401(k) Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of W Services Group, LLC (the "Company") who have attained the age of 21 years and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and has been amended as required by law. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Trustees.

Contributions – Each year, participants may contribute up to 100 percent of annual compensation on a pre-tax basis and/or an after-tax (ROTH) basis, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions, which are amounts representing distributions from other qualified benefit plans.

The Company may make matching safe harbor contributions to eligible employees under the terms of the Plan. Participant deferrals are matched 100% up to 3% of the participant's compensation, plus 50% of the amount of the participant's deferrals that exceed 3% of the participant's compensation but not in excess of 5%. The matching safe harbor contributions paid for the year ended December 31, 2020 totaled $151,886. The matching safe harbor contributions receivable for the year ended December 31, 2020 totaled $41.

Participants direct the investments of their contributions and the matching safe harbor contributions into various investment options offered by the Plan.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and Company matching contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan *(continued)*

Vesting – Prior to beginning the safe harbor matching contributions on January 1, 2018 employer contributions received by the participants were subject to the vesting schedule below. Each participant's elective account shall be fully vested for participant contributions, safe harbor matching contributions, and the earnings thereon, at all times and shall not be subject to forfeiture for any reason. The following table illustrates the percentage of any employer contribution received prior to the safe harbor election that a participant is entitled to, based upon the number of years of continuous credited service with the Company:

Years of Service	Vested Percentage
Less than 2	0%
After 2 years	20%
After 3 years	40%
After 4 years	60%
After 5 years	80%
After 6 years	100%

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1 percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

Payments of benefits – On termination of service due to death, disability, retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or installments over a period of time, as defined. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The Plan also provides for in-service distributions subject to conditions and limitations provided for in the plan document.

Under the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE) Act, which was enacted on December 20, 2019, with certain provisions becoming effective January 1, 2020, participants who reach age 70 ½ after December 31, 2019 must begin taking minimum distributions from the Plan by April 1 of the calendar year following the year in which they reach age 72, increased from age 70 ½.

1. Description of Plan *(continued)*

Coronavirus Aid, Relief, and Economic Security Act – On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was passed by Congress, which included provisions relating to retirement plans. Effective April 15, 2020, the Plan adopted certain temporary relief provisions for qualified individuals (as defined under the CARES Act), including penalty-free coronavirus-related distributions of up to $100,000 per individual, increasing the maximum participant loan limit to the lesser of $100,000 or 100% of the participant's vested account balance, allowing the suspension of loan payments on outstanding loans for one year, as well as the waiver of 2020 required minimum distributions. These temporary relief provisions were effective through December 31, 2020.

Forfeited accounts – At December 31, 2020 and 2019, there were no forfeited non-vested accounts. There were no forfeitures used to reduce employer contributions or plan expenses for the year ended December 31, 2020.

2. Significant Accounting Policies

Basis of accounting − The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of estimates − The preparation of financial statements in accordance with U.S. generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition − Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants − Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

2. Significant Accounting Policies *(continued)*

Payments of benefits – Benefits are recorded when paid.

Expenses − Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Presentation of financial statements – In August 2018, the FASB issued Accounting Standard Update (ASU) 2018-13, Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements. The Plan adopted ASU 2018-13 on a retrospective basis as of January 1, 2019. The effect of adopting this guidance resulted in the modification or removal of certain fair value measurement disclosures presented in the Plan's financial statements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, Fair Value Measurements and Disclosures, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. Fair Value Measurements *(continued)*

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled separate account: The pooled separate account is valued, as a practical expedient, based on net asset value ("NAV") of units held by the Plan at year end. The calculated NAV is directly related to the net asset value of the underlying investment adjusted for dividends or distributions received by the custodian and the daily equivalent of any fees charged. The investments held by the pooled separate account are traded on an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

	Assets at Fair Value as of December 31, 2020			
	Level 1	**Level 2**	**Level 3**	**Total**
Total assets in fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV	-	-	-	1,613,340
Investments at fair value	$ -	$ -	$ -	$ 1,613,340

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Total assets in fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV	-	-	-	923,903
Investments at fair value	$ -	$ -	$ -	$ 923,903

For years ended December 31, 2020 and 2019, there were no transfers between Level 1 and Level 2 and no transfers in or out of Level 3.

4. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by John Hancock Life Insurance Company of New York ("John Hancock"), the custodian for the Plan and, therefore, these transactions qualify as party in interest transactions. As discussed in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA. Of the $6,981 the Plan paid in administrative expenses, $6,806 was for management fees to John Hancock for the year ended December 31, 2020.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subjected to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

6. Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the ("IRC"). The plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trusts is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in declines in the value of investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. The Plan implemented certain provisions under the CARES ACT and the SECURE ACT as described in Note 1.

7. Risks and Uncertainties *(continued)*

ERISA law requires the Plan to be insured with a fidelity bond of no less than 10% of the Plan's assets. This requirement was not met by the Plan during the year ended December 31, 2020. Subsequent to the year end the Company has increased their fidelity bond coverage accordingly.

8. Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the custodian.
