Participants who are at least 50 may elect to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Company currently matches 50% of the first 6% of eligible compensation that a participant contributes to the Plan. Additional discretionary matching and profit-sharing amounts may be contributed at the Company's discretion subject to certain limitations.

The Plan has automatic enrollment for all employees who meet the eligibility requirements. An automatic deferral election of 3% will be withheld if an election is not made by the date the participant becomes eligible.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and applicable forfeitures, and (b) plan earnings, and charged with an allocation of administrative expenses, if applicable. Allocations are based on participant earnings, account balances, or other specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral contributions, rollovers, and discretionary contributions plus any earnings they generate. Employer matching contributions to the Plan plus any earnings they generate vest at 20% each year and are fully vested after six years of service.

Investments

Upon enrollment in the Plan, participants direct the investment of employee and employer contributions into any combination of various investment options offered. Participants may change their investment options at any time.

Payment of Benefits

Distributions are made upon retirement, permanent disability, death, or termination of employment. In addition, hardship and in-service distributions are permitted if certain criteria are met. All benefit distributions are made in lump sum cash payments or rollovers to other plans.

Notes to Financial Statements

December 31, 2019 and 2018

1. Description of The Plan (Continued)

Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to 5 years, or up to 15 years if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest to the trustee prime rate determined as of the time the application for the loan is made. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined by the Plan, the participant's account will be reinstated. At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$55,373 and \$39,422, respectively. These amounts can be used to reduce future employer contributions (or reallocate as Company contributions) or pay administrative expenses. Company contributions and administrative expenses in the amount of \$14,890 were paid from forfeited non-vested accounts in 2019.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividend income.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Administrative expenses paid by the Plan totaled \$26,270 for the year ended December 31, 2019.

2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when approved.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

4. Risks and Uncertainties

The Plan invests in various investment options. These investment options are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

5. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

6. Party-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments were in investment contracts managed by Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company is the Trustee as of December 31, 2019 and 2018, as defined by the Plan, and qualifies as a party-in-interest however, they are exempt from the prohibited transactions rules under ERISA.

Merrill Lynch provides investment advisor services to the Plan and receives revenue from mutual fund service providers for services provided to the funds. This revenue is used to offset amounts owed to Merrill Lynch for its services.

Down-Lite International, Inc. Profit Sharing Plan

Notes to Financial Statements

December 31, 2019 and 2018

6. Party-In-Interest Transactions (Continued)

If revenue received by Merrill Lynch from such mutual fund service providers exceeds their fees, Merrill Lynch remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2019, there was excess revenue of \$85,419. At December 31, 2019 and 2018, unallocated excess revenues totaled \$131,471 and \$44,995, respectively. The Plan or Plan sponsor may make a payment to Merrill Lynch for advisor expenses not covered by revenue sharing.

Certain administrative services are provided by the Company at no cost to the Plan.

7. Certified Investments

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplementary schedule as of December 31, 2019 and 2018 and for the year ended December 31, 2019 was prepared by or derived from information provided by the Trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee that information provided to the Plan administrator by the Trustee related to these assets is complete and accurate.

The Trustee also certified to the completeness and accuracy of \$773,434 of net appreciation in fair value of investments, \$226,734 of dividend and interest income related to investments and \$5,812 interest income from notes receivable from participants for the year ended December 31, 2019.

8. Fair Value Measurements

Certain Plan investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical or similar assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Down-Lite International, Inc. Profit Sharing Plan

Notes to Financial Statements

December 31, 2019 and 2018

8. Fair Value Measurements (Continued)

- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. Mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	<u>\$ 5,557,238</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 5,557,238</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	<u>\$ 4,817,305</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 4,817,305</u>

9. Investment Contract With Insurance Company

As of December 31, 2019 and 2018, the Plan held a group annuity contract with Great-West Life & Annuity Insurance Company. The group annuity contract, Key Guaranteed Portfolio Fund, is in a fixed account that is part of the general account of Great-West Life & Annuity Insurance Company. The methodology for calculating the interest credit is based on the earnings of the underlying assets in the entire medium long-term new portfolio compared to the minimum interest crediting rate (which will never be less than 0%, as stated in the contract), and prevailing market conditions. The interest crediting rate is reset quarterly. At December 31, 2019 and 2018, the Key Guaranteed Portfolio Fund's contract value was \$559,301 and \$734,485, respectively.

Notes to Financial Statements

9. Investment Contract With Insurance Company (Continued)

Certain events limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

The average yield earned by the Plan is derived by averaging the quarterly gross interest rates for the fund over the year. That average for 2019 was 1.20%. The actual average yield earned by the Plan is derived by averaging the Plan's quarterly interest rates. That average for 2019 was 1.20%.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

Net assets available for benefits per the Form 5500	<u>\$ 6,238,918</u>	<u>\$ 5,680,670</u>

The following is a reconciliation of total increase in net assets available for benefits for the year ended December 31, 2019 per the financial statements to Schedule H of Form 5500:

Excess contributions due to participants at December 31, 2018	(15,194)
Total increase per the Form 5500	<u>\$ 558,248</u>

11. Excess Contributions

For the Plan years ended December 31, 2019 and 2018, distributions of \$36,177 and \$15,194, respectively, were required to return excess contributions to certain active participants in order to satisfy the relevant discrimination provisions of the Plan.

12. Subsequent Events

Management evaluated the activity of the Plan through October 2, 2020 (the date the financial statements were available to be issued) and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
