Hitachi Construction Machinery Loaders America Inc. Retirement Plan
Notes to Financial Statements

1 – Description of Plan

The following description of the Hitachi Construction Machinery Loaders America Inc. Retirement Plan *(formerly, KCMA Corporation Retirement Plan)* (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of substantially all salaried and hourly employees of Hitachi Construction Machinery Loaders America, Inc. *(formerly, KCMA Corporation)* (the Company or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Eligible employees may participate in the Plan on the first date of each month following the completion of 60 days of service, as defined. Employees who do not make a participation election upon their eligibility are automatically enrolled in the Plan with a 4% deferral of their compensation, as defined. Participants are allowed to make tax-deferred contributions up to 75% of their compensation, as defined, up to the maximum amount allowed by the Internal Revenue Service (IRS) ($19,500 for 2020). Participants age 50 and older whose elective contributions have reached the IRS limit are permitted under the Plan to make catch-up contributions up to the IRS catch-up contribution limit ($6,500 for 2020).

The Plan Sponsor provided a safe harbor matching contribution equal to 100% of each participant's contribution up to a maximum of 4% of each participant's compensation, as defined, for the year ended December 31, 2020. The safe harbor matching contribution was $172,083 for the 2020 Plan year.

The Company made a true-up safe harbor matching contribution on behalf of eligible employees during the contribution period in an amount which, when aggregated with the regular safe harbor matching contribution with respect to the contribution period within the Plan year, will provide the maximum contribution. The true-up matching contribution was $2,042 for the 2020 Plan year.

The Company may also make a discretionary matching contribution to the Plan. For the year ended December 31, 2020, the Company did not make a discretionary matching contribution to the Plan.

1 – Description of Plan (continued)

Contributions (continued)

The Plan Sponsor also made a non-elective discretionary contribution, which equaled a certain percentage of a participant's compensation, as defined. In order to receive such a contribution, the participant must be employed on the last day of the Plan year. The discretionary contribution percentage is determined by the Plan Sponsor in the following year after the Plan year end and was 2% of each participant's compensation for the year ended December 31, 2020. The Company's discretionary contribution totaled $92,403 for the year ended December 31, 2020.

Plan Merger

On December 31, 2020, the Plan merged with and into the Hitachi Employer 401(k) Retirement Plan ("HERP"), a plan sponsored by an affiliate of the Company. All assets totaling $10,254,783 were transferred into the HERP.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions and allocations of the Plan's investment results. Allocations of the Plan's investment results are based on relative account balances, as defined.

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor matching contributions plus earnings thereon.

Participants vest in the Company's additional discretionary matching contribution as follows:

Years of service	Vesting percentage
0-2	0%
2-3	50%
3-4	75%
4 or more	100%

Vesting (continued)

1 – Description of Plan (continued)

Participants vest in the Company's discretionary non-elective contribution as follows:

Years of service	Vesting percentage
0-2	0%
2-3	20%
3-4	40%
4-5	60%
5-6	80%
6 or more	100%

Distributions

Upon death, disability, termination of service, or attainment of retirement age, a participant or his/her beneficiary is paid the value of the participant's vested interest in his/her account in a lump sum. An active participant is not entitled to make a withdrawal from his/her tax-deferred contribution account until the earlier of attainment of age 59½ or separation from service, unless the participant qualifies for a hardship withdrawal.

Forfeitures

Forfeited non-vested amounts are used to reduce Plan Sponsor's contributions to the Plan. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $0 and $15,006, respectively. During the year ended December 31, 2020, the Company used approximately $22,360 of forfeited nonvested accounts to reduce employer contributions.

Notes Receivable from Participants

Participants may borrow up to the lesser of $50,000 or 50% of the vested portion of their account balances, subject to certain restrictions, in accordance with interest rates and collateral requirements established by the Plan document. The loans are secured by the balances in the participants' accounts and bear interest at a rate commensurate with market rates for similar loans. Loan terms generally do not exceed 5 years. Participants may select a repayment term up to 30 years for loans used to purchase his/her principal residence.

Basis of Presentation

The accompanying financial statements have been prepared using the accrual basis of accounting.

2 – Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Plan Sponsor considers all highly liquid investments purchased with maturity dates of three months or less to be cash equivalents.

Recent Accounting Pronouncements

New pronouncements issued but not effective until after December 31, 2019, are not expected to have a material impact on the Plan's financial statements or disclosures.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent loans to participants made against their vested balances as permitted by the Plan. Notes receivable from participants are valued at the principal amount outstanding plus any accrued but unpaid interest.

2 – Summary of Significant Accounting Policies (continued)

Administrative Expenses

Pursuant to provisions of the Plan, expenses incurred in the administration of the Plan may, but need not, be paid by the Plan Sponsor. If the Plan Sponsor elects not to pay such expenses, these expenses are paid by the Plan. During 2020, the Plan Sponsor paid all expenses on behalf of the Plan, except participant loan fees which were paid from participant accounts with outstanding loan balances. Investment-related expenses are paid from the Plan from participant accounts.

Coronavirus Aid, Relief, and Economic Security Act (CARES Act)

On March 11, 2020, the World Health Organization declared the outbreak of the novel coronavirus ("COVID-19") to be a global pandemic and recommended containment and mitigation measures worldwide. On March 27, 2020, the CARES Act was enacted in response to the COVID-19 pandemic. The CARES Act includes several provisions that affect benefit plans, including requiring plans to waive required minimum distributions otherwise required to be paid in calendar year 2020, increasing the amount available for a loan to the lesser of $100,000 or 100% of a participant's account balance during the period of March 27 to September 22, 2020, permitting certain in-service withdrawals and the suspension of certain loan repayments by participants affected by COVID-19. The Plan adopted some of the optional changes permitted by the CARES Act, including permitting Plan participants to request up to $100,000 in coronavirus-related distributions, allowing one separate CARES Loan to a qualified participant and permitting suspension of loan payments during the period March 27, 2020 to December 31, 2020.

3 – Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3 – Fair Value Measurements (continued)

Level 2—Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

Mutual Funds—These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Collective Investment Trust—This investment is a public investment vehicle valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

3 – Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2019:

	Level 1	Level 2	Level 3	Total
December 31, 2019:				
Mutual funds	$ 9,856,319	$ —	$ —	$ 9,856,319
	$ 9,856,319	$ —	$ —	$ 9,856,319
Common collective trust *				1,207,863
Total investments at fair value				$ 11,064,182

* In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

4 – Information Certified by the Trustee

All investment information disclosed in the accompanying financial statements, including investments held at December 31, 2019, net appreciation in fair value of investments, interest and dividends income for the year ended December 31, 2020, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by SunTrust Bank, the trustee of the Plan.

5 – Party-in-Interest Transactions

The Plan engaged in transactions involving SunTrust Bank, the trustee of the Plan, which is a party-in-interest with respect to the Plan. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are not considered "prohibited transactions" under the Internal Revenue Code (Code) and are not prohibited by ERISA.

6 – Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested and receive distributions of their account balances in accordance with the terms of the Plan.

7 – Income Tax Status

On March 31, 2008, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Code. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2020 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no such audits in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

8 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2020 and 2019:

	2020	2019
Net assets available for benefits per financial statements	**$ 94,445**	$ 11,491,804
Less: Employer contributions receivable	**(94,445)**	(128,593)
Net assets available for benefits (at fair value) per Form 5500	$ -	$ 11,363,211

The following is a reconciliation of the decrease in net assets per the financial statements to net loss per Form 5500 for the year ended December 31, 2020:

Decrease in net assets per the financial statements	$(11,397,359)
Add: Employer contributions receivable at December 31, 2019	128,593
Transfer of assets to affiliated plan	10,254,783
Less: Employer contributions receivable at December 31, 2020	(94,445)
Net loss per Form 5500	$ (1,108,428)

9 – Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

10 – Subsequent Events

On July 2, 2021, Hitachi America, Ltd., plan sponsor of the HERP, contributed the discretionary and true-up contribution amounts totaling $94,445, which is reflected as employer contributions receivable in the Statements of Net Assets Available for Benefits as of December 31, 2020, to all related participants' accounts.

The Plan has evaluated events subsequent to December 31, 2020 and through November 5, 2021, the date the financial statements were available to be issued and determined that there were no events that require adjustments to these financial statements.
