1. Description of Plan

The B-Stock Solutions, Inc. Retirement Trust (the Plan), was established by B-Stock Solutions, Inc. (the Company) on March 1, 2015 to provide participants with a method to fund their retirement on a tax-deferred basis. The following description of the Plan, as amended effective January 1, 2020, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan under Sections 401(a) and 401(k) and related provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company is the Plan sponsor and Plan administrator. As of December 31, 2019, Matrix Trust Company (Matrix) served as the Plan's investment custodian and Decimal, Inc. (dba Ubiquity) (Ubiquity) served as the Plan's record keeper. Effective January 1, 2020, Reliance Trust Company (Reliance) became the Plan's trustee. Reliance holds, invests and reinvests Plan assets in the interest and direction of the participants and their beneficiaries. Automatic Data Processing, LLC. (ADP) serves as the Plan's record keeper.

Eligible Participants:

Employees, as defined by the Plan, may participate in the Plan immediately upon hire.

Contributions:

Participants may make contributions to the Plan through pre-tax salary deferral and after-tax Roth contributions of up to 90% of annual compensation, as defined, subject to certain limitations under the Code. Participants who have reached the age of 50 may elect to withhold additional catch-up contributions under the Code. Participants may also contribute amounts representing distributions from other tax-qualified plans (rollovers), subject to Code regulations.

The Company has elected to operate the Plan as a safe harbor plan. Under the safe harbor provisions, the Company is required to make matching contributions equal to 100% of a participant's salary deferrals up to 4% of eligible compensation. The Company made safe-harbor matching contributions of $499,423 to the Plan in 2020, of which $18,378 was receivable at December 31, 2020.

The Company may make non-elective contributions, at the discretion of the Company's Board of Directors. The Company has not made any contributions to the Plan through December 31, 2020.

1. Description of Plan (continued)

Contributions: (continued)

Contributions are subject to certain limitations under the Code.

Participant Accounts:

Participant accounts are credited with participant contributions, Company safe-harbor contributions, non-elective Company contributions, if any, rollovers plus earnings (less any losses) thereon. Allocations are based on participant earnings or account balances, in accordance with Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's balance.

Participants may elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that are designed to provide the participants with a wide range of investment options. A participant may authorize transfers among investment options at any time.

Vesting:

Participants are fully (100%) vested in their account balances.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan agreement.

Participants may borrow up to one-half of their account balance, a minimum of $1,000 and not to exceed $50,000, for a period of one to five years, except for notes used to purchase a primary residence for which longer terms may be granted. Participant notes are evidenced by a written note, secured by the balance in the participant's account, and bear interest at 2% over the prime rate that is commensurate with local prevailing rates as determined by the Plan administrator, under the Plan's note policy. A participant may have only two notes outstanding. Interest rates on notes outstanding as of December 31, 2020 range from 4.25% to 7.50%. Repayment of principal and interest is generally made through payroll deductions.

Notes receivable transactions with participants qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules under ERISA.

1. Description of Plan (continued)

Payment of Benefits:

Upon termination of service, participants may elect to leave their account balance in the Plan or receive their benefits in a lump sum amount equal to the value of the participant's account balance, or partial withdraws in amounts elected by the participant. The Plan may elect to distribute a terminated participant's account balance in a lump-sum cash distribution without participant consent, if the balance is less than $1,000. Benefits are recorded when paid.

In April 2020, the Plan implemented certain provisions under the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), allowing eligible participants to take COVID-19 related distributions. Through December 30, 2020, qualified participants were permitted to take a CARES Act distribution of up to $100,000 from the Plan due to adverse financial consequences experienced from the COVID-19 pandemic. The Plan also waived its requirement for minimum required distributions to be made in 2020.

Liability for Corrective Distributions:

The liability for corrective distributions of $85,418 at December 31, 2019 represented contributions made by several participants in 2019 that needed to be refunded in order for the Plan to be in compliance with applicable non-discrimination tests. The Plan did not make these corrective distributions by December 31, 2020. In order for the Plan to be in compliance with applicable non-discrimination tests, the correction now needed is qualified non-elective contributions to be made by the Plan sponsor. The total amount of the qualified non-elective contributions is $162,220 which was recorded as a receivable at December 31, 2020. The Plan sponsor will remit the qualified non-elective contribution to the Plan in 2021.

Plan Expenses:

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the accompanying financial statements. Participant accounts are assessed a separate fee for the administration of notes receivable and certain third-party administration fees. All other expenses to administer the Plan are paid by the Company and are not reflected in the Plan's financial statements.

1. Description of Plan (continued)

Risks and Uncertainties:

Participants may invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it is at least reasonably possible changes in risk in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

The outbreak of the novel coronavirus continues to materially and adversely impact global commercial activity and contribute to volatility in financial markets. The outbreak is having, and will likely continue to have, a material adverse impact on economic and market conditions for the foreseeable future. This presents uncertainty and risk with respect to the Plan, its future performance, and its future financial results.

2. Summary of Significant Accounting Policies

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions and to terminate the Plan at any time, subject to provisions of ERISA. In the event of a Plan termination, participants would remain fully vested in their accounts and distributions will be made to participants as described in the Plan agreement.

Basis of Presentation:

The Plan prepares its financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments:

At December 31, 2020 the Plan's investments consist of mutual funds and a common/collective trust. At December 31, 2019, the Plan's investments consisted of mutual funds and a money market fund. Investments are accounted for as follows:

2. Summary of Significant Accounting Policies (continued)

Investments: (continued)

Mutual Funds and Money Market Fund: These funds are reported at fair value, which is the net asset value (NAV) of shares held by the Plan at year end, as quoted in active markets. It is not probable the funds will be sold at amounts that differ materially from the NAV of shares held.

Common/Collective Trust (CCT): The Plan invested in a fully benefit-responsive investment contract through a CCT. Contract value was the relevant measurement for the Plan's assets available for benefits attributable to the fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair Value Measurement:

The Plan uses a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability as of the measurement date. The three-level hierarchy prioritizes within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focuses on an exit price and is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs or methodology used for valuing financial instruments are not necessarily an indication of the risk associated with those instruments.

The three-level hierarchy for fair value measurement is defined as follows:

Level I: Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level II: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level III: Inputs to the valuation methodology, which are significant to the fair value measurement, are unobservable.

A financial instrument's categorization within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurement: (continued)

At December 31, 2020, and 2019, the Plan's mutual funds and money market fund are recorded at fair value and classified as Level I within the fair value hierarchy. The CCT, valued at contract value, is excluded from the fair value hierarchy under GAAP.

The Plan adopted Financial Accounting Standards Update (ASU) 2018-13, *Disclosure Framework: Changes to the Disclosure Requirements for Fair Value Measurement*, on January 1, 2020. ASU 2018-13 eliminated the disclosure requirements of the amount of, reasons for, and the policy on transfers between Level I and Level II of the fair value hierarchy and modified certain disclosure requirements related to Level III recurring and nonrecurring fair value measurement. This standard was adopted retrospectively and had no material impact on the Plan's financial statements or disclosures.

Income Recognition:

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual method of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on the Plan's investments bought, sold or held during the year.

3. Information Prepared and Certified by Reliance and Matrix

Reliance, as the Plan's current trustee, has certified the current value of the assets held at December 31, 2020, and the net income for the year then ended and Matrix, as the Plan's former investment custodian, has certified the fair value of the assets held at December 31, 2019, which were used in the preparation of the accompanying financial statements and supplemental schedules, as follows:

The following table summarizes the certified information at December 31:

	2020	2019
Investments, at fair value	$ 4,359,957	$ 2,318,194
Investment, at contract value	11,397	-
Total certified investments	4,371,354	2,318,194
Notes receivable from participants	12,950	30,848
Total certified assets	$ 4,384,304	$ 2,349,042
Certified net income for the year ended December 31, 2020:	$ 602,306	

4. Income Tax Status

The Plan is a prototype plan offered by ADP. The Internal Revenue Service has determined and informed ADP by a letter the plan submitted for review was qualified under applicable provisions of the Code. The Plan and the Plan sponsor believe the Plan is being operated in compliance with the applicable requirements of the Code and related state statutes and is, therefore, qualified and the trust forming a part of the Plan is exempt from federal and state income taxes.

GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded, at December 31, 2020, there are no uncertain income tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

5. Non-Exempt Prohibited Transactions

In 2019, the Company did not remit participant contributions and note repayments totaling $640,503 on a timely basis as required by the DOL, $27,825 of which was not remitted until 2020. The DOL considers these late remittances to be nonexempt prohibited transactions with the Company that can jeopardize the Plan's tax-exempt status. The Plan sponsor will contribute lost earnings on the delinquent contributions and note repayments in 2021 to correct these prohibited transactions.

6. Subsequent Events

Subsequent events have been evaluated through October 15, 2021, which is the date the financial statements were approved by the Plan Administrator and available to be issued.
