Report on the Financial Statements

We were engaged to audit the accompanying financial statements of E&I Engineering Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2020 and 2019, the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the custodian of the Plan and agent for Principal Global Investors Trust Company, except for comparing this information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's assets and executes transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2020 and 2019, and for the year ended December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplemental Schedules

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2020 and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2020, are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. These supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

E&I Engineering Retirement Plan

Notes to Financial Statements

December 31, 2020 and 2019

Note 1. Description of the Plan

The following description of the E&I Engineering Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of E&I Engineering USA Corporation (the "Company") who have completed 90 days of service, and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The custodian of the plan is Principal Life Insurance Company.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted; permitting Coronavirus-related distributions (CRDs) to certain individuals affected by the virus for a maximum amount of \$100,000, between January 1, 2020 and December 30, 2020. The Plan adopted these provisions in April 2020.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation. If automatically enrolled participants do not choose a different deferral percentage, the percentage will automatically increase each January 1st, by 1 percent up to a maximum of 10 percent. Automatically enrolled participant contributions are invested in a designated balanced fund until changed by the participant. The Company contributes 50 percent of the first 6 percent of base compensation that a participant contributes to the Plan. Company matching contributions totaled \$254,781 for 2020. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts

Each participant's account is credited with the Participant's contributions, Company contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 6 years of credited service.

E&I Engineering Retirement Plan

Notes to Financial Statements

December 31, 2020 and 2019

Note 1. Description of the Plan, Continued

Payment of benefits

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or other installment options as provided by the Plan. Hardship distributions are permitted upon demonstration of a financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59^{1/2}.

Forfeited accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$65,596 and \$23,444, respectively. These accounts will be used to reduce future Company contributions. Additionally, Company contributions were reduced by \$29,552 during 2020.

Note 2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Notes to Financial Statements

December 31, 2020 and 2019

Note 2. Summary of Significant Accounting Policies, Continued

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 15, 2021, the date that the financial statements were available to be issued.

Recently issued accounting pronouncements

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. The Plan adopted this ASU as of and for the year ended December 31, 2020. The Plan determined that the adoption of the disclosure requirements had no significant impact on its fair value disclosures.

December 31, 2020 and 2019

Note 3. Custodian Certifications

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the custodian and furnished to the plan administrator. The plan administrator has obtained certifications from the custodian that the information provided to the plan administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

	<u>2020</u>	<u>2019</u>
Investments at fair value:		
Collective trust funds	\$ 2,498,916	\$ 23,201
Pooled separate accounts	<u>1,386,431</u>	<u>1,608,333</u>
	<u>3,885,347</u>	<u>1,631,534</u>
	<u>\$ 3,885,347</u>	<u>\$ 1,631,534</u>

The custodian also certified the completeness and accuracy of \$699,635 of net appreciation in fair value of investments for the year ended December 31, 2020.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as;
- Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Note 4. Fair Value Measurements, Continued

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Collective trust funds:

Net asset value (NAV), as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount differing from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust fund, the investment advisor reserves the right to temporarily delay the withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts:

NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount differing from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Note 5. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by Principal Life Insurance Company and Principal Global Investors Trust Company. Principal Life Insurance Company is the custodian as defined by the Plan and agent for Principal Global Investors Trust Company and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator totaling \$16,523 which were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 7. Tax Status

The Company has adopted the Plan based on a prototype plan document sponsored by Principal Life Insurance Company. Principal Life Insurance Company has received an opinion letter from the IRS dated March 31, 2014, that states that the form of the prototype plan is acceptable under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2020 statement of net assets available for benefits.

Note 9. Other Matters

The Company has initiated corrective measures to remedy the Plan for certain errors as follows, under the IRS's Employee Plans Compliance Resolution System ("EPCRS"). EPCRS is a voluntary program in which the Company may correct certain plan qualification failures and preserve the favorable tax treatment of their employees' retirement benefits. Administrative and operational errors totaling approximately \$1,640,000 have been identified by the Company with the assistance of its ERISA counsel, which relate to the years ended December 31, 2014 through December 31, 2019, as well as the period from January 1, 2020 through April 30, 2020. The amounts which were due to the Plan as of December 31, 2020 and 2019 of \$0 and \$1,507,686, respectively, have been recorded in Qualified Non-Elective Contributions ("QNEC") receivables in the accompanying statements of net assets available for benefits. The Company filed the EPCRS application on May 11, 2020 and funded all corrective contributions to the Plan and to the affected participants' accounts on May 14, 2020.

From 2014 to 2020, the Company inadvertently failed to make deposits of \$814,374 of participant deferrals within the timeframe as required by the DOL. The DOL considers late deposits, without regard to materiality, to be prohibited transactions. The general rule for deposits of 401(k) withholdings requires that the Company remit withheld employee 401(k) deferrals to the Plan as of the earliest date on which such amounts can reasonably be segregated from the Company's general assets, but in no event later than 15 business days after the end of the month in which the contributions were withheld. The Company intends to file Form 5330 with payment of the applicable excise tax. The excise tax payments will be made from the Company's assets and not from the assets of the Plan. In addition, participant accounts will be credited with the amount of investment income which would have been earned had participant contributions been remitted on a timely basis.

Note 10. COVID-19

On March 11, 2020 the World Health Organization characterized coronavirus (COVID-19) as a pandemic. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Because of the uncertainty of the markets during this time, plan management is unable to estimate the total impact the pandemic will have.
