As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Ascensus, the recordkeeper of the Plan as agent for Ascensus Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the recordkeeper of the Plan, as agent for the trustee, as of January 21, 2021 (Merger) and December 31, 2020, and for the period from January 1, 2021 through January 21, 2021 (Merger), that the information provided to the plan administrator by the recordkeeper of the Plan, as agent for the trustee is complete and accurate.

## TOZOUR ENERGY SYSTEMS 401(k) PROFIT SHARING PLAN

### NOTES TO FINANCIAL STATEMENTS

#### ( 1 ) Description of plan

The following description of the Tozour Energy Systems 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

**General** - The Plan is a defined contribution plan sponsored by Tozour Energy Systems, Inc. (the "Company" or "Plan Sponsor") for the benefit of the Company's employees, except for certain employees covered by certain collective bargaining agreements. In order to be eligible, participants must have two months of service and be age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan excludes interns and leased employees as eligible participants allow all sales associates to participate upon meeting eligibility criteria.

**Plan Merger** - Effective January 21, 2021 (Merger), the Plan Sponsor amended and restated the Plan in order to adopt the Unity 401(k) Pooled Employer Plan ("Unity Plan"). The Plan assets in the amount of \$21,688,337 were merged into the Unity Plan on this date. The Plan's merger into the Unity Plan did not change any of the Plan's participants' eligibility requirements, loan provisions, contributions, or benefits. Upon the merger into the Unity Plan, the directed trustee is Newport Trust Company and the recordkeeper is Newport Group, Inc. As a result of the merger, the Plan is required to file a final Form 5500.

**COVID-19 pandemic** - On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus (the "COVID-19 outbreak") creating risks to the international community as the virus spread globally. On March 11, 2020, the WHO classified the COVID-19 outbreak, as a pandemic, based on the rapid increase in global exposure. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant instability in financial markets.

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000;
- Increased the available loan amount as described below in Note 1 to the lesser of \$100,000 or 100% of the participant's vested account balance; and
- Extended the period of loan repayments, if applicable, up to one year.

**Contributions** - Participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated fund until changed by the participant.

## TOZOUR ENERGY SYSTEMS 401(k) PROFIT SHARING PLAN

### NOTES TO FINANCIAL STATEMENTS

#### ( 1 ) Description of plan (continued)

The Company may make discretionary matching and/or profit sharing contributions. Participants must be employed on the last day of the year and have completed at least 1,000 hours of service during the year to be eligible for employer contributions. The hours of service and last day of the year requirements are waived for contributing participants for the following conditions: death, termination of employment due to disability, or due to reaching normal retirement age. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

**Participant investment account options** - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and common/collective trust fund investment contracts as options for participants.

**Participant accounts** - Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting** - Participant's contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

| <u>Years of Service</u> | <u>Vested %</u> |
|-------------------------|-----------------|
| 1                       | 0               |
| 2                       | 20              |
| 3                       | 40              |
| 4                       | 60              |
| 5                       | 80              |
| 6                       | 100             |

**Notes receivable from participants** - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest between 5.50% and 7.50%. Principal and interest are paid ratably through payroll deductions.

**Payment of benefits** - On termination of service due to death, disability, or retirement, a participant or his or her beneficiary(ies) may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of his or her vested interest in his or her account as a lump sum distribution.

**Forfeited accounts** - As of December 31, 2020, forfeited nonvested accounts were \$876. Forfeitures will be applied first to pay Plan expenses and then to reduce future employer contributions. The Plan's forfeiture balance in the amount of \$1,876 was transferred to the Unity Plan on January 21, 2021 (Merger).

## TOZOUR ENERGY SYSTEMS 401(k) PROFIT SHARING PLAN

### NOTES TO FINANCIAL STATEMENTS

#### ( 2 ) Summary of significant accounting policies

**Use of estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

**Investment valuation and income recognition** - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

**Excess contributions refundable** - Excess contributions refundable, in the amount of \$23,867 as of December 31, 2020, were paid to participants in March 2021. The payments were required to be made in order to satisfy the relevant nondiscrimination provision of the Plan.

**Payment of benefits** - Benefits to participants are recorded upon distribution

**Administrative expenses** - Expenses of the Plan are paid from Plan assets, except for certain expenses of the Plan that are paid by the Company and, therefore, are not included in the statement of changes in net assets available for benefits.

#### ( 4 ) Fair value measurements

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") Topic 820, "*Fair Value Measurements and Disclosures*," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

- |         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|---------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.                                                                                                                                                                                                                                                                                                                                                                                                                              |
| Level 2 | <p>Inputs to the valuation methodology include: quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.</p> <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of January 21, 2021 (Merger) and December 31, 2020.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common/collective trust funds:* Valued at the NAV of units of bank collective trusts. The NAV, as provided by the recordkeeper of the Plan, as agent for the trustee, is used as a practical expedient to estimating fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust funds, the investment advisor reserves the right to temporarily delay withdrawal from the trusts in order to ensure that securities' liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### NOTES TO FINANCIAL STATEMENTS

#### ( 4 ) Fair value measurements (continued)

The following table set forth by level, within the fair value hierarchy, summarizes the Plan's investments at fair value as of December 31, 2020:

|                                                                  | Investments at Fair Value as of December 31, 2020 |         |         |               |

| Common/collective trust funds<br>measured at net asset value (a) |                                                   |         |         | 9,078,403     |
| Total investments at fair value                                  |                                                   |         |         | \$ 20,422,853 |

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits - liquidation basis. The common/collective trust funds listed above are redeemed on a daily basis and do not have any redemption restrictions. Additionally there are no unfunded commitments. See Note 5 for a description of the common/collective trust funds.

#### ( 5 ) Stable value common/collective trust fund

The Plan invested in a stable value common/collective trust fund, which, in turn, had investments in fully benefit-responsive investment contracts.

Goldman Sachs Stable Value Sel Series I, is a stable value common/collective trust fund, which holds guaranteed investment contracts ("traditional GICs"), separate account guaranteed investment contracts ("separate account GICs"), and synthetic guaranteed investment contracts ("synthetic GICs"). Traditional GICs represent deposits which guarantee a stated interest rate for the term of the contracts. The fair value of traditional GICs is determined based on the present value of the contract's expected cash flows, discounted by current market interest rates for like-duration and like-quality investments. Separate account GICs are portfolios of securities (fixed-income securities or shares of open-end mutual funds) held in a separate account owned and managed by or on behalf of the insurance company issuing the GIC for the exclusive benefit of investors in the separate account. Synthetic GICs are portfolios of securities owned by the fund.

Each of the separate account GICs and synthetic GICs has a wrap contract that provides a minimum guaranteed rate of return for the term of the contracts.

The fair value of a separate account GIC and a synthetic GIC are determined based on the fair value of the securities underlying each GIC. The underlying securities can be comprised of, primarily, over-the-counter market securities, and open-end mutual funds. Over-the-counter securities, such as fixed-income instruments, with remaining maturities greater than 90 days are fair valued using price evaluations provided by a pricing service. In addition, the fair value of the wrap contract is calculated using the contract value of the GIC as of the statement of net assets available for benefits date, giving consideration to any contractually agreed-upon replacement fees charged by the wrap contract provider.

### NOTES TO FINANCIAL STATEMENTS

**( 6 ) Related-party transactions and party-in-interest transactions**

Fees paid by the Plan to The Vanguard Group, Inc. and to NS Capital LLC for administrative services and investment advisory and management fees were \$667 for the period from January 1, 2021 through January 21, 2021 (Merger). These transactions qualify as party-in-interest transactions. Fees paid by the Plan for certain investment management services are included in net appreciation in fair value of investments.

**( 7 ) Tax status**

The Internal Revenue Service ("IRS") has determined that the prototype 401(k) profit-sharing plan is designed in accordance with applicable sections of the IRC and informed by letter dated January 1, 2018, that the Plan and the related trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that "more likely than not" would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**( 8 ) Risks, uncertainties, and concentrations**

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2020, approximately 16% of the Plan's investments was invested in Vanguard 500 Index Adm mutual fund.

**( 9 ) Subsequent events**

The Plan and the Unity 401(k) Pooled Employer Plan have evaluated subsequent events through October 27, 2021, the date the financial statements were available to be issued.
