SOLUTIONS ADVISORS 401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2019

NOTE 1 – DESCRIPTION OF PLAN

The following description of Solutions Advisors 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was formed on January 1, 2019 and covers all employees of Retirement by Design d/b/a Solution Advisors (the "Plan Sponsor"). The Plan also covers affiliated employers who can join the plan by completing a participation agreement. The Plan is based on a calendar year.

Eligibility

All employees of the Plan Sponsor and affiliated employers who participate in the plan are eligible once certain criteria is achieved. That criteria includes: 1) employees who are twenty-one years of age or older; 2) Completion of one (1) year of service. Eligibility is the same for all contribution types. An Eligible Employee who has satisfied the eligibility requirements will become a Participant in the Plan for all contribution types on the first day of the month coinciding with or next following date requirements met. No service with other employers is recognized except as otherwise required by law The Plan provides for the recognition of service with affiliated Companies who have adopted this Plan as well as service with affiliated Companies and predecessor Companies who maintained this Plan.

Contributions

Contributions may come in the form of elective deferrals, Roth elective deferrals, 401(k) safe harbor contributions, employer matching contributions, employer profit sharing or rollover contributions. There were no employer matching or employer profit sharing contributions for 2019.

Each year, participants may contribute up to maximum amount allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor matching contribution of 100% of the amount the employee contributes up to 3% of the employee compensation plus 50% of their salary deferrals between 3% and 5% of compensation for all participants who satisfy the eligibility requirements. Contributions are subject to IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company 401(k) safe harbor contributions, employer matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their elective deferrals, Roth elective deferrals, 401(k) safe harbor contributions, and rollover contributions, plus actual earnings thereon. Vesting for Employer nonelective profit sharing and employer matching contributions is based on a 6 year graded vesting as described below:

Years	Percent Vested
0-1 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Regardless of the vesting schedule, a participant will become fully vested upon death or total and permanent disability.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments. There were no benefits paid in 2019.

Forfeited Accounts

At December 31, 2019, forfeited non-vested accounts totaled $0.

Administrative Errors

During the course of the audit for the 2019 Plan Year, administrative errors were discovered. These errors were the result of bonuses and commissions being excluded from the definition of compensation and lack of timely remittance for certain pay periods.

As a result of these errors, the Plan recorded an employer corrective contribution and related receivable for 2019 in the amount of $1,115. The Plan calculated and accrued lost earnings on these corrective contributions which amounted to $54.

During 2019, Plan management noted that several employee contributions were not remitted timely. Plan management calculated lost earnings on the late remittances and determined that lost earnings on late remittances was $412 and accrued as of December 31, 2019.

The employer has represented that the employer intends to file the Plan with the IRS under the Voluntary Correction Program ("VCP"), as announced in Revenue Procedure 2019-19, to correct all administrative matters. Employee contributions also were not timely forwarded to the recordkeeper, using a 5-business day standard. IRS Form 5330s will be filed to report such late contributions.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (Except for the fixed contract account, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Exchange Traded Funds and Mutual Funds

The value of each separate account is determined at the close of each business day based on market value. The value of the account is expressed in units. Contributions to the account increase the number of units; withdrawals decrease the number of units. The unit value is the dollar value of one unit and is determined at the close of each business day by dividing the value of the entire account by the total number of units in the account. The value of a participant's account on any date is determined by multiplying the number of units held by the unit value at the close of the business day. Redemptions can be made daily.

Loans Receivable from Participants

Loans receivable from participants are not permitted under the plan.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of mutual funds, it is at least reasonably possible that changes in values of mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

Plan management has evaluated its December 31, 2019 financial statements for subsequent events through the date the financial statements were issued. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration. However, the related financial impact and duration cannot be reasonably estimated at this time.

Subsequent events have been evaluated through the date of the report, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (Unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate in accordance with Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	2019
Investments at Fair Value:	
Exchange Traded Funds and Mutual Funds	$ 363,813
Investments at Contract Value:	
Fixed Account Investment Funds	49,864
	$ 413,677

	2019
Investment Income:	
Net Appreciation in Fair Value of Investments	$ 20,234

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Exchange Traded and Mutual Funds: Valued at the daily closing price as reported by the fund. Exchange traded funds held by the Plan are open-ended funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and transact at that price. The exchange traded funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	2019			
	Level 1	Level 2	Level 3	Total
Exchange Traded and Mutual Funds	$ 363,813	-	-	$ 363,813
	$ 363,813	$ -	$ -	$ 363,813

NOTE 5 – GUARANTEED RETURN ACCOUNT

The Plan maintains a traditional fully benefit-responsive guaranteed investment return account with Minnesota Life. Investments in this account are insulated from the daily fluctuations of the investment market, and Minnesota Life guarantees the principal and pays a stated rate of interest. The Plan balance of this investment as of December 31, 2019 was $49,864, which is reported at contract value.

Unlike mutual funds or separate accounts, the Minnesota Life Guaranteed Return Account's value does not fluctuate daily with the investment markets. The interest crediting rate is declared in advance. This rate is based on historical contributions and withdrawals, current market conditions, the Minnesota Life Guaranteed Return Account's investment portfolio turnover, and estimated contributions and withdrawal for the upcoming quarter.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 – TAX STATUS

On April 2, 2012, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code 401. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's tax counsel believe the Plan was designed and was operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Securian Financial. Securian Financial is the custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

During 2019, Securian Financial provided certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Securian Financial. Securian Financial receives revenue from mutual fund service providers for services Securian Financial provides to the funds. This revenue is used to offset certain amounts owed to Securian Financial for its administrative services to the Plan.

If the revenue received by Securian Financial from such mutual fund service providers exceeds the amount owed under the MSA, Securian Financial remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2019 there were no excess amounts. The Plan or Plan Sponsor may make a payment to Securian Financial for administrative expenses not covered by revenue sharing.

NOTE 9 – ERISA BONDING REQUIREMENTS

ERISA, Title I, Section 412, requires that every fiduciary and every person who handles funds or other property of a plan be bonded. The Plan was not in compliance with this requirement as of December 31, 2019. The Plan satisfied these requirements on October 14, 2020.
