MEXICHEM FLUOR, INC. 401(k) PLAN

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of the Mexichem Fluor, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Mexichem Fluor, Inc., Mexichem Specialty Compounds, Inc., Mexichem America, Inc., Mexichem Specialty Resins, Inc., and, as of January 1, 2020, Sylvin Technologies, Inc. (collectively, the Company). On January 1, 2020, the Sylvin Technologies, Inc. Retirement Plan was merged into the Plan resulting in the transfer of \$5,211,253 of assets into the Plan. Employees are eligible to participate upon his or her hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

In March 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). The CARES Act contains several provisions that affect employee benefit plans, including temporary suspensions on limitations or expanded provisions related to distributions and participant loans.

Contributions

All employees are automatically enrolled to defer 6% of eligible compensation to the Plan unless they affirmatively elect not to. A participant's elective deferral percentage automatically increases each April 1st by 1%, up to a maximum deferral of 10%. This deferral can be cancelled or modified at any time. Each year, participants may elect to contribute the lesser of the maximum allowed by the Internal Revenue Code (IRC) or 75% of their eligible compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company makes a qualifying non-elective safe harbor contribution (QNEC) of 3% of eligible compensation to the Plan. The Company makes matching contributions of 100% of the participant's contribution up to 6% of eligible compensation. The Company may make transition credit contributions to participants meeting certain requirements. The transition credit contribution is equal to a percentage of pay based on points determined by age and transition credit service. The transition credit contribution is a discretionary contribution. The Company may make, at its discretion, additional contributions to the Plan at the end of the plan year. The Company did not make any additional contributions for the year ended December 31, 2020.

Participant Accounts

Participants direct the allocation of their voluntary contributions and discretionary and matching contributions from the Company among investment options managed by the Plan's custodian, Principal Trust Company (Principal). Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contribution, (b) the Company's discretionary contribution, (c) plan earnings and losses, and (d) allocated administrative expenses for investment management fees. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is limited to the vested balance in the participant's account.

MEXICHEM FLUOR, INC. 401(k) PLAN

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum of \$50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the new loan is made, or 50% of their account balance reduced by any outstanding balance on the date the new loan is made, whichever is less.

The number of outstanding loans is limited to two and no more than one loan shall be approved in any twelve-month period. The loans are secured by the balance in the participant's account and bear interest at variable rates. Principal and interest are paid through payroll deductions.

Pursuant to the CARES Act, plan participants could request a one-year delay of note repayments that would occur between March 27, 2020 and December 31, 2020. The participant's note was re-amortized and any interest accrued during the period of delay was included. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020.

Vesting

Participants are immediately vested in their contributions, matching contributions, qualified non-elective contributions, and rollover contributions, plus actual earnings and losses thereon. Participants of Mexichem America, Inc. become vested in all other contributions, plus actual earnings and losses thereon, based on the following vesting schedule:

Years of Service	% Vested
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or More	100%

Participants of all other participating employers become vested in all other contributions, plus actual earnings and losses thereon, based on the following vesting schedule:

Years of Service	% Vested
Less than 3	0%
3 or More	100%

MEXICHEM FLUOR, INC. 401(k) PLAN

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of Benefits

Distributions from plan assets are made upon the participant's death, disability, retirement, termination of service, or other circumstances as described in the Plan Document. Distributions may be made in the form of a lump sum payment or an alternate form of payment as permitted in the Plan Document. After attainment of age 59½, withdrawals can be made from any of the participant's accounts under the Plan. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Pursuant to the CARES Act, participants that were currently receiving required minimum distributions were offered the option to waive their 2020 distribution, and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020.

Additionally, the CARES Act permitted plan participants to request up to the lesser of the participant's account balance in the Plan or \$100,000 in coronavirus-related distributions, with repayment terms up to three years. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Forfeitures

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures may be used to pay any administrative expenses incurred by the Plan, or to reduce future employer contributions. At December 31, 2020 and 2019, forfeited non-vested accounts totaled \$2 and \$-0-, respectively. During the year ended December 31, 2020, \$18,305 of forfeitures were used to pay plan expenses and/or to reduce employer contributions.

Administrative Expenses

Administrative expenses of the Plan may be paid by the Company or the Plan as provided in the Plan Document.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based upon the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2020 or 2019. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The Plan adopted ASU 2018-13 during the year ended December 31, 2020. The adoption of ASU 2018-13 did not have a material impact on the financial statements.

Notes to Financial Statements

Note 3. Information Certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Fair Value Measurements

The following is a summary of the Plan's asset information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedules, that was prepared by information provided by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

	2020	2019
Investments		
Common Collective Trusts	\$ 91,007,108	\$ 73,632,562
Pooled Separate Accounts	7,568,100	7,886,312
Mutual Funds	3,710,464	3,403,438
Self-Directed Brokerage	2,265,547	1,146,100
Total Investments	\$ 104,551,219	\$ 86,068,412
Notes Receivable from Participants	\$ 3,426,413	\$ 3,120,851

The custodian also certified to the completeness and accuracy of \$10,440,660 of net appreciation in fair value of investments, \$84,322 of interest and dividends from investments, and \$179,938 of interest income on notes receivable from participants, for the year ended December 31, 2020.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

MEXICHEM FLUOR, INC. 401(k) PLAN

Notes to Financial Statements

Note 3. Information Certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Fair Value Measurements (Continued)

Fair Value Measurements (Continued)

The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Valued at the closing price reported on the active market on which the underlying securities are traded.

Pooled Separate Accounts: Valued at the NAV per unit of the underlying investments as adjusted for the Plan's participation unit in the pooled account.

MEXICHEM FLUOR, INC. 401(k) PLAN

Notes to Financial Statements

Note 3. Information Certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Fair Value Measurements (Continued)

Fair Value Measurements (Continued)

Common Collective Trusts: Valued based on the NAV of units of the common collective trusts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Common Collective Trusts also include a stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV based on contract value of the units of the bank collective trust. The NAV is used as the practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020 and 2019:

December 31, 2020	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,710,464	\$ -	\$ -	\$ 3,710,464
Self-Directed Brokerage	2,265,547	-	-	2,265,547
Total Assets in Fair Value Hierarchy	5,976,011	-	-	5,976,011
Investments Measured at NAV (a)	-	-	-	98,575,208
Total Investments at Fair Value	\$ 5,976,011	\$ -	\$ -	\$ 104,551,219
December 31, 2019	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,403,438	\$ -	\$ -	\$ 3,403,438
Self-Directed Brokerage	1,146,100	-	-	1,146,100
Total Assets in Fair Value Hierarchy	4,549,538	-	-	4,549,538
Investments Measured at NAV (a)	-	-	-	81,518,874
Total Investments at Fair Value	\$ 4,549,538	\$ -	\$ -	\$ 86,068,412

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. Note 4. Related-Party Transactions and Party-in-Interest Transactions

Certain investments of the Plan are managed by Principal Trust Company. Principal Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid administrative fees to parties-in-interest which totaled \$136,025 for the year ended December 31, 2020 and are included in the statement of changes in net assets available for benefits.

Note 5. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 5. Risk and Uncertainties (Continued)

During the year ended December 31, 2020, the World Health Organization declared the coronavirus (COVID-19) outbreak to be a pandemic. COVID-19 continues to spread across the globe and is impacting worldwide economic activity and financial markets. The Plan's investments are subject to potential loss arising from adverse changes in quoted market prices on investments. The extent to which COVID-19 impacts the Plan will depend on future developments, which are highly uncertain and cannot be predicted.

Note 6. Tax Status

On June 11, 2014, the Plan received a favorable determination letter from the Internal Revenue Service regarding the Plan's compliance with the applicable requirements of the IRC. The Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by a plan in its tax returns that might be uncertain. The Plan Administrator believes that it has appropriate support for any tax positions taken and, as such, does not have any uncertain tax positions that are material to the financial statements.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination or partial termination of the Plan, or the complete discontinuance of contributions, the rights of all affected participants to their accrued benefits shall be fully vested and non-forfeitable.
