1. Description of Plan

The following description of the US Healthvest Group 401(k) Plan (the "Plan") provides general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan commenced January 1, 2016 and is a defined contribution plan covering certain eligible employees of US HealthVest, LLC (the "Company" or "Employer") who are at least twenty-one years of age and have completed five months of service. Excluded employees include anyone that is considered an employee of PRN. An employee can enter the Plan on the first day of the month coinciding with or next following the date they satisfy the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On March 27, 2020, the President signed into law the U.S. Coronavirus Aid, Relief and Economic Security Act (the "CARES Act"). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Eligible coronavirus distributions up to $100,000 for Plan participants;
- Extend the period for loan repayments, if applicable, up to one year;
- Increase the limit of loans up to the lessor of $100,000 or 100% of a participant's vested account balance; and
- Suspend required minimum distributions for 2020.

Contributions

Each year, employees may contribute up to 85% of their eligible compensation to the Plan on a pre-tax basis or on an after-tax (Roth) basis, as defined by the Plan. Participant contributions may not exceed the Federal statutory limit as specified by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Employer makes a safe harbor matching contribution which is an amount equal to the sum of 100% of the amount of a participant's elective deferrals that do not exceed 3% of their eligible compensation, plus 50% of the amount of a participant's elective deferrals that exceed 3% of their eligible compensation but do not exceed 5% of their eligible compensation.

In addition, the Employer may make a discretionary profit sharing contribution to the Plan in an amount to be determined by the Employer. The Employer profit sharing contribution will be allocated in the same ratio a participant's compensation bears to the total compensation of all eligible participants. For the 2020 plan year, no Employer profit sharing contributions were made to the Plan.

1. Description of Plan *(continued)*

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) Employer contributions, and (b) Plan earnings (losses) thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments of the Plan are participant directed.

Vesting

A participant is 100% vested in their salary deferral contributions, including Roth deferrals, rollover contributions, and Employer safe harbor contributions including allocated earnings thereon at all times. Participants vest in Employer profit sharing contributions at a rate of 20% per year after the completion of 2 years of service and become 100% vested after 6 years of service.

Forfeitures

Forfeited accounts are amounts forfeited by participants with a non-vested portion in their account that have terminated their employment with the Employer and who have withdrawn from the Plan. Forfeitures may be used to reduce future Employer contributions or Plan expenses. At December 31, 2020 and 2019, forfeited non-vested accounts totaled $4,254 and $8,979. During 2020, no forfeitures were used to reduce Employer contributions and $10,781 of forfeitures were used to reduce Plan expenses.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account. The Plan permits in-service withdrawals to participants meeting certain requirements. Under the terms of the Plan, a participant may make a withdrawal for reasons of economic hardship prior to attaining age 59½. Such hardship withdrawals are available for immediate and heavy financial need and only when other financial resources are exhausted.

Expenses

Certain expenses of administering the Plan are paid by the Employer and are excluded from these financial statements. Fees included in administrative expenses on the statement of changes in net assets available include fees related to loan set-up and maintenance, withdrawals fees, and advisory fees. Investment related expenses are included in net appreciation in fair value of investments.

1. Description of Plan *(continued)*

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum amount equal to the lessor of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rate equal to 1% above prime rate. Loans must be repaid within a period not to exceed 5 years from the date the participant receives the loan, unless the loan is for the purchase of the participant's principal residence, in which case the loan can be repaid over a longer term. Repayment of principal and interest is made by payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2020, all of the Plan’s investments were valued using level 1 inputs.

Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

2. Summary of Significant Accounting Policies *(continued)*

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date the financial statements were available to be issued, which date is November 11, 2021.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Trust Company, FSB, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2020 and 2019, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2020, and the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2020.

4. Tax Status

On March 31, 2014, the IRS issued an opinion letter to the prototype document preparer, Retirement Plan Solutions, indicating that the Plan, as then designed, qualifies under the Code Section 401(a). The prototype preparer has since amended the prototype plan document; however, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examination by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants would become 100% vested in their Employer contributions.

6. Party-in-Interest Transactions

Certain Plan investments are managed by an affiliate of Nationwide Trust Company, FSB, the custodian of the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Prohibited Transactions

During the 2019 and 2020 plan years, the Employer failed to remit to the Plan certain participants' contributions and loan repayments within the period described by the Department of Labor regulations. Delays in remitting these amounts to the Plan were due to an administrative oversight. For the amounts ($53,001) related to the 2019 plan year, management has made the necessary corrections to satisfy both the Department of Labor and IRS guidance for this matter. For the amounts ($62,512) relating to the 2020 plan year, lost earnings will be calculated and contributed to the Plan by the Employer. This amount will be allocated to the affected participants once the correction process is complete.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global economic uncertainty associated with the novel coronavirus (COVID-19) pandemic has resulted in significant volatility in global financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2020 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted due to uncertainty regarding the duration and scope of the pandemic and other changing market conditions.
