NOTES TO FINANCIAL STATEMENTS

**JANUARY 31, 2021
AND
DECEMBER 31, 2020**

NOTE 1 -- DESCRIPTION OF PLAN

The following description of the Blue Chip Consulting Group, LLC 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering employees of Blue Chip Consulting Group, LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Merger: On December 17, 2020, the Board of Directors of Core BTS, a controlling party of the Company, approved a merger of this Plan into Core BTS 401(k) Retirement Plan, effective January 1, 2021. As a result, all investments were transferred from the Plan into the Core BTS 401(k) Retirement Plan on that date.

Eligibility: Employees of the Company are eligible to participate in the Plan upon hiring and attaining the age of 21.

Participant contributions: Participants can elect to have pre-tax payroll compensation deductions contributed to the Plan, subject to IRS limits.

Employer contributions: The Company will match 100% of the first 3% of the employees contributions and 50% of contributions between 3% to 5%. The Company can also make discretionary contributions to the Plan. The Company may make additional voluntary profit-sharing contributions. The Company elected not to make any discretionary contributions for the one month ended January 31, 2021 and December 31, 2020.

Participant accounts: Each participant's account is credited with the participant's contributions, employer contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their account plus actual earnings thereon is based on years of service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 years or more	100%

Payment of benefits: On termination of service, death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or optional defined types of annuities. Hardship and other in-service distributions are allowed, as defined in the Plan document. Vested account balances of \$5,000 or less are subject to additional payment provisions, including mandatory distribution of amounts defined in the Plan.

Benefits are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of January 31, 2021 or December 31, 2020.

Forfeited accounts: Forfeitures of Company contributions are used first to reduce expenses related to Plan administration and then to reduce employer contributions. At January 31, 2021 and December 31, 2020, forfeited non-vested accounts totaled \$0 and \$174, respectively.

Plan expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and an allocation of recordkeeping expenses are charged directly to the participant's account and are included in administrative expenses. Investment related expenses for the mutual funds are included in net appreciation (depreciation) of fair value of investments and expenses for the guaranteed investment contract are netted in interest on guaranteed investment contract.

Subsequent Events: Management has performed an evaluation of subsequent events through November 12, 2021, which represents the date the financial statements were available to be issued.

NOTE 2 -- SUMMARY OF ACCOUNTING POLICIES

Basis of accounting: The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported increase and decrease of net assets available for benefits during the reporting periods. Accordingly, actual results may differ from those estimates.

Investments and securities transactions: The Plan's investments are stated at fair value. All Plan assets were transferred to the Plan in the Core BTS 401(k) Retirement Plan before the close of business on January 12, 2021

NOTE 3 -- INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investment including the guaranteed investment contract and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of January 31, 2021 and December 31, 2020.
- Net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the month ended January 31, 2021 and the year ended December 31, 2020.
- Investments with registered investment companies reflected on the schedule of assets (held at end of year).

NOTE 4 -- TAX STATUS

The Plan utilized a standardized prototype plan of Great-West. A determination letter, dated March 31, 2014, has been received from the Internal Revenue Service indicating that the standardized prototype plan as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

NOTE 5 -- PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 -- TRANSACTIONS WITH PARTIES-IN-INTEREST

For the month ended January 31, 2021 and the year ended December 31, 2020, certain Plan investments are units of pooled separate accounts and guaranteed interest accounts managed by Great-West. Great-West is the custodian as defined by the Plan and, therefore, transactions therewith qualify as party-in-interest transactions.

NOTE 7 -- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 -- FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quotes prices for identical or similar assets or liabilities in active markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at January 31, 2021 and December 31, 2020.

The following table summarizes the Plan's fair value measurement:

NOTE 9 -- GROUP ANNUITY CONTRACT WITH GREAT-WEST TRUST COMPANY

The contract meets the FBRIC criteria and therefore is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, subject to defined restrictions primarily relating to transfers to competing plan investment options.

-10-

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity was provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that would also limit the Plan's ability to transact at contract value with participants.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date, although it has the right to no longer receive deposits upon 60-day notice and may amend the contract. If the Plan terminates its interest in the contract without 12 months advance notice, there is a surrender charge of 5%.

The average yield earned by the Plan for the benefit responsive fund can be derived by dividing the annual interest credited to the plan during the plan year by the average annual fair value rates for the fund over the year. The average for 2020 is 1.20%.

The average yield credited to participants for the benefit responsive fund - this can be derived by dividing the annual interest credited to the participants during the plan year by the average annual fair value. That average for 2020 is 1.20%.
