NOTE A - DESCRIPTION OF THE PLAN

The following description of the S.R. Freeman, Inc. Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan's adoption agreement and amendments for a more complete description of the Plan's provisions.

General: The Plan, a defined contribution plan qualified under Section 401(k) and related provisions of the Internal Revenue Code, was established effective February 1, 1998. The Plan was designed to provide participants with a means to defer a portion of their compensation for retirement funds and to provide benefits in the event of disability, death or financial hardship. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administrator: S.R. Freeman, Inc., (the Company) is the administrator of the Plan, and as such, carries out the duties imposed under ERISA. The Company has delegated the responsibility for the operation and administration of the Plan to Farmer and Betts and custodianship of the Plan assets to John Hancock Life Insurance Company (U.S.A.). Certain expenses of the Plan are paid by the Company. Administrative costs paid by the Plan were $70,524 and $63,009 for the years ended January 31, 2021 and 2020, respectively. In addition, during 2021 and 2020, certain administrative expenses reduced the net appreciation in fair value of investments.

Eligibility: All employees who are 18 years of age or older and have at least one year of service, and 1,000 hours, since the first day of employment are eligible to participate in the Plan. Employees are eligible to be entered into the Plan on February 1st or August 1st, of each plan year, once eligibility requirements have been met. Participants are automatically enrolled in the safe harbor employer contribution deferrals and any discretionary profit sharing contribution when eligibility requirements have been met.

Contributions: Contributions to a qualified plan are tax deferred and therefore are not included in a participant's compensation for federal income tax purposes until distributed to the participant. Under the Plan, participants may elect to contribute annually 100% of their annual compensation on a pretax basis up to a maximum of $19,500 and $19,000 for the calendar years ended December 31, 2020 and 2019, respectively. The maximum amount is $19,500 for the calendar year ending December 31, 2021. The maximum contribution is normally adjusted annually by an inflation index. Eligible participants age 50 or older are permitted to make catch-up contributions. The maximum catch-up contributions were $6,500 and $6,000 for the calendar years ended December 31, 2020 and 2019, respectively. The maximum catch-up amount is $6,500 for the calendar year ending December 31, 2021.The maximum catch-up contribution for each year is determined by the Internal Revenue Service. Participants are also allowed to rollover contributions from other qualified employer sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participants' directives.

The Plan includes employer safe harbor contributions equal to 3% of eligible wages and are paid to all participants automatically once eligibility requirements have been met. Safe harbor employer contributions of $355,227 and $338,811 were made for the years ended January 31, 2021 and 2020, respectively.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (continued): The Plan also allows for the Company to make discretionary profit sharing contributions. There were no discretionary profit-sharing contributions awarded by the Company for the years ended January 31, 2021 and 2020.

Participant Accounts: Each participant's account is credited with employer safe harbor contributions, any discretionary profit sharing contributions, and if applicable, the participants' contribution. In addition, an allocation of Plan earnings and administrative expenses are allocated based on the ratio of the participant's balance to all participants' account balances. Each participant directs how contributions made to the Plan are to be invested among the investment options available under the Plan. Plan participants may change their investment options daily.

Vesting: The value of each participant's account is fully vested and non-forfeitable for salary deferrals, employer safe harbor contributions and rollover contributions as well as the interest earned on those dollars. The value of the employer discretionary profit sharing contributions vests at a rate of 20% per year based on the number of years of service, employees begin vesting after 2 years of service, and employees are 100% vested after 6 years of service.

Forfeitures: Forfeitures are created when participants terminate employment before they become 100% vested. Forfeitures can be applied to reduce employer contributions or pay administrative expenses incurred by the Plan. Forfeited unapplied non-vested accounts totaled $0 and $7,860 on January 31, 2021 and 2020, respectively.

Distributions to Participants: Distributions from the Plan are available upon any of the following situations: termination of employment at the Company, retirement, total disability, death, employee's reaching age 59-1/2, or qualified financial hardships. All distributions from the Plan will be taxed as ordinary income for federal income tax purposes unless the participant elects to directly roll his or her distribution into an Individual Retirement Account (IRA) or the distribution qualifies for special tax treatment. The Plan allows for mandatory distributions into individual retirement plan accounts designated by the Plan administrator for terminated participants with account balances below $5,000 without consent of the participants.

As permitted by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), during the period February 1, 2020, through January 31, 2021, the Plan allowed eligible participants to receive special Coronavirus Distributions, up to a total of $100,000 or 100% of a participant's vested account balance. These Coronavirus Distributions are not subject to early withdrawal penalties, are taxable over a 3-year period, and can be repaid to the Plan by the participant during the 3- year period to exclude the distribution as taxable income on the participant's tax return. As permitted by the CARES Act, the Plan relied solely on a participant's self-certification as to whether they met the qualifications of an eligible participant.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants: A participant may borrow an amount not to exceed the lesser of $50,000 (reduced by the highest outstanding loan balance incurred in the previous one-year period) or one-half the vested interest in the participant's account. The minimum loan amount is $1,000. The term of the loan shall not exceed five years except in the case of a loan for the purpose of purchasing the principal residence of the participant, in which case the term of a loan may not exceed 30 years. A participant may have no more than three loans outstanding at any one time. Repayment of loans is accomplished through payroll deductions of both principal and interest. The interest rate is based upon a rate reasonable at the time of application, considering the purpose of the loan, credit worthiness and terms of the loan, and the rate being charged by representative commercial banks in the local area for a similar loan. The existing loans have an interest rate of 4.25%-6.50%.

Loans are considered in default if any scheduled repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which a loan is initially considered past due. In the event of default, death, disability or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. Foreclosure on the note and attachment of security will not occur until a distributable event occurs for the participant. As of January 31, 2021 there was one outstanding loan considered to be in default in the amount $411, which was recorded as a deemed distribution payable. As of January 31, 2020 there was one outstanding loan considered to be in default in the amount of $3,705 which was recorded as a deemed distribution payable.

The Plan allowed eligible participants to take Coronavirus-related loans for up to the lesser of $100,000 or 100% of their vested account balance in accordance with the CARES Act during the period March 27, 2020 through September 22, 2020. There were four Coronavirus-related loans taken, totaling $118,110 with outstanding balances as of January 31, 2021 of $85,994.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Contributions: Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from amounts paid. Matching contributions are recorded in the year in which the related participant contributions are recognized.

Payment of Benefits: Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of January 31, 2021 or 2020.

Deemed Distributions Payable: Amounts payable to participants for deemed distributions are recorded as a liability with a corresponding reduction to distributions.

Investment Valuation and Income Recognition: Investments are stated at fair value. For more information on valuation methods and inputs, please refer to Note F - Fair Value Measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. The Plan's investments are held in a trust administered by John Hancock Life Insurance Company (U.S.A.) for 2021 and 2020.

Subsequent Events: Accounting Standards Codification (ASC) 855-10 *Subsequent Events* requires additional disclosure for events or transactions that occur after the statement of net assets available for benefits date. As disclosed in Note H, because of the continued spread of COVID-19 pandemic, and the related economic uncertainties are still in existence after January 31, 2021. The Plan has no other significant subsequent events as of November 15, 2021 which is the date the financial statements were available to be issued.

NOTE C - INCOME TAX STATUS

The Company received a determination letter from the Internal Revenue Service on March 31, 2014 that the Plan qualifies under Sections 401(a) and 401(k) of the Internal Revenue Code and is therefore exempt from federal income taxes under Section 501(a) of the Code. The Plan is also exempt from state income taxes. The Plan has been amended since receiving the determination letter, however, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE C - INCOME TAX STATUS (CONTINUED)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the various taxing authorities and government agencies. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of January 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for tax years prior to 2017.

NOTE D - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and common/collective trusts are managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE E - PLAN TERMINATION

While the Company has not expressed any intent to terminate the Plan, it is free to do so at any time subject to the provisions of ERISA. In the event of termination, the employees' accounts will be paid in accordance with the provisions of the Plan as soon as practicable.

NOTE F - FAIR VALUE MEASUREMENTS

ASC 820-10, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

NOTE F - FAIR VALUE MEASUREMENTS (CONTINUED)

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 31, 2021 and 2020.

Pooled Separate Accounts: Pooled Separate Accounts (PSAs) are proprietary to John Hancock Life Insurance Company and most invest in one underlying mutual fund traded on an established market. PSAs are valued daily based on publicly available quoted market prices, and participants bear the investment risks. PSAs begin with a price determined by John Hancock Life Insurance Company (U.S.A.) and the number of units issued is calculated to match current fair market value of the underlying mutual fund holdings. The underlying mutual funds are required to publish their daily net asset value (NAV) and to transact at that price. The PSAs held by the Plan are deemed to be actively traded.

Common Collective Trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily, the investment advisor reserves the right to require 10 days' notification of such transactions. Were the Plan to initiate a full withdrawal of the collective trust, the investment adviser reserves the right to require 30 days' notification to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of January 31, 2021 and 2020:

	2021			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Pooled separate accounts	$ 8,099,008	$ -	$ -	$ 8,099,008
Investments measured at net asset value	-	-	-	21,558
	$ 8,099,008	$ -	$ -	$ 8,120,566

	2020			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Pooled separate accounts	$ 6,602,988	$ -	$ -	$ 6,602,988
Investments measured at net asset value	-	-	-	21,996
	$ 6,602,988	$ -	$ -	$ 6,624,984

In accordance with ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

January 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund	$ 21,558	N/A	Daily	Up to 12 months

January 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund	$ 21,996	N/A	Daily	Up to 12 months

NOTE G - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Certain information related to the accompanying financial statements and supplemental schedule, including, including investments at fair value and notes receivable from participants held at January 31, 2021 and 2020, and net appreciation in investments at fair value, interest, contributions, distributions, and administrative expenses for the year ended January 31, 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.) (the Trustee of the Plan).

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Due to the economic and public policy responses to the spread of COVID-19 coronavirus beginning in March of 2020, economic uncertainties have arisen which have resulted in significant volatility in investment markets, which may negatively impact in the fair value of the Plan investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time and could result in additional risks and uncertainties. There has not been any significant impact on investment balances or Plan performances as a result of the COVID-19 pandemic. However, there may be economic uncertainties which could negatively impact the Company, and that the potential impact is unknown at this time.
