LORD CORPORATION
ERIE HOURLY EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A DESCRIPTION OF THE PLAN

General

The following description of the LORD Corporation Erie Hourly Employees' Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by LORD Corporation (Company) for the benefit of its employees paid hourly at the Erie, Pennsylvania facility of the Company, whose employment is governed by a collective bargaining agreement. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company (Fidelity) is the trustee of the Plan and serves as Plan custodian.

The Company was acquired by Parker-Hannifin Corporation as of October 29, 2019. The Plan was administered by the Company's Investment & Benefits Committee prior to the Parker-Hannifin Corporation acquisition. The Parker Total Rewards Plan Administration Committee administered following the acquisition. The Committees have the overall responsibility for the operation and administration of the Plan.

Effective February 1, 2021, the Plan merged with the Parker Retirement Savings Plan. All assets held by the Plan for active participants were transferred to Parker Retirement Savings Plan on or before February 1, 2021, except for the amount included as a transfer payable on the statements of net assets available for benefits.

Contributions

The Plan had permitted eligible employees, through a salary deferral election, to have the Company make annual contributions of up to 50 percent of their eligible compensation. Employee rollover contributions are also permitted. The Company had made matching contributions of 66.7 percent of employees' salary deferral amounts on the first 6 percent of employees' compensation. Effective January 1, 2021, all employee and employer contributions were frozen. Contributions are subject to certain limitations.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise. The automatic deferral feature also provides for an annual increase in the percentage deferred and is ultimately capped at 10 percent.

LORD CORPORATION
ERIE HOURLY EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contributions, and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on the participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching contributions plus earnings thereon is based on years of continuous service. A participant is fully vested after five years of credited service.

Notes Receivable from Participants

Participants had been able to borrow from their basic contribution, Roth contribution, and rollover accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through bi-weekly payroll deductions. Effective January 1, 2021, the ability of participants to obtain new loans from the Plan was frozen.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in their account or annual installments not to exceed the life or life expectancy of the participant (and a designated beneficiary).

A participant whose vested account balance is \$1,000 or less and has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution equal to their vested account balance. If a participant's vested accrued benefit exceeds \$1,000 but does not exceed \$5,000, this benefit is payable to the participant prior to his/her normal retirement date without his/her consent. If the participant does not elect to have this benefit rolled over to an eligible retirement plan or paid directly to themselves, the Plan administrator will direct an automatic rollover to an individual retirement plan designated by the Plan administrator in accordance with IRC §7701(a)(37). In-service withdrawals are available in certain limited circumstances, as defined by the Plan.

The net benefits paid to participants totaled (\$11,827) for the period of January 1, 2021 to February 1, 2021. Benefits distributed to participants during the period of \$148,643 were offset by a \$160,470 stopped payment of a distribution that had been originally processed on November 10, 2020 and recorded in the 2020 financial statements. The stopped payment was allocated back to an account in the name of the beneficiary and the outstanding balance of the beneficiary's account was transferred to the Parker Retirement Savings Plan on February 1, 2021.

LORD CORPORATION
ERIE HOURLY EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Forfeited Accounts

At February 1, 2021 and December 31, 2020, forfeited nonvested accounts totaled \$0 and \$961, respectively. These accounts will be used to reduce future employer contributions or used to reduce Plan expenses. Also, employer contributions were reduced by \$865 and \$3,059 in 2021 and 2020, respectively, from forfeited nonvested accounts. During the period of January 1, 2021 to February 1, 2021, the remaining forfeited nonvested accounts were transferred to the Parker Retirement Savings Plan as a result of the merger.

The amount of employer contributions reported in the statement of changes in net assets available for benefits for the period of January 1, 2021 to February 1, 2021 was a negative amount. This was due to the use of these forfeited nonvested accounts to reduce employer contributions that had been included as an employer contribution receivable as of December 31, 2020.

Other Unallocated Assets

The Plan participates in a Revenue Credit Program (RCP) with Fidelity, where revenue sharing credits are held in an unallocated account to be used to pay Plan expenses. At February 1, 2021 and December 31, 2020, the RCP account balances were \$0 and \$17,077, respectively. The total revenue sharing credits earned during the period of January 1, 2021 to February 1, 2021 and year ended December 31, 2020 were \$5,173 and \$14,935, respectively. Investment advisory fees and administrative fees paid from this RCP account in 2021 and 2020 were \$0 and \$4,500, respectively. During the period of January 1, 2021 to February 1, 2021, other unallocated assets were transferred to the Parker Retirement Savings Plan as a result of the merger.

NOTE B SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Company's Investment & Benefits Committee, prior to the Parker-Hannifin Corporation acquisition, and the Parker Total Rewards Plan Administration Committee are responsible for determining the Plan's

LORD CORPORATION
ERIE HOURLY EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

valuation policies and analyzing information provided by the valuation specialists, investment advisers, custodian and insurance company that is used to determine the fair value of the Plan's investments. See Note F for further discussion and disclosures related to the fair value of measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of February 1, 2021 and December 31, 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses are paid by the Company or the Plan, at the Company's discretion.

NOTE C CERTIFICATION OF PLAN TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified the following information included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of February 1, 2021 and December 31, 2020.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the period of January 1, 2021 to February 1, 2021 and the year ended December 31, 2020.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

LORD CORPORATION
ERIE HOURLY EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE D RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan investments were previously shares of mutual funds, a money market fund, and a self-directed brokerage account managed by Fidelity Investments. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Company directly pays certain other fees related to the Plan's operations.

The Plan previously held New York Life's Pooled Separate Account No. 25, which invested in a pool of securities managed by New York Life, the issuer. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

The Plan paid \$1,198 and \$7,638 of recordkeeping fees to Fidelity during the period of January 1, 2021 to February 1, 2021 and the year ended December 31, 2020, respectively. Investment advisory expenses paid to CapTrust Financial Advisors aggregated \$0 and \$4,500 during the period of January 1, 2021 to February 1, 2021 and the year ended December 31, 2020, respectively. The Company provides certain administrative services at no cost to the Plan.

NOTE E PLAN AMENDMENTS

Effective January 1, 2020, the Plan was amended to comply with the Setting Every Community Up for Retirement Enhancement (SECURE) Act to allow participants that have not attained age 70½ by January 1, 2020, to not begin receiving required minimum distributions until the attainment of age 72. No changes were made to participants who had already attained age 70½ by January 1, 2020.

Effective January 1, 2020, the Plan was amended for distributions upon death after December 31, 2019, so that a participant's entire interest will be distributed to the designated beneficiary by December 31 of the calendar year containing the tenth anniversary of the participant's death, unless the designated beneficiary qualifies as an eligible designated beneficiary. An eligible designated beneficiary may receive distributions over the life of such designated beneficiary. If there is no designated beneficiary as of September 30 of the year following the year of the participant's death, the participant's entire interest will be distributed by December 31 of the calendar year containing the fifth anniversary of the participant's death.

Effective January 1, 2020, the Plan was amended for several provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, which included the following:

- No participant shall be required to receive a required minimum distribution from the Plan in 2020 or for the 2020 distribution calendar year with a required beginning date of April 1, 2021.

LORD CORPORATION
ERIE HOURLY EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

- For the period of April 9, 2020 through December 30, 2020, the Plan allowed qualified individuals to take a coronavirus-related distribution up to \$100,000 in the aggregate from their vested account balance. The CARES Act also allows participants to repay this amount any time over a three-year period, waives the penalty for early withdrawal if not 59½ years of age, and allows the amount distributed to be included in the participant's taxable income over a three-year period.
- For the period of May 1, 2020 through September 23, 2020, the Plan allowed qualified individuals to borrow up to the lesser of \$100,000 or 100% of the present value of a participant's vested account balance.
- Effective April 20, 2020, the Plan allowed qualified individuals to request participant loan repayments scheduled to occur through December 31, 2020 be suspended for twelve months. Subsequent repayments of the loan shall be appropriately adjusted to reflect the delay and any interest accruing during the delay.

Effective February 1, 2021, the Plan was merged with and into the Parker Retirement Savings Plan. An aggregate amount of \$51,890,357 was transferred from the Plan to the Parker Retirement Savings Plan during the period of January 1, 2021 to February 1, 2021. Additionally, the total net assets available for benefits of \$9,511 at February 1, 2021 are recorded as a transfer payable on the statement of net assets available for benefits and as a transfer to the Parker Retirement Savings Plan on the statement of changes in net assets available for benefits. The Plan Sponsor remitted this transfer payable on May 25, 2021 and November 1, 2021 to the Parker Retirement Savings Plan. In addition, this amendment included the following other provision changes:

- Effective as of the end of the day on December 31, 2020, participation in the Plan was frozen, all participants became fully vested in their account balances, and no further contributions were allowed to be made beginning on or after January 1, 2021.
- Effective January 1, 2021, all LORD employees became eligible to participate in the Parker Retirement Savings Plan.
- Beginning January 1, 2021, no new loans were permitted under the Plan. Any outstanding loan from the Plan shall remain in effect, and the unpaid principal and interest thereon shall be repaid pursuant to the Plan loan procedures and any agreement between the participant and the Plan, until the loan is paid in full or is rolled over to the Parker Retirement Savings Plan.
- The Plan was also amended to bring it into compliance with new laws and regulations in effect at the time of the merger.

NOTE F DISCLOSURES ABOUT FAIR VALUE OF PLAN ASSETS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. The hierarchy comprises three levels of inputs that may be used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets or liabilities

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 – Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value by the Plan.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the NAV of units of a collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities, and then divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Pooled Separate Account: Valued at the NAV equivalent of the Plan's interest in New York Life's Pooled Separate Account No. 25 as of the valuation date. The NAV (or its equivalent), as provided by the custodian, is used as a practical expedient to estimate fair value.

Additional investments purchased through the BrokerageLink® investment option include the following additional types of investments:

Exchange Traded Funds: Valued at the daily closing price as reported by the fund. Exchange traded funds held by the Plan are open-end exchange traded funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The exchange traded funds held by the Plan are deemed to be actively traded.

Common Stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

LORD CORPORATION
ERIE HOURLY EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Options: Valued at the quoted market price of the issuer's unrestricted common stock, less an appropriate discount.

Certificates of Deposit: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2020:

	<u>Fair Value</u>	<u>Fair Value Measurements Using</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
December 31, 2020

Cash Equivalents	17,077	17,077	-	-
Self-Directed Brokerage Accounts	6,161,571	5,995,381	166,190	-

Pooled Separate Account Measured at Net Asset Value (a)	<u>2,629,113</u>			
Investments at Fair Value	<u>\$ 49,823,288</u>			

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the period of January 1, 2021 to February 1, 2021 or the year ended December 31, 2020. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing

models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.
